of the Commercial Bank of HaitiPresident and General Manager of the Commercial Bank of Haiti (Banque

Commerciale d'Haiti - BCH), except Cleard Joseph Charles is known as a confidant of President ~~dictator~~ François Duvalier and as a businessman of questionable repute. One well-informed ~~official~~ official source reports that Charles,

as "slippery character" <sup>is</sup> although active on the Haitian scene; there exists considerable doubt ~~as to the~~ <sup>as to his</sup> importance or political significance despite the fact that he appears to have a "line into the Palace" and is personne <sup>ona</sup> source: President National Bank of Haiti grata with the President. Regarding Charles' business interests, a prominent and knowledgeable Haitian recently (March 1963) reported that the Commercial Bank of Haiti is in bad shape, "holding a worthless portfolio made up of notes guaranteed by political figures," and that Charles himself was dishonest — having for example, recently approved a loan for \$14,000 on his daughter's signature alone. Further, Charles was alleged by this same source to know nothing about banking and to be a favorite of President Duvalier.

This estimate is confirmed by one US official who adds that Charles is more accurately described as a "promotor" than as a businessman and that he

is a partner in the BCH rather than the sole owner. Charles frequently

endeavors to attract US venture capital for various Haitian projects and

claims to be an honorary citizen of Long Beach, Long Island, New York,

having promoted a "sister city" relationship between that town and

Port-au-Prince.

Smaller Commercial Banks in Bad Shape

Antoine André remarked quite flatly that there are really only two banks in Haiti, the BNHH and the Royal Bank. The others are pretty sad affairs. The BANQUE COLCHOC-HAITIENNE, for example, has a portfolio of \$1.4 million which is, as André put it, "all fraud". The president of that bank, he said, is a rich man today. His technique, according to André, is to find someone willing to accept a loan which he knows cannot or will not repay on which he kicks back in some cases more than half. André said he knows personally of one man who was leaving for the United States who signed notes for \$10,000 and accepted \$2,000, the remainder going into the pocket of the bank president. As for reserves, the Colombo-Haitian bank has been below the legal requirements for months and is now paying, in accordance with law, fines of \$150 daily. What will happen when depositors want their money back he, André, would rather not think about.

André said he knew the bank had tried to interest some American investors in the business, perhaps in the hope of getting new capital with which to keep going. He, André, however, understood that the Americans were a rather dubious Miami group; even if they did come in (which he did not at the moment foresee) he didn't think it would improve the situation. The Colombo-Haitian bank, he said, was in such poor shape it would take a major overhaul to save it.

I had led the conversation over to the Colombo-Haitian bank because of certain special interests we have. I now took the occasion to ask about Clemard CHARLES and his COMMERCIAL BANK OF HAITI. André replied that the situation was practically the same. The bank held a worthless portfolio made up of notes guaranteed by political figures. Charles himself was dishonest - recently, for example, he had approved a loan for \$14,000 on his daughter's signature alone - and he also knew nothing about banking but he was something of a favorite with the President who gave him support. The BNHH holds mortgages on the Commercial Bank of Haiti, for example, and, since payments are now substantially in arrears, André said, he might have foreclosed. The President, however, had asked him not to in order to avoid a scandal. (5)

Balance of Payments Situation Temporarily Improved

Turning briefly to the balance of payments question, I asked André how matters now stood (having in mind, but not mentioning, some

**JOSEPH D. CHARLES**

Joseph D. Charles, a Negro, was born 15 November 1907, at Limbe, Haiti. He is married and has five children. He received his law degree at the Law School in Cap Hatien in 1928. A former law professor, Assistant Prosecuting Attorney and Judge of the Civil Court in Cap Hatien (1928 - 1940), Charles served as Ambassador to the United States from 8 October 1946 until 1 June 1960. During this period, he served also as Ambassador on the Council of the Organization of American States (1949 - 1950). He resigned his ambassadorial post after the fall of the government of President Estime who had appointed him. On 29 February 1952, he was designated Secretary of Education and Public Works by President Magloire and resigned from the cabinet on 31 March 1953, allegedly because of his opposition to increasingly close ties between the governments of Haiti and the Dominican Republic.

Charles chaired the Haitian delegation to the second post of the first session of the UN General Assembly (1946), the second session (1947) and the fourth session (1949). He chaired also the delegation to the Ninth International Conference of American States at Bogata (1948) and is reported to have been friendly to the United States.

Charles has in the past been mentioned more than once as a possible successor to the incumbent president. The most recent occasion was in 1953 when he was mentioned as a possible successor to President Paul E. Magloire.

It has been alleged that the three men, Charles, Telson and Prosper, constitute a potentially strong political force in Haiti.

THIS IS UNEVALUATED INFORMATION

SOURCE: US citizen, former journalist, who has followed developments in the Caribbean area closely for many months and maintains contact with persons directly concerned with the area.

His command of French and his habit of making detailed shorthand notes enable him to report with an unusual degree of accuracy.

1. On 2 May 63, we had a four-hour interview with Cleard Joseph Charles, president and general manager of Banque Commerciale d'Haiti, Port-au-Prince, vice president of the Haitian Chamber of Commerce, and cousin of Joseph D. Charles, former Haitian ambassador to the US.
2. Cleard Charles, whose PO Box in Port-au-Prince is No. 5751, told us that he was a man of peasant stock and that while a business leader he has the full confidence of the predominantly peasant population of Haiti, and, that with the additional backing of forcibly retired anti-Duvalier army officers, intellectuals, journalists and businessmen, he is in a position to become the head of a provisional government after Duvalier is removed. He believes the span between now and 15 May when Duvalier's term expires and 22 May, when his new term is scheduled to commence, will be the most crucial period for Haiti. He believes Duvalier is ready to institute a reign of terror, killing those who oppose him, and is willing to accept Soviet help. About two weeks ago the Polish chargé d'affaires left Port-au-Prince for Poland, and Charles believes he carries Duvalier's request for economic and possibly military help.
3. As vice president of the Chamber of Commerce, he learned that in early April 1963 a Czechoslovak delegation arrived in Port-au-Prince, presumably to discuss trade matters, a fact which gave rise to rumors that it consisted of military technicians.
4. Charles firmly believes this will be the last chance for the US Government to help establish a democratic Haiti friendly to the US and save the country from a Castro-type Communist takeover. Although he has been on good terms with Duvalier, he now feels that the President "went crazy and must be stopped before he liquidates the opposition." Shortly after Charles made this statement he was called to the phone. According, he told us that one of his friends had been killed two days before by Duvalier forces. He declined to give the name of the alleged victim, but talked freely about some of his own influential supporters on whom he could rely with a firm pledge of holding free elections!

- g. Col. (fmu) Chami

5. Charles intimated that he had many other prominent supporters who are violently anti-Duvalier and who are ready to back "my government." He has just passed his 40th birthday (he was born 21 Apr 1923 in Gonseves), which makes him eligible for the presidency in so far as the constitutional age requirement is concerned. In case he did not become provisional president after Duvalier's overthrow, he would be satisfied with the post of Secretary of Finance & Economic Affairs. He said the present secretary, Mr. Horace Boyer, has leftist tendencies, and his wife is definitely a Communist.

*HARVEY  
described BOYER as  
second and carrying  
Commie KIDNEY To him*

6. Charles added that as he is of "100% black origin" (he is very black), he would be qualified to become president. He said that only those who are in this category can become president.

7. Charles said he would need the "moral and economic help of the US Government and people" to transform Haiti into a true and prosperous democracy. He said he would need about one year to put into effect his "plan for the economic and social development of Haiti," which, among others has these salient points:

- a. Creation of a balanced economy adapted to Haitian conditions
- b. Development of industry and exploitation of natural resources
- c. Modernization of agriculture

8. Charles would like to present his plan to US officials for consideration. He said about 90% of Haitians are against Duvalier, who maintains his rule by keeping the militia strong. Since Duvalier no longer has funds to pay the militiamen but allows them to "live off the land," Charles believes that in the event of an anti-Duvalier uprising, the army would kill the hated militiamen who are supposed responsible only to Duvalier.

9. Once Duvalier is finished, Charles would suggest that as a goodwill gesture toward the Haitians, who are overwhelmingly pro-US, the US construct the promised airport and thus create jobs. Another way to bolster the economy would be to encourage tourists.

10. Charles hopes the Dominican Republic will not invade Duvalier's Haiti. He believes the Dominicans could easily defeat Haiti's army and militia but an invasion would cause the Haitians to rally around Duvalier in defense of their country.

11. Before leaving Port-au-Prince, Charles worked out a telephone code with his wife, Sophie. On 30 Apr 63, he called her, and she told him "not to rush home," which meant that his life might be in danger if he returned to Haiti now. In view of this, he told the Haitian Consul in New York that he has to stay a few days longer to buy parts for machines used in his Haitian steel enterprise.

12. Charles gave the following data concerning his career: He went to parochial school; in 1939, was graduated from Lycee Goffrard, Gonseves; taught in rural schools after his father's death in 1939, and also supported his family by working as upholsterer, timekeeper, plantation supervisor and

free-lance journalist. In 1947 he was appointed controller general of southern Haiti banana industry and became general agent in 1948. In 1949 he established his own export-import business. In 1953 he went to London as a member of a Haitian government economic mission. In 1954 on behalf of Haiti he negotiated a contract with General Electric, Ltd., of Coventry, UK, for modernization and extension of Haiti's telecommunications system. In 1957 he was appointed member of a Haitian mission to an international conference in Brussels. In 1960 he founded Banque Commerciale d'Haiti, of which he is sole owner. In addition, he is full or part owner of the following Haitian enterprises: Universal Enterprises SA; National Deutsch (sic) Associates; Cleard Joseph Charles Import-Export; a South Haiti cocoa enterprise; J.C. Charles & Co. He is sole representative of General Electric, Ltd., of London, and Siemens Schuckert Werke, West Germany. In the past few years he has made many business trips to the US, UK, France, Italy and West Germany. He said he had invested about US\$500,000 in the Haitian economy and as a patriot under no circumstances will he take money out of Haiti.

MERIT

13. Charles, who is married and has one adopted son, has received many honors, including the Civil Merit Order, Officer of the Labor Order, etc. In 1962 he was given the Key of the City of New York.

14. Charles concluded by saying that in the world today there are two alternatives: The US or the USSR. He says he and his group have chosen the US. As to how to get rid of Duvalier, he said "the tyrant may be killed by the army" before 22 May 63. He did not elaborate; he merely called attention to Trujillo's fate.

## CONTACT REPORT

WUBRINY - M. Clemard Joseph CHARLES

1. WUBRINY/l telephoned on the sterile line from Chicago, on his way to the West Coast, to report his final contact before departing with subject.

2. Subject telephoned WUBRINY/l on 1 May and said that because of the recent unpleasant developments in Haiti he thought it would be quite inappropriate to continue discussions regarding WUSALINE possible investment in the area at least until things were clarified.

3. M. CHARLES indicated that he was returning to Haiti shortly and asked if WUBRINY/l could visit him there. WUBRINY/l said that he would consider this or have one of his representatives go, if it later seemed desirable. He indicated, however, a continuing interest in the investment picture in Haiti if, as, and when.

WUBRINY - Haitian Operation

1. WUBRINY/1 telephoned from his residence on the sterile line at approximately 0930 hours to report the following.
2. WUBRINY/1 said that he believed that the meeting that is to be held by Mr. CHARLES and WUBRINY/1 plus an unnamed third party would involve a Mr. Tardieu.
3. I told WUBRINY/1 there had been considerable interest in this general development on the part of the Department of State and cited (without identification) A-406, Amembassy, Port-au-Prince, dated April 11, 1963, subject: U.S. Businessman Signs Contracts with Haitian Government and Local Bank. I told WUBRINY/1 that the Department information I had before me cited Le Moniteur of March 13, 1963 and said that the Airgram also mentioned a Mr. Bert Cindine TARDIEU. I also gave WUBRINY/1 the points raised under "comment" on page 2 of the Airgram.
4. WUBRINY/1 said that he agreed with all of these comments as he had come to the same conclusions.
5. I told WUBRINY/1 that there was obviously considerable interest in any reporting that he can do on this subject and requested that he let me know when the meeting takes place and continue his detailed reporting as heretofore. He agreed to do so.

MEMORANDUM FOR: DO/COEO  
ATTENTION : Mr. Gale W. Allen  
SUBJECT : Trace Reply - Clemard Joseph CHARLES  
REFERENCE : DO/COEO Memorandum dated 23 April 1963  
requesting traces on CLEMARD, Joseph Charles

1. There are no traces on Clemard Joseph CHARLES (201-357-029), born 21 April 1923 at Gonaives, Haiti, who is President and General Manager of the Commercial Bank of Haiti, in RID or at the WH/Haitian Desk. In March 1963, Biographics Register prepared a summary of information on Mr. CHARLES for inclusion in the Biographic Intelligence Report on Haitian Opposition Personalities. This summary is made up of information obtained from several different sources. One source classifies CHARLES as a slippery character who is active on the Haitian scene and refers to him as a "promoter" rather than a businessman, who endeavors to attract United States "venture" capital for various Haitian projects and then becomes a partner by virtue of the promotion. Biographics Register has a very high opinion of this Source, who is the State Department's Haiti Desk Officer. During a debriefing on CHARLES, in February 1963, this same source stated that CHARLES is a confidant of President Duvalier and that he has emerged as an active businessman by virtue of his privileged position with the President.

2. Another source of information regarding CHARLES' business interests is the President of the National Bank of Haiti who considers CHARLES, himself, as dishonest. For example, according to Source, CHARLES approved a loan of \$14,000.00 on his daughter's signature alone. Also, the Commercial Bank of Haiti held a worthless portfolio made up

~~SECRET~~

SUBJECT: Trace Reply - Clemard Joseph CHARLES

of notes guaranteed by political figures. This Source also stated that CHARLES was "something of a favorite of the President, who gave him support."

3. Attached to this memorandum is a copy of Department of State Airgram No. A-325, dated 16 February 1963, from the United States Embassy, Port-Au-Prince, Haiti, subject: Banking: Balance Sheet of the Banque Commerciale d'Haiti which includes some information on CHARLES' life story. You will note the comment in the last paragraph of Airgram A-325 that reads, ". . . Be all that as it may, the Embassy has no strongly adverse information concerning Mr. Charles' integrity or banking honesty. And as the balance sheet shows, his bank, if not thriving, is at least still a going concern.

4. It may be that a check with OO/C through Mr. Schreyer's office and a request for field station traces will provide additional information concerning CHARLES. A copy of this memorandum is being forwarded to RID with a request for a 201 file on Subject which will be forwarded to you on permanent charge.

**CONFIDENTIAL REPORT**

**WURKIN/1 - Ambassador Boenigkignon - Clement Joseph Charles**

201

1. Ambassador Boenigkignon had previously informed WURKIN/1 that Clement Joseph Charles, President of the Commercial Bank of Haiti, was coming to New York on 24 April and suggested that WURKIN/1 might work with him in financing Boenigkignon's diplomatic residence in Haiti.

2. Mr. Allen informed WURKIN/1 that Charles is a confidant of President Duvalier and could be expected to report on all Americans with whom he had conversations and the substance of those conversations. WURKIN/1 was astonished that in any contact with Charles the security of WURKIN/1's relationship with KUREK should be uppermost in his mind. WURKIN/1 was informed that Charles is reported as a businessman of questionable repute. He is characterized as slippery, dishonest, and more of a promoter than businessman. His bank holds a worthless portfolio of notes guaranteed by political signatures. For example, he approved a loan of \$14,000 for his daughter on her signature alone. He is also reported to be a partner in the bank rather than sole owner, as he alleges.

3. Mr. Allen said that Charles was of great interest and that we would like to know why he was in the U. S. at this time. WURKIN/1 was instructed in any conversations with Charles to concentrate on economic rather than on political matters unless Charles himself first raised political matters. It was suggested to WURKIN/1 that he might inquire about Haiti's economic status, the outlook for the coffee crop on which Haiti's economy may stand or fall, and how the currency is being backed in the absence of a foreign aid program.

4. It was further suggested to WURKIN/1 that should the conversation with Charles get loose that he might inquire as to whether top Haitian officials are putting aside funds outside the country and question the rationale for an expensive inaugural celebration for the President, given the bad state of the Haitian economy. WURKIN/1 said that he could easily add the flight of capital question by discussing the availability of Haitian capital for investment outside Haiti.

5. WURKIN/1 said that in view of the delicacy of this operation that he would wear his other hat, i.e., represent his own firm rather than WURKIN/1 in making this contact. He showed no qualms stating

1. ON 5 MAY 1963 RUDOLPH BABOUN, HAITIAN CONSUL GENERAL IN MIAMI,  
TOLD FELIX FRANCIS THAT IT WAS THE BELIEF OF THE HAITIAN FOREIGN OFFICE THAT  
THE DOMINICAN REPUBLIC WOULD NOT ATTACK HAITI, UNLESS THE UNITED STATES  
INTERVENED MILITARILY. BABOUN SAID THAT THIS BELIEF WAS SUBSTANTIATED BY  
INFORMATION WHICH THE HAITIAN FOREIGN OFFICE OBTAINED FROM ALBERTO ZULETA  
ANGEL, HEAD OF THE COMMISSION OF THE ORGANIZATION OF AMERICAN STATES (OAS)  
WHICH VISITED HAITI.

2. FRANCIS SAID THAT THE ONLY RESISTANCE TO THE REGIME OF PRESIDENT  
FRANCOIS DUVALIER WAS THE WEAK CLANDESTINE GROUP HEADED BY CLEMENT BARBOT.  
HE ALSO SAID THAT IT IS DOUBTFUL THAT BARBOT COULD TOPIPLE DUVALIER; HOWEVER,

1. THE SITUATION CONCERNING CLEWARD JOSEPH CHARLES ACTIVITIES IS JUST AS "FLUID" AS THE SITUATION IN HAITI. CHARLES ADVISED US THAT HIS FRIEND OF MRS. DOROTHY MATLOCK (SEE WHAT I MEAN BY "FLUID"? ) HAD CHANGED HIS TRAVEL PLANS TO WASHINGTON. INSTEAD OF TUESDAY HE (DRYER) NOW EXPECTS TO BE IN WASHINGTON IN THURSDAY OR FRIDAY. CHARLES INDICATED THAT HE WOULD BE WILLING TO GO TO WASHINGTON SOME TIME THIS WEEK. HE ASKED US TO SEE HIM AGAIN THIS AFTERNOON. OUR MEETING (THE THIRD SINCE THIS WEEK. HE ASKED US TO SEE HIM AGAIN THIS AFTERNOON. OUR MEETING (THE THIRD SINCE LAST THURSDAY) IS SCHEDULED AT 1430. BALOG (STILL CAPTAIN BALOG, US ARMY TO CHARLES) WILL GET IN TOUCH WITH STUNTZ RE THEIR TELECON AFTER BALOG-CHARLES MEETING.

2. CHARLES TOLD US THAT HIS "SPIRITUAL FATHER", B. GINDINE TARDIEU, A FRENCH CITIZEN, A CONSULTANT TO CHARLES' BANK IN PORT-AU-PRINCE IS IN NEW YORK NOW. TARDIEU WHO HAS SPENT AT LEAST 26 YEARS IN HAITI, IS NOW STAYING AT THE PARK SHERTON MOTEL, ROOM 2032.

CASE 48556

THIS IS REPORT NY-2128-3 FOR OG-AC(S) CREDIT. IT IS SUPPLEMENTAL.

TO NY-2119-3.

1. AT HIS REQUEST, ON 3 MAY 63 WE HAD AN ADDITIONAL INTERVIEW WITH CLEMARD JOSEPH CHARLES. HE INFORMED US THAT HE HAD RECEIVED A TELEPHONE CALL FROM JOSEPH F. DRYER, TAMPA, FLORIDA. DRYER TOLD CHARLES THAT HE COULD NOT SEE HIM OVER THE WEEK END, BUT WOULD VISIT HIM IN NEW YORK CITY NEXT WEDNESDAY, 8 MAY. PRIOR TO THAT DRYER PLANS TO MEET IN WASHINGTON DC JACQUELINE DELMAR, 3130 P STREET, NW, TEL: FE 3-9866, A FRIEND OF MISS MADLOCK'S TO DISCUSS "THINGS OF MUTAL INTEREST CONCERNING HAITI."

2. CHARLES TALKED TO US ABOUT THE WORSENING SITUATION IN HAITI. HE BELIEVES THAT IT WAS TIME FOR THE US TO LAND THE MARINES IN HAITI TO LIBERATE THE COUNTRY FROM "MADMAN DUVALIER" AND PROTECT THE LIVES OF AMERICANS THERE. HE FEELS THAT THE US SHOULD ACT UNDER THE AEGIS

3 May

PRIORITY

14 00000

OF OAS IN THE INTEREST OF HEMISPHERIC SOLIDARITY. HE MENTIONED THAT THE US DID NOT HESITATE TO SEND MARINES TO LEBANON WHEN ITS INTERESTS WERE THREATENED.

3. CHARLES DECIDED TO STAY IN NEW YORK "FOR THE TIME BEING". TODAY HE SENT A CABLE TO HIS BANK IN PORT-AU-PRINCE INDICATING THAT HIS BUSINESS TRANSACTION (BUYING MACHINE PARTS FOR HIS ENTERPRISES) WILL KEEP HIM IN US FOR AWHILE.

4. DISCUSSING THE REPORTED MASSACRE OF ANTI-DUVALIER ARMY OFFICERS CHARLES URGED FAST ACTION ON PART OF US. HE REITERATED HIS OPINION THAT DUVALIER WOULD BE "ELIMINATED" BY 22 MAY, BUT WARNED AGAINST LETTING ANTI-DUVALIER EXILES NOW IN THE DOMINICAN REPUBLIC, CUBA AND ELSEWHERE RETURN TO HAITI AND "START SHOOTING THERE". HE BELIEVES THAT THE BEST POLICY FOR THE US TO FOLLOW WOULD BE TO COME TO AN AGREEMENT WITH LEADING HAITIAN ARMY OFFICERS. IN ADDITION TO PREVIOUSLY MENTIONED NAMES, HE FEELS THAT GENERAL CONSTANT, COL. CHAM AND COL CAILLARD COULD BE WON OVER FOR COOPERATION. HE CLAIMS TO KNOW THESE OFFICERS WELL AND IN CASE OF LANDING OF US MARINES HE WOULD BE GLAD TO GO ALONG AND SERVE AS AN INTERMEDIARY. HE FEELS THAT HE HAS ENOUGH INFLUENCE TO BRING ABOUT A SITUATION WITHOUT BLOODSHED IN WHICH SETTING UP A PROVISIONAL

GOVERNMENT WOULD BE FEASIBLE. IF NECESSARY HE WOULD BE WILLING TO STAY IN THE BACKGROUND IN THE ROLE OF "EMINENCE GRIS" FOR THE GOOD OF HIS COUNTRY.

PERSONS VYING FOR POWER AFTER THE FALL OF PRESIDENT DUVALIER. THEY ARE JOSEPH CLEMARD CHARLES, PRESIDENT OF THE HAITIAN BANK OF COMMERCE, CLOVIS DESINOR, MINISTER OF FINANCE, AND LUCKNER CAMBRONNE, MINISTER OF PUBLIC WORKS. EACH OF THEM HAVE THEIR SUPPORTERS WITHIN THE GOH OR DUVALIER POWER STRUCTURES AND SOME HAVE SUPPORT FROM SOME OPPOSITIONISTS. ALL THREE REMAIN OUTWARDLY PRO-DUVALIERIST AND THERE ARE NO SIGNS THAT THEY INTEND TO TRY TO OVERTHROW DUVALIER THEMSELVES. THEY ARE PRESENTLY JOCKEYING FOR SUPPORT FOR THEIR BID FOR POWER WHEN DUVALIER LEAVES THE PRESIDENCY.

2. CLOVIS DESINOR IS CONSIDERED TO BE THE MOST POWERFUL. HE HAS THE SUPPORT OF COLONEL JACQUES LAROCHE, ASSISTANT CHIEF OF STAFF, AND IS WIDELY CONSIDERED TO BE A RUTHLESS AND UNSCRUPULOUS SEEKER OF POWER. (SOURCE COMMENT: DESINOR HELD POSTS UNDER PRESIDENTS DUMARS AIS ESTIME AND PAUL MAGLOIRE YET SUPPORTED THE OVERTHROW OF BOTH THESE PRESIDENTS.)

THE HOUSE OF CAMBRONNE'S MISTRESS, NEE LAFOREST, WHO IS THE SISTER OF MRS BEAUVOIR, WAS PILLAGED BY THE MILITIA ALONG WITH THE HOUSE OF BEAUVOIR, AND THIS IS INTERPRETED BY MANY OBSERVERS AS AN INDICATION OF CAMBRONNE'S LACK OF INFLUENCE WITHIN THE GOH HIERARCHY. WITHIN THE PALACE IT IS RUMORED THAT CAMBRONNE WILL NOT BE ALLOWED TO KEEP HIS DEPUTY'S SEAT FROM ARCAHAIE IN THE JANUARY ELECTION AND THAT HE WILL BE REPLACED BY DABELMAR MENTOR. (FIELD COMMENT: IN 1961, DABELMAR MENTOR WAS SECRETARY GENERAL OF THE MINISTRY OF JUSTICE.)

PROBLEMS AND ECONOMIC DEVELOPMENT OF HAITI

By Clement Joseph Charles

The very best way to affirm the existence of true Democracy lies in the creation of a political agency which would consecrate the inalienable rights of men to live, to enjoy freedom and happiness. A true and effective political decentralization would then corroborate the existence of this Democracy.

Fully confident in the power of the truth which cannot ever be hidden, much more in the indisputable justness of the cause we are endeavouring to diffuse; convinced of the practical possibility to put an end to the leonine privileges of a minority whose personal interest stands against all honest and impartial government managements, as the son of peasants, we reaffirm here our faith in the final triumph of a true and indispensable political evolution through a broader representation of the interest of the people, thereby assuring to our miserable co-citizens still fighting for the acknowledgement of their most sacred rights new reasons to believe and to hope. In this view our action shall tend toward the evolution of our masses in order that they may enjoy living conditions compatible with their dignity. And by means of social productivity expressed in terms of the welfare of our rural population, we shall formulate the economic requirements of the country within the framework of a realist and rational program. In line with this goal we are outlining below a program for the economic reconstruction and the social promotion of our rural masses.

An objective consideration of the present condition of our country makes it clear that the solution of the country's social and economic problem lies in the following considerations:

- 1.- Creation of a balanced economy adapted to the conditions of the country;
- 2.- Development of Industry and exploitation, of our natural resources so as to promote an improvement of living conditions;
- 3.- Transformation of rural way of living; and modernization of agriculture so that the peasants who represent the largest portion of the country's population come out of their ancestral misery and participate in the prosperity of the nation. And then, arrive at the integration of the rural population of the country in its economic life by means of literacy and the preparation of skilled workers in order to increase the productivity of the agricultural activities, also that of the traditional handcrafts and of the manufacturing industries which are still at a primitive stage.

The formation of man and the preparation of leaders is a factor of primary importance for the speedy achievement of the contemplated objectives.

These phases of equal importance are linked together. Therefore, they cannot be separated without endangering the whole pattern. Of course errors have been made repeatedly. However, the straightening which is a must calls for a general review of the principles and objectives of our economic and financial policy, which should be considered the first steps to be taken towards a true economic start.

For a long time, the people responsible for our Economic and Financial Policy had built their programs upon illusions. The continuous demographic pressure and the influence of social progress, together with the normal desire of the different classes of the population to benefit a reasonable part of the national revenue, have made indispensable the development of a well balanced economy. This development can be conceived but in terms of industries using to the latest extent the raw materials and the resources of the country. As a matter of fact, the mobilization of these resources is paramount for the achievement of true progress in the way of political liberty and for the improvement of material living. Education, medical care, transportation facilities and the improvement of living conditions are the primary requirements for modernizing the living conditions of the population. To sum up, the increased production of riches through the creation of industries and the systematic exploitation of our subsoil, added to other natural assets, shall furnish the resources necessary to the adequate operation of our system. For fault of considering the situation in this point of view, any and all idea of generalized social welfare and national grandeur will remain purely a dream.

The modernization of agriculture, and the improvement of the rural way of living which will result therefrom should go abreast with Industrialization. The rapid increase of the rural population and the recession of infantile mortality, as well as the extension of life limit obtained through the application of Hygiene rules, make it necessary to use to the largest extent the rejects of agricultural production in Processing Manufactures in order to assure the surplus subsistence to the surplus population and, through the export of the thus processed agricultural rejects and products, supply the Treasury with the proper foreign exchange stock necessary to maintain a well balanced economy.

The improvement of the living standard, as said before, is subject to the adequate development of the production assets, which cannot be attained without the improvement of the people. Brought up to a level which make them aware of their needs and of the role that Society and the development of their region request from them, those people will understand that the essential duty of the problem resides in the following: better cultivated land, adequate equipment, creation of industries, application of experienced agricultural techniques, processing industries, skilled labor.

\*\*\*/\*\*\*

It may be well to recall that at the Conference in Panta del Este was emphasized the importance of the transformation of the people in the development process of under developed countries.

All this leads to consider the protection and preservation of the understructure works of which the urgency cannot be underestimated. Electric power, roads, bridges, urbanism, irrigation and drainage system etc, are the factors that the contemplated development calls for its full realization.

Of course the Haitian State has always cared for the understructure equipment of the country. However, the investments - very important at times- to this end have been made without an all out plan, not with a statistical and rational estimate of the country's needs, but with such wastes in the execution that the general problem of the country's basic equipment is still a matter of consideration.

In Haiti, the National Capital comprises broadly the understructure equipment and the production equipment, as a result of the fact that our social and economic System lacks a natural repartition of the functions as exist in the advanced countries where the State takes care of the understructure equipment while private enterprise engages in production. The obligation for the State to devote its activities to both the understructure and the production problem, the latter private initiative cannot assume due to failure or lack of experience, compels our state to build proper methods and means to accelerate the formation of the National Capital through the adequate and honest exploitation of our financial sources.

To this end, we propose to build a program including the execution of specific projects already studied and for which the financing can be obtained from abroad:

Within the framework of the objectives outlined in this summary, we propose the creation of an agency titled "National Planning Committee". Concurrently with this Committee would be created a Bank for Economic Development.

The National Planning Committee would build a plan of general development of which the execution would spread over a period of 25 years, split into 5 year periods. The plans and programs applicable to each period would be executed under the close supervision of the Committee, and modified in accordance with such economic changes as may happen. The program would be maintained in a permanent basis. In the course of its execution and as a result of the possible modifications, would follow the curve of international progress and thereby remain actual.

First of all would be prepared a priority order which would be based on the nervous centers of the economy to be straightened. This priority order would embrace a well coordinated and concrete actions, based upon observation and experience.

The lack, or rather the absence of financial means against the important disbursements called for by the general program obliges to rely upon investments from abroad. It would be the duty of the Bank for Economic Development to channel

the foreign under the form of grants - counterpart funds - or of private investments jointly with the mobilization of our national resources.

As for the assistance to be given to private initiative towards the development of new agricultural, industrial and commercial enterprises, it will be necessary to reorganize our banking system by the creation of a Central Bank : Stock Exchange, Mortgage Bank, Agricultural & Rural Credit Bank and other financial institutions such as: Savings & Credit Bank, Bank for Financing low cost Housing for the people with low revenue, etc.

Besides, negotiations shall be made with the International Financing Company which has been created lately in order to finance national private enterprises. We will work jointly and closely with the International Monetary Funds, the BIRD, and the BID in view of obtaining the financing of a certain amount of revenue - producing projects. At the same time, we shall endeavour to strengthen the position of our national currency.

In addition, the Budgetary Reform will be accomplished. A National Budgetary policy which observes the difference between administrative expenses and capital expenditures shall permit a proper adaptation of the budget to the requirements of the economy so as to make of it a true instrument of a general policy.

Also The Fiscal policy shall take into account the requirements of the economy. A revision of the Customs Tariff shall be pursued and made. Measures shall also be taken to guaranty honesty and integrity in handling the State's Funds. Just consider that for the fiscal years 1949-1950 to 1956-57, the total disbursements of the state has reached the sum of G: 1,350,596,631.-, or around \$270.000.000.-, and that the largest portion of this sum has gone into triple expenses or served for spectacular works most of which with absolutely no economic justification. In this sum are not included neither the various financial disbursements made outside of the budget through loans obtained during the same period and which brought the public debt up to G: 249,184.000.- or \$49.836.800.- as at September 30, 1957, nor the expenses supported by the non-fiscal accounts and the various autonomous enterprises of the State. All this is the evidence that the formation of the National Capital can be worked out through sound administration.

- As regard Public Finance, emphasis shall be made on the following points:
- 1.- Harmonization of the fiscal policy with the economic policy;
  - 2.- Harmonization of the budgetary policy with the economic policy;
  - 3.- Improvement of our banking system in to mainly smooth credit conditions;

.../...

- 4.- Creation of new private banks for the development of handicraft and industry;
- 5.- Reorganization of the Supreme Court of Accounts upon such basis as shall guarantee its most complete autonomy;
- 6.- Reorganization of the Department of Finance. Integration of the Finance Inspection Service and the Audit Accounting Within the General Accounting;
- 7.- Complete reform of our fiscal legislation by means of measures able to modify the structure of fiscality so to attain a better orientation of the economic and financial policy of the country;
- 8.- Remodelling our Code of Commerce in order to give more guarantees to local and foreign creditors, and to adapt the law to the requirements of internal exchange.

If the straightening of our public finance is of primary importance, production and equipment are likewise necessary. Therefore, in the execution of the 25 year development plan submitted and within the priority order to be invited out by the National Planning Committee, serious consideration shall be given to the following revenue producing and understructure projects:

a) Colonization and transformation of the rural centers through the integration of the agricultural section in the economic, political and social life of the country in order to obtain better economic and social results, and to attain the following primary objectives:

I : Increase production.

II : Build villages in order to avoid the dispersion of the rural groups and thus, to better use the working force of the community;

III: Raise the rural living standard, and,

IV : Assure to the rural laborer a permanent living upon the economic lot through an adequate agrarian reform; fight the peasant's inclination to migrate to the towns and thereby, protect agriculture.

All of this implies that problems shall have to be solved in as various fields as Education, Public Health, Housing, Transportation, Agricultural Credit, Agricultural Extension, Agricultural Equipment, Irrigation, Drainage, Reforestation and the control of Irrigation, Access roads, Professional and Handicraft Schools, Rural Police, Electric Power, Hygiene, Sanitation, Creation of Cooperatives, Transformation of our 350 Rural Sections into villages where the priest, the doctor, the sanitation Inspector, the Agricultural Agent, the Teacher, the Judge, the Tax Collector, the Minister, the Mayor, the natural leaders of these villages shall join together toward a mutual action including mainly the improvement of the dairy, the organization of sound cooperatives, a modification in the usual behaviour of the peasants with regards to the problems of their families and the community to which they belong, and finally, the promotion of the spiritual and cultural salvation.

audio-visual contests, movies with well balanced programs.

However, the transfer of part of the agricultural labor to Industry, to be appreciable, shall necessitate the creation, besides the agricultural industries, of other enterprises to process either the resources of our sub-soil, or imported raw-materials.

In this field, we shall concentrate our efforts on the following:

- 1.- Project for the processing of coconut and vegetable oils.
- 2.- Factory for dehydrate coconut for export.
- 3.- Vegetable oil Extracting; Plant for local consumption.
- 4.- Toilet soap Factory
- 5.- Extension of Palm Oil Plants and Production of Oleaginous.
- 6.- Cocoa Production along with a Processing Plant.
- 7.- Extension of Cotton Production for a modern spinning-Mill.
- 8.- Spinning-Mill.
- 9.- Plant for the preparation of Hydrophil and Absorbent Cotton ) (loc.cons).
- 10.- Creation of a Mechanical Industry with branches over the whole territory for the manufacture of agricultural tools and spare parts for all kinds machines.
- 11.- Plant for the manufacture of low cost electric range and of all electric accessories.
- 12.- Plant for the Production of Organic Fertilizer.
- 13.- Assembling Industries to work for Export.
- 14.- Sisal, Fruits sugar Cane Straw Processing Plants.
- 15.- Bottle manufacture.
- 16.- Safety match factory.
- 17.- Paper Mill.
- 18.- Cattle raising Industry to intensify the development of our live-stock.
- 19.- Fishing Industry.
- 20.- Tourism.

In preparing our plan, we will not underestimate the fact the transportation, and communication determine at all their stages the rhythm and the trend of the economic development. Therefore shall have to be given due consideration the improvement and extension of our road and rail network in order to enlarge the rural market. Only through good roads and sufficient and low-cost transportation means shall the agricultural products reach the consumers at moderate prices. This will contribute towards raising the living standard of the entire population. Also

shall be necessarily proper communication means to ease the mobility of labor and attenuate the price fluctuations. These facilities make it possible to decide on the geographic implantation of new industries and on the extent to be given to the development of various zones in line with the all our program.

These shall be considered:

- a) The asphalting or cementing of all main roads; thestonning of all secondary roads, and the construction of new roads.
- b) The construction of telephones to join certain commodity-producing centers to urban centers.
- c) Organization of an adequate railway system.
- d) Nationalization of general transportation (transport en commun).

As for marine transportation, our country has not yet exploited its insular position and its geographic situation. Rather than developing normally, our coasting-vessel is jeopardy for lack of well equiped dry docks, also due to the insufficient technical preparation of our sailors. Yet, the marine way remains the cheapest in internal trade.

We shall consider the creation of a Navigation School, the acquisition of a merchant Marine for external trade, and we shall give such facilities as can facilitate the modernization of the coasting-vessels, the opening of new ports for external trade; the construction of a modern and free port in Port-au-Prince to serve as warehousing for goods consigned to certain south-American countries, also the repair and modernization of our existing ports.

In the field of air-transportation, these shall be created a national airline to link Port-au-Prince with foreign cities. Shall also be created airports in the large towns of the Republic.

It is obvious that the success of this program which calls for disbursements amounting to around one billion five hundred millions dollars (\$1.500.000.000.-) over 25 years, shall depend largely upon the competence of all engaged in the Public Administration.

We shall also concentrate our efforts on the following points:

- a) Complete autonomy to the Communes. The Council of Notables shall be re-established on new basis in both the Commune and the Village (rural Notable). Periodic Congress between the Mayors of a same Department and the different officers of this Department shall make possible the preparation of local programs of which the execution shall promote the general plan.

- b) Organization of the Administrative career which shall be free from political influence. A law shall fix the statute of public officers;
- c) Remodelling of our different codes to adapt them to the present economic and social conjuncture, and the adoption of such measures as can speed up legal decision;
- d) Complete emancipation of women who shall be able to fill the same administrative and technical positions as men, inasmuch as they are qualified;
- e) Technical assistance shall be requested from the following International Institutions: FIC, CNU, BIRD, FMI, and BID towards a complete remodelling of public administration, mainly for the adequate execution of the general plan.
- f) Remodelling of National Education, for Education is basic for the success of all actions undertaken by the community. The remodelling of our universities and the new orientation to be given to our Primary, Secondary, Superior and Professional Schools shall be in line with the formation of our technicians and our Philosophic of Education;

These are, briefly, the various phases of the programs intended to change the social and economic structure of the country.

Ever since the conquest of his independence, the Haitian, to-date, has been suffering: morally as the result of an excessive discrimination; physically because of a criminal misunderstanding and a generalized corruption, so much so that the impression remains this corruption, has been made a political system.

A new concept is imperative to assure the normal distribution of the National riches. A new concept of which the concretion shall be accomplished by the sound portion of the country jointly with the specialized agencies of the United States Government.

CLEMARD JOSEPH CHARLES, a pioneer  
by  
EMMANUEL G. PAUL

OOE - 3,260,843

If the competitive communities are so dynamic and impose by the rate of their cycle of evolution, it is because, to the end, their social struggles result into economic terms through the production of valuable men superior to their consumption.

Because we failed to draw up our balance-sheet at each epoch of our life, we do not seem to understand that we are arriving at inverse reports. Our backwardness is the result of this negative unbalance between the production and the consumption of our valuable men.

We should be conscious of the urgency if not to change our method of struggling, at least to come up with superior principles susceptible of making our struggles less divisive and much more profitable to the community. On this point, the example offered by more advanced countries of which we are copying the bad sides can be of service to us. To decrease the rate of consumption of our valuable men in order to increase their production in the course of time is to learn to appreciate, them to utilize and to respect them. We shall, thereby, create the condition that will preserve and fecundate them.

We know, indeed, that it is extremely hard to come to this reasoning, it is much more difficult to adopt it as the motto of our collective behavior. We are only a few to grasp this truth because this phase of our social competitions results into a mass of historic factors. The first effect of our internal divisions generated by colonialism and fed up, afterwards by the old regime of oppression was the creation, at the various levels of our societies of a complex of self destruction, that turned into a social cannibalism. In the production of this event where everyone, without undergoing in any way the influence of a mystic or of a superior principle, is moved while believing he is moving towards his rightful interest, one has the impression that the community is unable to find its way without the help of a trustee, homes the implicit or public acknowledgement of the superiority of the former boss.

These truths that are found in filigree throughout the pages of modern and contemporary history of colonialism should rouse the Haitians' thought in order that they may endeavour to increase their national potentialities and ever appreciate and respect their social values.

ccc/ee

Of course in the political, military and intellectual domain we have had real stars. However, our economic and social history is rather poor on a certain point of view. This means that very few are those who, in spite of numerous obstacles, have succeeded by notably increasing the national economy and improving the living condition of our people. Our understanding of the "Benevolent State" requires that this objective be its main job.

There have been numerous attempts, indeed. Comes to our memory Pantaleon Guilbaud, the tobacco king during the time of our youth, but at last? just fugitive attempts! If this is the case and we really love this country we wish to be fully ours, our duty is to tie up the old man binding us, and meaning hatred, meanness, above all, envy. Then we will limit the consumption of our valuable men.

Not so long ago, we have written an article about Dr. Day when his laboratory was consumed by fire. We did it then because in our opinion, for two generations, this name stood as the symbol of continuity for the community. In the same spirit, we would like to evoke a new name, another social value who deserves admiration. This name is Clément Joseph CHARLES.

This emerion dates back from yesterday, and yet, he is already a pioneer. Dark, average in size. Quick yes under a broad forehead which is already graved by a premature baldness. This is his physical stature in brief. Still young, only 39 years of age. Clément Joseph CHARLES was born in Gonâves in April 1923 and is proud of his peasant origin. It was in this town that he received his primary and secondary education, at the "Frères de l'Instruction Chrétienne" and the "Lycée Goffrard" Schools. It was also in this Artibonite that he began the struggle for life, first as a rural teacher. His father's death in 1939 marked a stage in his life. He had to take over the heavy responsibility of meeting his family needs. Charles then proved to be a disciplined man and became successively craftsman, plantation supervisor, without giving up intellectual studies; he ventured in journalism as an amateur. As a progressivemind, he strongly believes in the value of effort. From one activity, he goes to another and is never discouraged by obstacles. He is a man who searches his way and is determined to find it. In 1947, he was General Controller of the Banana Industry in the south and the year after, he was appointed General Agent for a Corporation. His numerous contacts gave him at this time sufficient business experience for him to undertake his own business. In 1949, he settled as Manufacturer's Agent and dealt in import-export. By dint of discipline, of dynamism and tenacity, the little rural

ccc/ee

teacher of the year 1939 is already well known as an experienced businessman, and his relations overseas are such that in 1953, he was appointed as a member of an Economic Mission sent to London by the Government. He did so well that one year later, he was entrusted by the Government with the mission of negotiating a contract with the General Electric of Coventry for the improvement and extension of our tele-communication system. In 1957, as a member of another mission, he took part in the International Conference in Brussels. In the meantime, Clemard Joseph CHARLES devoted himself to various commercial and industrial activities. His life is shared between his office in the Capital City and numerous trips in the country where he kept inquiring on possibilities of investment. Whenever you happen to meet him, he speaks of new projects for the development of the country. His waiting-room is always full of people either awaiting instructions for the countries, or agents, also of other people asking for credit. Among his enterprises we note the Universal Enterprise Co. (USACO) the National Deutsch Associates, The Cotton Industry in the South and Charles-Mews & Co., without mentioning the branches of his store, All These activities do not hinder him from representing the General Electric Co., Ltd. of London and the Siemens Schukert Werke Co.

But the masterpiece of his life as a businessman was the creation in 1960 of the Commercial Bank of Haiti, a project he had long been dreaming of. His initiative ranks him as a great Pioneer. The Commercial Bank of Haiti is the first private Haitian Bank. When one realises that the National Bank was redeemed only in 1949 to become property of the Haitian State, then one will realize the amount of daring thought, tenacity and broadness of view it took Clemard Joseph CHARLES in such a place to materialize this creation that will have a part in the Economic History of our country. Clemard Joseph CHARLES is the image of a new type of businessman we did not know before. He broke up with the low customs of tradesmen, these brokers who find themselves selfishly satisfied with profit margins which the accumulate in banks abroad and who begin again the routine each year. The reason for the backwardness of our masses is that they do not have the support of an enterprising bourgeoisie creating welfare opportunities. Charles believes that it should not be left to the State alone the duty of promoting the economic development of the country. He is well aware of his mission and he knows that he must give a hand to the less fortunate ones to help their evolution. Therefore, this Commercial Bank that has met with so much success in so short a time is the center of multiple activities profitable to many people with low pay. If we do not loose faith in this country and that we believe in its potentialities, then we believe that a Pioneer as Clemard Joseph CHARLES ought to be better known in order to be better understood and encouraged.

ccc/ee

This is the reason for our writing this article. At the same time we would like to present to the youth a model of honesty, discipline and tenacity in a community that so much lacks these qualities.

## Figure de Pionnier : Clémard Joseph Charles

Par Emmanuel C. PAUL

Si les sociétés compétitives sont tellement dynamiques et si elles posent par la rapidité de leur croissance d'évolution, c'est parce qu'elles font les luttes sociales qui s'y livrent se soldent en termes économiques par une production de valeurs supérieures à la consommation.

Nous autres, pour ne nous être pas souciés de faire, à chaque époque notre bilan, nous n'avons pas l'air de nous rendre compte que nous aboutissons à des rapports inverses. Notre retard est dû à ce déséquilibre néfatif entre la production et la consommation de nos Valeurs. Nous en sommes tous responsables.

Il nous faut être conscient de la nécessité sinon de changer la forme de nos luttes, du moins d'y introduire des principes supérieurs susceptibles de les rendre moins nocives et plus profitables à la collectivité. Sur ce point, l'exemple d'autres pays plus avancés dont nous imitons les mauvaises coutumes peut nous servir. Ralentir le rythme de la consommation de nos Valeurs pour en augmenter la production dans le temps, c'est en effet apprendre comme ailleurs à les apprécier, à les utiliser, à les respecter. Du coup, nous aurons créé des conditions à leur conservation à leur fondation.

Nous savons certes, qu'il est extrêmement difficile d'arriver à ces raisonnements, voire d'en faire le mobile de comportements collectifs. On est une minorité à saisir cette vérité parce qu'un tel aspect de nos compétitions suscite les réactions d'un ensemble de facteurs historiques. Les divisions internes de tous ordres créées par le colonialisme et approfondies par la suite sous l'influence des décolonisations de l'union régionale d'expression ont pour premier ef-

de répondre aux besoins de la famille. Charles fait alors preuve de discipline et devient tour à tour artisan, superviseur de planification, sans négliger le commerce des choses intellectuelles en faisant du journalisme amateur.

Esprit progressiste, il croit ardemment en la valeur de l'effort.

Il passe d'une activité à une autre et ne se laisse jamais décourager par les obstacles. C'est un homme qui cherche sa voie et est déterminé à la trouver. En 1947, nous le voyons comme Contrôleur Général de l'Industrie bananière dans le Sud et l'année suivante comme Agent Général d'une Compagnie. Ses divers contacts lui donnent déjà assez d'expériences en affaires pour lui permettre d'entreprendre son propre business. Il s'établit en

1949 comme Représentant de Manufactures et fait le commerce d'importation et d'exportation. Le petit instituteur rural dès environs de 1930 à force de discipline, de dynamisme, de ténacité, est déjà assez connu par ses expériences en affaires et ses relations à l'Etranger pour qu'en 1953, il soit choisi comme Membre d'une Mission Economique du gouvernement à Londres. Il y est si bien tiré que c'est lui qui, une année plus tard, négocie pour le gouvernement un contrat avec la General Electric de Conventry pour la modernisation et l'extension de notre système de Télécommunication. En 1957, il se voit envoyé dans une autre Mission à la Conférence Internationale de Bruxelles. Entre-temps, Clémard-Joseph Charles s'adonne à de multiples activités commerciales et industrielles. Sa

## Brillante réception à l'Ambassade Américaine

La réception qu'ont offerte hier soir en leur résidence à Bourbon, l'Ambassadeur des Etats-Unis et Mme Thurston a connu un très grand succès. Elle avait été organisée en l'honneur du nouveau conseiller de l'Ambassade américaine et de Mme Edward Gilon Curtis Jr.

De nombreuses personnalités y ont répondu à l'aimable invitation de l'Ambassadeur et de Mme Thurston. Ce furent deux heures magnifiques. Les amphithéâtres, dont l'amabilité est connue, comblèrent leurs invités d'attention.

On eut l'occasion de prendre contact, de causer avec le nouveau Conseiller de l'Ambassade américaine dont nous prenons plaisir à publier le curriculum vitae:

### Le Vatican et le cas Sherry Finkbine

CITE DU VATICAN — AFP Il était un homme vivant et innocent, on l'a tué ou a commis un crime, a déclaré la presse du Vatican en commentant le cas d'avortement de la nord-américaine Sherry Finkbine.

Après avoir critiqué le cas de la mère qui se fait opérer pour ne pas donner naissance à un enfant déformé, la radio du Vatican déclara que malgré les malades doivent vivre. La séquelle est un fait intérieur. Un œuvre de l'esprit que personne, même une mère ne peut imposer de l'extérieur. Ce n'est pas un privilège de riche, ni de jeune, ni de forte de personnes unies. Ceux qui ont essayé de justifier le cas de Finkbine ignorent ce que c'est que l'humour, le sens de la folie, le fondement de la vraie grandeur humaine, ajouta la Presse du Vatican.

### Les puissances

truction se traduisait par un véritable cannibalisme social. Dans la production de ce phénomène, où chacun sans subir nécessairement l'influence d'une mystique ou d'un principe supérieur, est ici tout en croyant agir dans le sens de ses intérêts les plus légitimes, on a l'impression que la communauté ne peut se frayer sa voie sans un tuteur, d'où la reconnaissance implicite, ou avouée, de la supériorité de l'ancien patron.

Ces vérités qu'on trouve en filigrane à travers les pages de l'histoire moderne et contemporaine du colonialisme devraient susciter des réflexions chez les haïtiens pour qu'ils s'efforcent d'améliorer les potentialités nationales et se dépasser dans l'appréciation et le respect de leurs Valeurs sociales.

Si dans le domaine politique, militaire, intellectuel, nous avons compté des étoiles, notre histoire économique - sociale est bien pauvre en un certain sens.

On veut dire que l'on trouve très peu de gens qui, en dépit des obstacles, sont arrivés à faire époque, en augmentant de façon notable la richesse nationale, en améliorant les conditions de vie de notre peuple. Notre représentation de l'Etat - Bienfaïsance voulut que cet objectif soit son job principal.

Nous avons certes, bien noté des tentatives — et nous songeons à un Pantaleon Guibaud, le roi du tabac du temps de notre enfance — mais seulement des tentatives sans lendemain, hélas! Nous pensons que s'il en est ainsi que si nous n'isons sincèrement ce pays que nous voudrions être globalement notre, il nous faut ligoter en nous le vieil homme — ce condensé de haine, de petit à sse, de haine, et surtout d'envie — et limiter la consommation de nos Valeurs de cet ordre.

Il n'y a pas longtemps, nous avons consacré une page au Docteur DAY, à l'occasion de l'incident d'un Laboratoire, parce qu'à notre sens, à travers deux générations, nous avons trouvé en ce nom un symbole de continuité dans le travail, une Valeur sociale positive, enrichissante pour la communauté. Dans le même esprit nous voudrions évoquer ici un nouveau nom, une autre Valeur sociale qui mérite l'admiratiion. Nous citons Clément Joseph CHARLES.

Son émersion est d'hier et pourtant c'est déjà une figure de Plonnière, Nef, taille et corpulence moyennes. Des yeux vifs sous un front large quo ronge déjà une calvitie précoce. Voilà, en deux traits, l'homme au physique. Encore jeune : 39 ans seulement. Clément Joseph Charles qui est né aux Gonâves en avril 1923 est fier de ses origines payennes. C'est dans cette région qu'il a fait ses études primaires et secondaires à l'Ecole des Frères de l'Instruction Chrétienne et au Lycee Goffard. C'est aussi dans cette Artibonite qu'il a commencé la bataille de la vie d'abord comme instituteur rural. La mort de son père survenue en 1939 marqua une étape dans sa vie; il fut alors prendre la lourde succession

## Anciens Régiments. Coup d'J'ann. Casser D'janne. Sérénade.

### Pétion Gé-Pé-Té

Par Constantin DUMERVE

Dédicace à mon aimable confrère Lucien Montas, rédacteur en Chef du Quotidien Le Nouvelliste

Haiti devant la Nation — 1er Janvier 1804 — le premier soin des dirigeants fut de promouvoir l'excellence du nouveau Etat. Les Arts ne furent pas négligés. L'Armée trouva dans la Musique un stimulant pour appuyer ses manifestations pacifiques ou guerrières.

Les régiments étaient répartis ainsi :

1er Port-au-Prince, 2ème Cap-Haïtien, 3ème Port-au-Prince, 4ème Petite Rivière de l'Artibonite, 5ème Dondon, 6ème St Michel de l'Artibonite, 7e et 8ème St Marc, 9ème Port de l'ail, 10ème Mirebalais, 11 et 12ème Port-au-Prince, 13ème Cayes, 14ème Gonâves, 15ème Aquin, 16ème Anse à Vea, 17ème Les Cayes, 18ème Jérémie, 19ème Anse d'Hainault, 20ème Verrettes, 21ème Léogâne, 22ème et 23ème Jacmel, 24ème Petit Goâve, 25ème Gonâves, 26ème Borgne, 27ème Grande Rivière du Nord, 28ème Trou du Nord, 29ème Fort Liberté, 30ème Cap-Haïtien, 31ème Luceahobas, 32ème Môle St Nicolas, 33ème Aux Côteaux, 34ème Limbe, 35ème Vallières, 36ème Hinche, 37ème Plaisance 38ème Saltour.

Ces régiments, annuellement, tenuaient garnison six mois à la Capitale. Ce séjour permettait aux soldats de compléter leur formation militaire et les musiciens attachés aux régiments de s'intégrer à la théorie et à la pratique sous la direction d'instructeurs spéciaux.

Les batteries Sonores groupaient les bruyantes tambours, les clairons au timbre éclatant, les fibres aux effets ingénieux. Leur jeu d'ensemble déterminait un programme compliqué selon occasion et leur rythme varié d'une technique parfois endiablée se multipliait sans perdre haloïne.

Vers quelle époque ont paru ces manifestations musicales dénommées Coup d'J'ann. (non confondues avec le Coup d'Janv., (diane), (espagnole : diana), les Béréudas?

Aux premiers jours de l'Indépendance.

Le 30 Octobre 1804 lors de la cérémonie du Sacre de l'Empereur Désiré, les Coup d'J'ann s'emparant du pays, le peuple ne put contenir son allégresse.

En 1808, un coup d'ail de 400 tambours — batteries annexes et fusionnant avec les musiques militaires, le premier anniversaire de l'Indépendance connaît un événement dont le souvenir ne s'effaceira jamais.

CASSIER D'JANNE (Diane), a été institué pour stimuler le retour des soldats au point du jour des quatre heures du matin, les batteries Sonores partant des postes militaires (Port National, Bureaux arrondissement, la Plaine, Port etc) fondant l'air. Le seul motif conducteur inévitable, trans-

formé en mille manières, suivant les périodes de l'action, changeant d'expression ou de sens.

Ces mélodies vivaient, de leur local, l'esprit haïtien adaptait d'un souffle admirable, paroles que tout le monde enthousiasme, chantait avec une bonne humeur communicative. Nous en détachons parmi les quatorze formant le Casser d'janne les couplets suivants :

Tout moun levé, levé, levé, le

levé, levé,

Soldats ! kiyé, kiyé, kiyé, kiyé,

Si nous pas levé,

Ya meto'n lan Salle police,

Si nous pas levé

Ya meto'n lan Salle police.

### -II-

Si nous té gain l'agent  
Nou fa fait gnu gros bouillon,  
Général si nous gain l'agent  
N'a fait gnu gros bouillon

### -III-

Pour se faire distinguer, la Batterie de chaque régiment se signalait par le numéro d'ordre. Par exemple, celle de ma ville natale Môle St Nicolas (32ème) fait évaluer :

Trent dixième pas gangnin manman (bis)

Trent dixième pa gangnin papa

Tout ti qui choille

Cé trent dixième

Tout grân qui choille

Cé trent dixième

### -IV-

Maintenant, tour de la Mérin-gue. Du copieux catalogue nous extrayons la mélodie et paroles suivantes parues sous Tuésios :

Gindé Zouzoutt. (bis)

Gindé Thémo.

Thémo y.t., piti, piti con ça

Fait boula zouzoutt tout dou-boult.

Voir en quelle circonstance ce Chanté a été trouvé. Commissaire Zouzoutt chef de la police, grand gabaril, arrogant, ventru se tenait au Bureau Central (actuellement Centre de Santé près de la Cathédrale).

Commissaire Thémo, sous-chef de la police sympathique, court de taille, mince en un mot Tigris répondant au service du bureau.

Un jour à la suite d'une vive altercation, Commissaire zouzoutt, s'oubliant, administra trois coups de poing à Thémo. Celui-ci indigné enleva le bâton et à son tour ronfla une dégoûtante réplique à zouzoutt qui, ne pouvant plus tenir, sortit. L'incident fut sensation. La chanson n'en jamaïra.

Sait-on que peu de jours après, les deux concurrents se rencontraient journalièrement chez Ro-né Pinpin au wharf sherk (Cité).

des nouvelles qui nous parviennent, il semble qu'un accord est arrivé entre l'Ecole des Hautes Etudes Commerciales (HEC) de Montréal que dirige — M. Roger Charbonneau et l'Institut des Hautes Etudes Commerciales et Economiques (IHECE) de Port-au-Prince, dirigé par lesseurs Gérard R. Latortue et Jean Alcindor.

C'est grâce au dévouement de ce compatriote le Docteur Véleroy, professeur de Sciences économiques à l'Ecole des H. E. de Montréal que Gérard R. Latortue a pu prendre contact avec Messieurs R. Charbonneau Directeur des H. E. C. et François Albert Angers Directeur de l'Institut d'Économie Appliquée, école des H. E. C. Montréal.

Nous sommes en mesure de enseigner nos lecteurs sur les points importants de cet accord. — H. E. H. E. C. envoie à l'IHECE, deux revues et une copie des cours présentés à HEC.

IHECE devra également envoyer à Montréal une copie des différentes cours — ceux qui sont photographiés — de ces profess-

Nul doute qu'un tel accord facilitera le développement des échanges commerciaux culturels et économiques avec le Canada et qu'un plus grand nombre de nos compatriotes, s'intéresseront davantage à l'Institut des Hautes Etudes Com. et Économiques qui répondront à une nécessité dans notre milieu.

Monsieur et Mme Otto Thur, professeurs de Sciences Économiques à Montréal et à l'Université Laval ont grandement encouragé les initiatives de l'Institut des Hautes Commerciales et Économiques. ## LA SITUATION A BERLIN

### A propos de Berlin

**WASHINGTON — AFP —**

Les Etats-Unis continueraient à considérer l'Union Soviétique comme responsable du secteur Soviétique à Berlin. Les gouvernements des Etats-Unis du Royaume-Uni et de France continueront d'exercer pleinement leurs droits et d'assumer leurs responsabilités à Berlin, ajoute une déclaration publiée cette nuit par le Département d'Etat.

Et aucune mesure unilatérale du gouvernement soviétique ne peut affecter l'unité de Berlin dans son ensemble conclut-il.

### Jean 23 et Pie 9

**CITE DU VATICAN — AFP —**

Pie IX sera-t-il béatifié au cours du prochain Concile œcuménique ? Le Pape Jean 23 a confié aujourd'hui au cours d'une audience générale accordée à Castelgondofo que son voeu le plus cher est de voir que le Seigneur lui accorde la grâce de décret les honneurs de l'autel à celui qui a convoqué le premier Concile du Vatican. En parlant de la fête du Coeur Immaculé de Marie que l'église célébrera ce jour, le Pape a dit que trois personnes étaient distingées par leur dévotion à la Vierge : Pie VIII qui inaugura le culte de Marie, Pie IX qui a proclamé le dogme de l'Immaculée Conception et Pie XII qui a consacré le genre humain au Coeur Immaculé de Marie. Jean 23 a insisté sur les mérites de Pie IX et a dit que beaucoup ont comparé ce pape avec Jésus Christ pour avoir été à la fois l'homme le plus cher et le plus bel par ses contemporains.

vie se partage entre les bâtaux à la Capitale et de multiples voyages à l'intérieur du pays où il enquête sans cesse sur les possibilités d'investissement. A chacune de nos rencontres, il nous parle de projets nouveaux qu'il a pour contribuer au développement du pays. Sa salle d'attente est toujours remplie de gens venus prendre des instructions pour la Province, d'intermédiaires, de sollicitateurs de crédits. Parmi les entreprises qu'il dirige, nous nommons La Universal Enterprise Co. (USACO) la National Deutsch Associates, la Cocoon Industry, la South and News Charles et Co sans compter des succursales de sa Maison de Commerce. Cela ne l'empêche pas de représenter la General Electric Co. Ltd. de London et la Siemens Schuckert Werke Co.

Mais le chef d'œuvre de la vie d'homme d'affaires de Clément Joseph Charles, c'est la création en 1960 de la Banque Commerciale d'Haïti dont il a longtemps eu rêvé le projet. C'est cette initiative qui fait de lui un Grand Pionnier. La Banque Commerciale est la première banque privée haïtienne. Si l'on s'imagine une même la Banque Nationale n'a été rachetée qu'en 1949 pour devenir propriété de l'Etat Haïtien, on s'imagine ce qu'il a fallu à Clément Joseph Charles dans un milieu comme le nôtre, de hardiesse de pensée, d'audace, de ténacité et de largeur de vue pour arriver à une telle création, laquelle sera épousée dans l'histoire économique de notre pays. Clément Charles nous donne l'image d'un nouveau type d'hommes d'affaires que nous ne connaissons pas avant lui. Il a divorcé d'avec ces usages sans grandeur de commerçants — courtiers à la petite semaine qui se contentent égalelement d'une marge de profits qu'ils accumulent à l'étranger et qui recommencent la routine chaque année. Si nos masses restent si arrêtées c'est parce qu'il les ne sont pas encadrées par une bourgeoisie entrepreneuriale, créatrice d'opportunités de bien-être. Charles pense qu'il ne faut pas l'isoler à l'Etat tout seul la tâche de promouvoir le développement économique du pays. Il est conscient de sa mission sociale et sait qu'il doit donner la main aux moins munis pour les faire monter. Aussi cette Banque Commerciale qui a connu dans le public un succès si étonnant en un court laps de temps est-elle conçue comme le centre de rayonnement de multiples activités dont tireront profit de milliers de gars-peu. Les projets à l'étude, lorsqu'ils seront réalisés, feront de cette initiative, une véritable institution nationale.

Si nous ne dépendrons pas de ce pays et que nous soyons en des périodes, nous pensons qu'il nous faudra de l'ouverture comme celle qui vient d'être soulignée méritant d'être mieux connue afin d'être comprises et encouragées. C'est pourquoi nous avons écrit cet article. Nous voudrions en même temps avoir proposé à la hauteur un Modèle d'Aménagement de discipline, si connaît dans une communauté qui en manque toutement.

1. - Reference is made to the I-57 request form concerning Subject who entered the United States on 3 April 1966. The files of another Office of this Agency contain the following pertinent information regarding Subject more recent than that contained in TDCSUB-315/00977-64 dated 9 October 1964, subject: Inquiries Regarding the Possibility of Buying Aircraft for Haiti.

2. According to an unevaluated report dated 14 April 1966, from a United States national with forty years' experience in the tobacco industry who makes frequent trips to Latin America and who is considered a shrewd observer, which contained biographic information concerning Subject, CHARLES was specifically referred to as President DUVALIER's banker and financial manager. Subject was regarded by Source as being "very close to the Palace" and as having ready access to DUVALIER. Source described Subject as a "crook and poor liar; in other words, truly a Haitian political character and not to be trusted under any conditions." Subject had mentioned to Source his activity in 1954 as a negotiator on behalf of the Haitian Government with the General Electric Company of England for modernization of Haiti's telecommunications system. As a result of this contract, Haiti experienced one of its greatest political scandals, for the contract was for 4 million dollars, and the actual delivery of products was only 1 million dollars. Source observed that CHARLES was president of the Haitian Banana Corporation, which was originally operated by Eric DUVALIER and Colcado FICHE, and subsequently went bankrupt because of financial mismanagement; further, Subject had headed the Essential Oils Company since the death of Senator Louis DE JEAN. Source was satisfied that those companies headed by Subject were actually owned and/or controlled for the benefit of DUVALIER. At the time of the report CHARLES' principal assistant in the tobacco industry was Harry ALEXANDER, who

## SOURCE:

US national, sales representative of a US tobacco manufacturing company who has had 40 years' experience in the industry. Source makes frequent business trips to Latin America and recently returned from a six week visit to Ecuador, Panama, and Haiti. He has excellent contacts in the areas he visits, speaks moderate Spanish and French, and is a shrewd observer.

- During the period 1952-59 I tried to establish business association with certain Haitians including such characters as Eric Tippenshawer, Colonel M Prosper, Senator Louis De Joie, George Leger, and many others. On the occasion of my first visit to Port-au-Prince in five years, I encountered a new set of characters, but they are obviously of the identical "cut" as my previous acquaintances.
- A reportedly privately-owned tobacco company known as Le Tabac Haitien, S. A. is directed by Clement Joseph Charles, a black Haitian who also happens to be President of the Commercial Bank of Haiti. This cigarette manufacturing firm is the direct descendant of the long defunct Haitian-American Tobacco Co. Some six months ago Le Tabac Haitien began ordering moderate quantities of leaf tobacco and providing letters of credit to pay for the leaf. When I held my first series of conferences with Mr Charles, he immediately attempted to impress me with his political, social, and economic influence in Haiti and then proceeded to enlist my principal's financial participation to the small sum of US\$300 thousand. Fully cognizant of the Haitian style of business, I deferred the offer and proceeded to discreetly inquire of Mr Charles' status in Haiti.
- As a matter of convenience Mr Charles provided me with a curriculum vitae which I quote as follows:

**CLEMENT JOSEPH CHARLES:** President & General Manager of the

9. Since my previous commercial associations in Haiti dated prior to 1959, I found it extremely difficult to locate old acquaintances, for most are dead or in voluntary exile. I did manage to assemble some data on

S-E-C-R-E-T

Mr Charles that I regard as reliable. He is specifically referred to as "Papa Doc's" banker and financial manager. Mr Charles, as would be expected is "very close to the Palace" and has ready access to President Duvalier. As for his character, he is described as "a crook and a poor liar." In other words, Mr Charles is truly a Haitian political character and not to be trusted under any conditions.

6. I, likewise, observed that Mr Charles is president of the Haitian Banana Corp which was originally operated by Eric Tippenhauer and Colonel Prosper, and subsequently was bankrupt because of financial mismanagement. Still further, Essential Oils Co was at one time the exclusive domain of Senator Louis De Joie, and since his death the company is headed by Mr Charles.
7. I am personally satisfied that Mr Clemond Joseph Charles is President Duvalier's personal financial manager, and the companies directed by Mr Charles are in fact owned and/or controlled for the benefit of Haiti's chief executive. At the moment Mr Charles' principal assistant in the tobacco industry is Henry Siclait, who just happens to be Director of the Haitian Tobacco Monopoly and Secretary-Treasurer of Le Tabac Haitien, S. A. Siclait is believed to be Mr Charles' "hatchet man" but I was not able to verify this allegation.

Case-40,556 --- Clemond Joseph Charles

1. At Clemond Joseph Charles' request, on 14 May 63 C/S Balog had a "farewell" interview with the Haitian banker. The private conversation, which took place at Charles' room at the Park Sheraton Hotel in New York, lasted about one hour. On 15 May 1963 Charles flew back to Port-au-Prince, Haiti.

2. At the outset of our "confidential" interview Charles showed us a letter written by William Stix Wasserman, 40 Wall Street, New York 5, N.Y. whom Charles described as a "big financier and my adviser" and addressed to Senator Hubert Humphrey. According to Charles, Humphrey and Wasserman are good friends, an allegation which may be true since the salutation of the letter was "Dear Hubert" and the general tone of it indicated a fairly close relationship between the two.

3. In his letter, Wasserman asked the Senator to receive Charles whom he described as a man with "liberal views in regard to cooperatives." Wasserman went on saying that Charles sees "the necessity of creating a new relationship between capital and labor primarily through profit sharing that will at least nullify to some extent the siren song of Communist propaganda." Wasserman concluded by stating the following: "I think at this very critical time in Haitian affairs and with Castro only 60 miles away that the Administration might begin to look for men with Mr. Charles' ability and attitude to see what can constructively be done to bring some hope to that unfortunate island."

4. Charles stated that since he was unable to make another trip to Washington to see Senator Humphrey he asked his friend and business partner, Joseph F. Dryer, Tampa, Florida to present Wasserman's letter to the Senator and request him to receive Charles when the Haitian banker returns to the US on one of his frequent business trips.

5. Charles reiterated his willingness to cooperate with the US Government. He wishes to be contacted at his bank in Port-au-Prince, but not his home, Pawt St. He stated that after his return to Haiti he will contact "in utmost confidence" some of his influential friends: Army officers, intellectuals, writers, journalists, business men and will be

CONFIDENTIAL

-2-

glad to talk with a US Government official concerning the "general political climate in Haiti." Although he has had several contacts with members of the US Embassy in Port-au-Prince, he prefers to cooperate with "one of Captain Belog's friends." All the US official has to do is to walk into his office at the bank and say that "I'm am a friend of Captain Belog's". If a contact is made this way he will be willing to cooperate "to the fullest."

6. He told us that he was not prepared to give his support to those anti-Duvalier politicians in exile who had a few days ago announced the formation of a government in exile since "they are not the right people to take over in Haiti." He emphasized that he would not under any circumstance support Duvalier with whom he is thoroughly disillusioned. In fact, he thinks that Duvalier "went crazy and must be and will be eliminated." He did not elaborate and stated that first he must go back to Haiti and talk with his friends. He mentioned, however, that his cousin, Joseph D. Charles, a former ambassador of Haiti to the US who now lives in "forced retirement" in Cap Haitien, was ready to re-enter the political life at a propitious moment. He believes that his cousin will have enough Army support to become provisional President and then with popular support will be elected President of Haiti. Upon his return to Port-au-Prince, Charles will work toward rallying support for Joseph D. Charles. He is confident that once in power, his uncle would pursue a pro-US policy. At this point, Charles intimated that "a Joseph Charles government could grant the US rights to establish a naval base at Mole St.-Nicolas, which is about 60 miles from Cuba."

7. We wished Charles bon voyage and, of course, promised nothing concerning his offer to be contacted in Port-au-Prince. We merely told him that we would report our conversation to "our mutual friends in Washington" for their decision. Regardless of this decision, Charles stated that during his next trip to New York he would call us on the telephone to discuss "things" in confidence.

MEMORANDUM FOR THE RECORD

SUBJECT: Clemard Joseph CHARLES

# FOR RELEASE.

1. On 29 April 1963 Dorothe Matlack, Domestic Exploitation Section, ACSI, telephoned to the effect that a banker named Clemard Joseph Charles had left Haiti six days earlier and had just arrived in New York. A friend of Charles, named Joseph Dryer, 109 Lakewood Avenue, West Palm Beach, Florida, had written to General Delmar, former CG Antilles Command, recommending Charles as a man of great interest to the US government in view of the events in Haiti. Charles was described as President of the Banc Commerciale, Port au Prince, Haiti, who is in President Duvalier's favor. Mrs. Matlack mentioned that she had alerted Col. Sam Kail in Miami to contact Dryer in order to obtain more background information and an assessment on Charles.

2. On 1 May 63 Mrs. Matlack advised that Charles was staying at the Park Sheraton Hotel, New York, and that he had telephoned her since her name had been supplied to him by Dryer. Charles considered her to be his point of contact in Washington. According to Mrs. Matlack, Charles had appointments to see Vice President Johnson, Senator Keating, and Congressman Rogers (Florida). However, Charles was willing to talk to representatives of Mrs. Matlack's office. Mrs. Matlack stated that the Haitian Desk man in ACSI was ready to go to New York to talk to Charles and invited CIA to accompany him. Charles speaks very little English and a fluency in French was therefore required for the interview. Mrs. Matlack stated that she might be able to obtain a French linguist from First Army, Governor's Island, but he would not be an intelligence officer. It was decided that James Balog, New York Office, who has a knowledge of the French language would accompany the ACSI representative. It was also arranged that Balog would meet the ACSI representative (Captain Rogers) at the Park Sheraton Hotel where Charles was staying.

3. On 2 May 63 Mrs. Matlack reported that Col. Kail had interviewed Mr. Dryer in West Palm Beach. Dryer had appointed Charles as Director of his bank in Haiti. Charles, according to Dryer, formerly had no political ambitions but in view of the current political situation in Haiti, Charles now thinks that he may some day be president. Dryer described Charles as well-connected, politically and financially, on both sides of the fence in Haiti. He is also a good friend of President Duvalier. Dryer had given Charles letters of introduction to Senator Keating and to other officials in Washington. Charles wanted to see President Kennedy and indeed had gone to the White House to arrange for an appointment. He was well received by the President's appointment secretary and invited to dinner that evening with the appointment

SUBJECT: Clement Joseph CHARLES

secretary. Through a misunderstanding, however, Charles did not attend the dinner but went to New York instead.

4. Charles is travelling, according to Dryer, with a Texan geologist named de Mohrenshildt. de Mohrenshildt is associated with Charles in a business venture in Haiti and is trying to arrange a meeting for Charles with Vice President Johnson.

5. On 3 May 63 Jim Balog telephoned to advise that he had had a five-hour session the previous day with Charles and that he had obtained both personality data and views by Charles on what the United States should do in the current Haitian situation. Balog advised that he was transmitting the information to Washington. Upon arrival, copies of the teletypes were transmitted to ACSI (Mrs. Matlack), WH Division, and the Latin America Branch.

6. On 6 May 63 Mayo Stuntz, Support Branch, advised that WH Division wished to speak to Charles and Balog was asked to arrange an appointment. Mrs. Matlack telephoned at approximately 1715 to advise that she had just received a telephone call from Mrs. de Mohrenshildt asking assistance in obtaining hotel reservations in Washington. Upon being told that we had no special means of obtaining reservations, Mrs. Matlack stated that she would check with the State Department Protocol Office to determine which hotels would admit negro guests. Mrs. Matlack finally made reservations at the Alban Towers. A check with Jim Balog revealed that he had arranged for Charles to meet the WH representative in the lobby of the Willard Hotel, Washington, D. C., at 12:00 noon on 7 May. Attempts to reach Mrs. Matlack that afternoon were unsuccessful. At 0830, 7 May, a call was made to Mrs. Matlack to confirm that Charles would be in Washington on that day and that arrangements had been made for a meeting with an Agency representative for 12:00 noon. Mrs. Matlack retorted that both Mrs. de Mohrenshildt and Charles had called her that previous evening to confirm a 12:00 luncheon appointment with her. Mrs. Matlack was concerned that CIA and Army should not be working at cross purposes. She had received authorization from ACSI to meet Charles at lunch and felt that it would not be politic for her to withdraw from her appointment since Army considered her the point of contact with Charles. Mayo Stuntz informed WH Division of the conflict and passed on the suggestion that the WH Division representative might meet Charles and Mrs. Matlack at noon and that Mrs. Matlack offered to withdraw shortly thereafter. The WH representative declined the offer and requested that a meeting later in the afternoon be arranged. Mrs. Matlack believed that due to conflicting instructions, she had been placed in the middle in the situation from which she could not graciously withdraw and requested that someone accompany her.

SUBJECT: Clement Joseph CHARLES

7. I met Mrs. Matlack in the lobby of the Hotel Willard shortly before noon, and a few minutes later, Mr. Charles arrived, accompanied by Mr. and Mrs. de Mohrenschildt. We lunched in the restaurant in the hotel. Mr. de Mohrenschildt mentioned that he had been born in Batu, Russia, but during the Bolshevik Revolution had been taken to Poland as a small child. He had spent approximately 20 years in Poland prior to World War II and had served in the Polish Army. He also mentioned that he had been a member of an ICA Team to Yugoslavia in 1957 and while in Belgrade had met Gomulka who was visiting Belgrade at the time. He had spoken to Gomulka and was invited to visit Poland, which invitation he had accepted. His home is in Dallas, Texas. He has a PhD. in geology and has had some teaching experience. Mrs. de Mohrenschildt was born in Peking, China. Her father was Russian and her mother French, and she is now or has been a fashion designer. Mr. de Mohrenschildt mentioned that he has known Charles for sometime and that he is a partner with him in a sisal business in Haiti.

8. Both Charles and de Mohrenschildt were anxious to arrange meetings with government officials in Washington. I mentioned to Charles that a meeting had been arranged for him at 2:15 and that a Mr. Green would meet him in the lobby. At 1410 Mrs. Matlack, Mr. and Mrs. de Mohrenschildt and I departed and Charles remained in the lobby waiting for contact.

9. In the course of the luncheon conversation, Charles had mentioned to Mrs. Matlack that he desired to see a Mr. Wise, AID, to discuss US aid to Haiti. Later that afternoon Mrs. Matlack called to state that she had called the State Department to pass along Charles' request. Mr. Zagorski (State) had called her back to pass on the Haitian Desk man's extreme displeasure that anyone in the United States Government should be in official contact with Charles. The desk man considered Charles to be close to the Duvalier Government, to have been involved in several shady financial dealings, and in general, to be an undesirable character. Mrs. Matlack asked whether the Agency had any interest in Charles which would dictate further contact with Charles.

10. Mayo Stuntz checked with WH Division and determined that as a result of the meeting with Charles, the DD/P Haitian Desk had no further plans to contact him. I told Mrs. Matlack that our interest seemed to have been satisfied and that I believed we should disengage ourselves as gracefully as possible.

11. [REDACTED], DD/P Coordinator, called on 7 May to inquire concerning our involvement in the Charles case. He stated that ACSI had called him earlier that day to assure him that ACSI had no direct interest in Charles and that it was acting as an intermediary at the request of General Delmar who had passed the lead to General Fitch. ACSI was concerned that due to the mix up in appointments to see Charles, charges might later be made that ACSI had interfered or had obstructed CIA contact with Charles. I explained to Nelson what had happened and he later called back to state that ACSI was completely satisfied in the way the matter had been handled.

12. On 9 May Mrs. Matlack telephoned to advise that the Operational Branch of ACSI was discussing the Charles case with DD/P to determine future course of action. She was still somewhat concerned over her own position in the case since Charles considered her to be the focal point in Washington. I reiterated to her that the matter was one for either the State Department or the operational elements to handle and that we preferred to disengage ourselves. Mrs. Matlack mentioned that a dispatch had been received to the effect that a cousin of Charles was prominently mentioned as a successor to Duvalier should the latter be overthrown. She was of the opinion that the US government should continue to "play ball" with Charles as a future asset in Haitian affairs.

10 May 1963

MEMORANDUM FOR THE RECORD

SUBJECT: Clemard Joseph CHARLES

1. On 29 April 1963 Dorothe Matlack, Domestic Exploitation Section, ACSI, telephoned to the effect that a banker named Clemard Joseph Charles had left Haiti six days earlier and had just arrived in New York. A friend of Charles, named Joseph Dryer, 109 Lakewood Avenue, West Palm Beach, Florida, had written to General Delmar, former CG Antilles Command, recommending Charles as a man of great interest to the US government in view of the events in Haiti. Charles was described as President of the Banc Commerciale, Port au Prince, Haiti, who is in President Duvalier's favor. Mrs. Matlack mentioned that she had alerted Col. Sam Kail in Miami to contact Dryer in order to obtain more background information and an assessment on Charles.

2. On 1 May 63 Mrs. Matlack advised that Charles was staying at the Park Sheraton Hotel, New York, and that he had telephoned her since her name had been supplied to him by Dryer. Charles considered her to be his point of contact in Washington. According to Mrs. Matlack, Charles had appointments to see Vice President Johnson, Senator Keating, and Congressman Rogers (Florida). However, Charles was willing to talk to representatives of Mrs. Matlack's office. Mrs. Matlack stated that the Haitian Deck man in ACSI was ready to go to New York to talk to Charles and invited CIA to accompany him. Charles speaks very little English and a fluency in French was therefore required for the interview. Mrs. Matlack stated that she might be able to obtain a French linguist from 1<sup>st</sup> Army, Governor's Island, but he would not be an intelligence officer. It was decided that James Balog, New York Office, who had a knowledge of the French language would accompany the ACSI representative under Army cover. It was also arranged that Balog would meet the ACSI representative (Captain Rogers) at the Park Sheraton Hotel where Charles was staying.

3. On 2 May 63 Mrs. Matlack reported that Col. Kail had interviewed Mr. Dryer in West Palm Beach. Dryer had appointed Charles as Director of his bank in Haiti. Charles, according to Dryer, formerly had no political ambitions but in view of the current political situation in Haiti, Charles now thinks that he may some day be resident. Dryer described Charles as well-connected, politically and financially, on both sides of the fence in Haiti. He is also a good friend of President Duvalier. Dryer had given Charles letters of introduction to Senator Keating and to other officials in Washington. Charles wanted to see President Kennedy and indeed had gone to the White House to arrange for an appointment. He was well received by the President's appointment secretary and invited to dinner that evening with the appointment

secretary. Through a misunderstanding, however, Charles did not attend the dinner but went to New York instead.

4. Charles is travelling, according to Dryer, with a Texan geologist named de Mohrenshildt. de Mohrenshildt is associated with Charles in a business venture in Haiti and is trying to arrange a meeting for Charles with Vice President Johnson.

5. On 3 May 63 Jim Balog telephoned to advise that he had had a five-hour session the previous day with Charles and that he had obtained both personality data and views by Charles on what the United States should do in the current Haitian situation. Balog advised that he was transmitting the information to Washington. Upon arrival, copies of the teletypes were transmitted to ACSI (Mrs. Matlack), WH Division, and the Latin America Branch.

6. On 6 May 63 Mayo Stuntz, Support Branch, advised that WH Division wished to speak to Charles and Balog was asked to arrange an appointment. Mrs. Matlack telephoned at approximately 1715 to advise that she had just received a telephone call from Mrs. de Mohrenshildt asking assistance in obtaining hotel reservations in Washington. Upon being told that we had no special means of obtaining reservations, Mrs. Matlack stated that she would check with the State Department Protocol Office to determine which hotels would admit negro guests. Mrs. Matlack finally made reservations at the Alban Towers. A check with Jim Balog revealed that he had arranged for Charles to meet the WH representative in the lobby of the Willard Hotel, Washington, D. C., at 12:00 noon on 7 May. Attempts to reach Mrs. Matlack that afternoon were unsuccessful. At 0830, 7 May, a call was made to Mrs. Matlack to confirm that Charles would be in Washington on that day and that arrangements had been made for a meeting with an Agency representative for 12:00 noon. Mrs. Matlack retorted that both Mrs. de Mohrenshildt and Charles had called her that previous evening to confirm a 12:00 luncheon appointment with her. Mrs. Matlack was concerned that CIA and Army should not be working at cross purposes. She had received authorization from ACSI to meet Charles at lunch and felt that it would not be politic for her to withdraw from her appointment since Army considered her the point of contact with Charles. Mayo Stuntz informed WH Division of the conflict and passed on the suggestion that the WH Division representative might meet Charles and Mrs. Matlack at noon and that Mrs. Matlack offered to withdraw shortly thereafter. The WH representative declined the offer and requested that a meeting later in the afternoon be arranged. Mrs. Matlack believed that due to conflicting instructions, she had been placed in the middle in the situation from which she could not graciously withdraw and requested that someone accompany her.

## SUSJECT: Clement Joseph CHARLES

7. I met Mrs. Matlack in the lobby of the Hotel Willard shortly before noon, and a few minutes later, Mr. Charles arrived, accompanied by Mr. and Mrs. de Mohrenschildt. We lunched in the restaurant in the hotel. Mr. de Mohrenschildt mentioned that he had been born in Batu, Russia, but during the Bolshevik Revolution had been taken to Poland as a small child. He had spent approximately 20 years in Poland prior to World War II and had served in the Polish Army. He also mentioned that he had been a member of an ICA Team to Yugoslavia in 1957 and while in Belgrade had met Comulka who was visiting Belgrade at the time. He had spoken to Comulka and was invited to visit Poland, which invitation he had accepted. His home is in Dallas, Texas. He has a PhD. in geology and has had some teaching experience. Mrs. de Mohrenschildt was born in Peking, China. Her father was Russian and her mother French, and she is now or has been a fashion designer. Mr. de Mohrenschildt mentioned that he has known Charles for sometime and that he is a partner with him in a sisal business in Haiti.

8. Both Charles and de Mohrenschildt were anxious to arrange meetings with government officials in Washington. I mentioned to Charles that a meeting had been arranged for him at 2:15 and that a Mr. Green would meet him in the lobby. At 1410 Mrs. Matlack, Mr. and Mrs. de Mohrenschildt and I departed and Charles remained in the lobby waiting for contact.

9. In the course of the luncheon conversation, Charles had mentioned to Mrs. Matlack that he desired to see a Mr. Wise, AID, to discuss US aid to Haiti. Later that afternoon Mrs. Matlack called to state that she had called the State Department to pass along Charles' request. Mr. Zagorski (State) had called her back to pass on the Haitian Desk man's extreme displeasure that anyone in the United States Government should be in official contact with Charles. The desk man considered Charles to be close to the Duvalier Government, to have been involved in several shady financial dealings, and in general, to be an undesirable character. Mrs. Matlack asked whether the Agency had any interest in Charles which would dictate further contact with Charles.

10. Mayo Stuntz checked with WH Division and determined that as a result of the meeting with Charles, the DD/P Haitian Desk had no further plans to contact him. I told Mrs. Matlack that our interest seemed to have been satisfied and that I believed we should disengage ourselves as gracefully as possible.

11. Wayne Nelson, DD/P Coordinator, called on 7 May to inquire concerning our involvement in the Charles case. He stated that ACSI had called him earlier that day to assure him that ACSI had no direct interest in Charles and that it was acting as an intermediary at the request of General Delmar who had passed the lead to General Fitch. I explained to Nelson what had happened and he later called back to state that ACSI was completely satisfied in the way the matter had been handled.

12. On 8 May Mrs. Matlack telephoned to advise that the Operational Branch of ACSI was discussing the Charles case with DD/P to determine future course of action. She was still somewhat concerned over her own position in the case since Charles considered her to be the focal point in Washington. I reiterated to her that the matter was one for either the State Department or the operational elements to handle and that we preferred to disengage ourselves.
