SUBJECT GENERAL
SPECIFIC Fritz (aka Fred) SIMON

DOC NLRD 105

Reference: State Dept Control Cable 1437, 14 Nov 52, from Bonn

1. On 11 June 52, the Press Attaché of the Paris Embassy wrote us the following memorandum:

According to French records, Fred SIMON was born May 31, 1908 in Berlin. He was trained as a lawyer, left Germany in 1931, and appeared in France in 1933. In 1939, he enlisted in the Foreign Legion. Some time in 1940, he was demobilized in Morocco. He fled to Switzerland in 1942, and returned to Paris in May 1945. Since that time, he has worked for "Die Zeit" in Zurich, "Libera Stampa," a Socialist daily in Ingano, and other papers. In 1949, he went to work for "Die Welt," the British-controlled newspaper in Hamburg. In February 1951, he was replaced on that paper by a German. At the present time, he works for "Radio Sarrebrücke," as well as for "Der Bund." He was naturalized French in 1947.

Recently, he was cleared by SHAEF to see everything from the Pyrenees to the Elbe. He did so and made a report on the Atlantic Forces. His articles were considered OK by the French, and even were translated in the press review bulletin, "Documentation."

Some time after the articles had appeared, however, a French official expressed astonishment that SIMON had been given such wide accreditation. Though he had no proof to offer, this same official made the statement that SIMON was known to the French as an agent of the Cominform. He gave no further derogatory information.

2. We searched our files, found no previous record of subject, and informed the Press Attaché accordingly.

3. On 17 Nov 52, the Press Attaché called our attention to State Dept. Control cable 1b37, from Paris, dated 14 Nov 52, a copy of which is attached hereto for your convenience. Basing our request on the information contained in para 1 above, and on the attached cable from Bonn, we submitted queries concerning Subject to both UNION and UNBOUND.

4. On 28 Jan 53, we received the following reply from UNBOUND:

Fritz (aka Fred) SIEBEL, born 31 May 1903 in Berlin, of German origin, the son of Willy and Bertha TUNZELMANN, acquired French nationality by naturalization on 1 April 1933. On 19 October 1933 in Paris 16^e, he married his compatriot Edith STRIEM, born 24 August 1905 in Berlin. They have one child, born 25 May 1937, of French nationality.

SIEBEL joined the Foreign Legion in 1940 and was demobilized in February 1941. In August 1942, fearing lest he be interned in a camp in the unoccupied zone, he decided to go with his wife to Switzerland. Upon his arrival in Switzerland, he was arrested for clandestine border-crossing and interned in a camp at Martigny, (Valais). Later, he was transferred to a labor camp at Sierre. During his stay in Switzerland, he allegedly wrote several articles under the pseudonym "Samai" in the Swiss socialist press, notably in the paper "Liberation-Suisse."

In May 1945, he returned to France and settled at Meudon (Seine), where he still resides at 211 Avenue Pierre Broccoletto. Since 1945, he has had a legal office at 60 rue d'Anteville, Paris 16^e, there, according to a usually reliable source, he is reported to have held meetings with Konstantin EMINOV of the Soviet Commercial Mission (cir - 200 1945) and with LEONHEIM of the Soviet Information Bureau. The activity of this legal office is, in fact, almost negligible.

Since 1945, he also has operated an office for the settlement of disputed claims for the International Reserve and Relief Committee (I.R.R.C.), 35 Blvd. des Capucines, Paris. He equally is administrator of the firm "Vrank and Sluit" of Antwerp, Belgium.

SECRET
Security Information

SILSOE devotes the greater part of his activity, however, to journalism. He is a correspondent of various French and foreign newspapers, notably the Swiss paper "Der Bund." He is accredited officially to the French Ministry of Information. He has obtained numerous visas for foreign countries in order to fulfill his professional obligations.

He has never attracted attention from the political point of view, but we suspect him of being identical with an individual of the same name who belonged to the Swiss "Rote Kapelle" network.

SILBER is in contact with a man named BURKHARDT (sic - see para 5 below), now a correspondent of "Der Bund" in Paris, and who also is suspected of being identical with an ex-agent of the "Rote Kapelle."

We are continuing our investigation of Fritz SINGER.

5. With regard to the BURKHARDT mentioned above by UNTOUND, we since have consulted with the Press Attaché, who has been able to identify him as follows:

Heinz LURCHARDT, born 9 September 1906 in Lehr, Germany, presently residing at 105 Blvd. Voltaire, Paris 11^e, economic correspondent for "Der Bund," accredited as a journalist to the Province de Chine on 10 February 1946, also works for the Verorinungen Wirtschafts Dienst of Frankfurt, is known as a serious journalist, but otherwise as a doubtful individual.

6. On 4 Feb 53, we received the following less complete reply from UNION:

Fritz (aka Fred) SIEBEL, formerly a German lawyer, took refuge in France in 1933. He has opened a legal office in Paris and also occupies himself with journalism. Until now, no unfavorable information has been obtained concerning him.

7. We are making all of the above information available to both the Embassy Press Attaché and to SHAEF. We would appreciate receiving all possible further derogatory information concerning SHAEF, his various contacts, and his activities. We would be interested to receive, in particular, any information to confirm SHAEF's suspicion that SIEBEL, and/or BURKHARDT, used to belong to the "Hans Kappel" network.

INFORMATION FOR THE FILES

27 October 1954

SUBJECT: Passing of MI reports to Brazilian Authorities.

REF. : RSP-4-513

1. On 18 October, Marcos BASTOS, AMEMATHY's colleague in the Brazilian Federal Political Police, informed him that on 15 October he had submitted to the Chief of Police a translation of the reports he had received from AMEMATHY. (BASTOS had been given by AMEMATHY sterilized versions of RR-1 to RR-15, inclusive, and RR-17 to RR-29, inclusive, along with the biographical information of the sources of those reports. RR-16 and RR-30 were not passed to BASTOS because they had been obtained from ALIOFATHY.)
2. On 27 October BASTOS informed AMEMATHY that the translation of the reports had been forwarded by the Chief of Police to Colonel LIMA, the present head of the Federal Political Police in Rio de Janeiro, who, in turn, had forwarded it to José PICCHETTI, head of the Political Division of the Political Police, for his recommendations. BASTOS stated that he believed PICCHETTI would recommend that the reports be forwarded to the Foreign Office and the War Ministry. BASTOS also intends to give a copy of the translations to Ribeiro do AMARAL, head of the Serviço de Vigilância of the Department of Political and Social Order (D.O.P.S.), São Paulo, who has indicated an interest in receiving it.
3. As an introduction to the translation of the reports, BASTOS described briefly Brazil's Stateless refugee immigration problems and the voluntary welfare organizations which assist the immigrants in gaining entry to, and settling in, Brazil. The translation of this introduction is as follows:

"The current immigration of White Russians into Brazil began in 1919. It has diminished since June 1954 in the face of the decision taken by the National Institute of Colonization and Immigration (Instituto Nacional de Imigração e Colonização) (N.I.I.C.) on 16 June 1954. On that date, the Directorates of the N.I.I.C. decided to request that the Ministry of Foreign Relations take the necessary steps to stop the issuance of visas for stateless persons for a period of sixty days.

"On 30 June, Vicente MUÑOZ, then Foreign Minister, sent a circular to all the consulates ordering a stoppage in the issuance of visas until a final decision could be reached.

"On 22 September, the Foreign Office issued to the consulates new instructions, according to which, generally speaking, stateless immigrants are permitted entry to Brazil only if they have in Brazil relatives in the direct line of descent whose economic situation is such that they can guarantee the subsistence of the immigrants.

"Nevertheless, it may be noted that there are various stateless persons in Hong Kong, with their respective passports in order, awaiting accommodations on one of the five ships of the Hong Kong-Buenos Aires line: the "HOLLYWOOD", "MITSU", "WISCONSIN", "TRICERATOS", and "JALAKIA".(1)

The difficulties which the international organizations encounter in obtaining complete and reliable information on the immigrants are due to a large extent to the fact that those immigrants always reside in areas far removed from the locales of the organizations' offices. One must also recognize the fact that included among the stateless immigrants is a large number of persons useful to Brazil, such as the following types of workers: mechanics, engineers, electricians, chemists, etc.

There are twelve international organizations who are responsible for preparing the immigrants for the journey - or better, the exit - of these stateless refugees from China and various European countries. They are:

1. A.J.D.C. - American Joint Distribution Committee, with offices in Rio and São Paulo.
2. E.O.I. - Entr'Aide Ouvrière Internationale (International Workers' Mutual Aid)
3. H.I.A.S. - Hebrew Immigrant Aid Society, with offices in Rio and São Paulo.
4. I.C.M.C. - International Catholic Migration Commission, with offices in Rio and São Paulo.
5. I.S.S. - International Social Service, with offices in Rio and São Paulo.
6. I.R.C. - International Refugee Committee. Has no representatives in Brasil.
7. L.W.F. - Lutheran World Federation, with offices in Rio and São Paulo.
8. N.C.W.C. - National Catholic Welfare Conference, with offices in Rio and São Paulo.
9. S.A.E. - Swiss Aid to Europe. Has no representation in Brasil.
10. T.F. - Tolstoi Foundation, with offices in Rio and São Paulo.
11. U.U.A.K.C. - United Ukrainian American Relief Committee.
12. W.C.C. - World Council of Churches, with offices in Rio and São Paulo.

"Two of those organizations handle the largest number of arrivals. One is the W.C.C. whose office in Rio is located at Praia do Flamengo, 180, apt. 602; its office in São Paulo is at Rua D. Veridiana, 390. The São Paulo office is under the direction of Miss Rachel de CARVALHO.(2) The other organization is the N.C.W.C., whose office in Rio is at Avenida Churchill 60; its office in São Paulo is in the Church of Peace (Igreja da Paz) on Rua Glicério. The São Paulo office is under the direction of Father Mario.(3)"

"Since 25 April 1954, many stateless persons who have been unable to obtain a visa for Brasil, Canada or Australia have been repatriated to the U.S.S.R. As a result of this repatriation, it is possible, though not probable, that some elements may be sent from China to Brasil to engage in subversive activities here, while members of their families, who have been repatriated to Russia, are held as hostages there."

AMERICAN Comments

1. RIOD-946 reported on 2 October 1954 that about 60 such stateless refugees with entry visas for Brazil issued prior to 30 June 1954 were in Hong Kong waiting for transportation to Brazil. *24 NOV 1954 GUDRC*
2. The head of the W.C.C. office in Rio is André MORINIEFF, who is concurrently Delegate of W.C.C. for all Latin America and, in this capacity, is Miss CARVALHO's superior.
3. The head of the N.C.W.C. in Rio is Walter DUSHNYCK, who is the overall head of N.C.W.C. activities in Brazil, in which capacity he is Father Mario's superior. DUSHNYCK's chief assistant in Rio is Miss Adalada da Costa ALVESDO.

1. Joseph LEGRAND, involved in the "Pernot affair" and as a result expelled from the Central Committee of the PCF in the Spring of 1951, was recently re-assigned the position as Administrative Secretary of the Regional Miners Federation (CGT) in the Nord and Pas-de-Calais Regions. Auguste LECOMTE was instrumental in securing this reassignment for LEGRAND, according to source.
2. ~~LEGRAND~~ (Lion) and ROBERT (Balle) who were in charge for two years of the reorganization of the Regional Federation have been placed under LEGRAND's orders and have been charged with "insufficient action".
3. LEGRAND has been given "full powers" to visit all syndicates and to eliminate those ~~in~~ elements judged unnecessary, reducing the directing organs of the various syndicates. Source stated that LEGRAND's activities are partially dictated by financial necessity and that staffs will be reduced for economic reasons.
4. ~~LEGRAND~~ (Guy), Secretary of the Miners' syndicate of Escaut (Nord), has been charged with reorganizing the Valenoiseau sector, in particular the Charleroi-Scheldewindegem region, which "has fallen into lethargy as a result of the inertia of the traitor LECOMTE (Balle)". According to source, LECOMTE, former Secretary General of the miners' CGT syndicate in Armentières, has for some time been in line for dismissal as a result of lack of discipline and incompetence in syndicate affairs. However, no one wanted to take the responsibility for dismissing him, the first act performed by LEGRAND in his new position was to fire him.
5. LEGRAND recently declared that he also has been given full power to purge miners' syndicates and that LEGRAND (Charles) will not be a CGT candidate in the next elections for miners' delegates.

Re: GPA-462, 1 February 1953

A. 1. The following information on Frederic SIEGEN, believed to be identical with your subject, has been translated from a raw report in German received from a "well-placed source in the West German Government", and transmitted to headquarters in WIESBADEN, 14 March 1954:

Name: SIEGEN, Frederic (Fried).

Born: 31 May 1910 in Berlin.

Address: Montevideo 6/Solis, 111 Avenue Foch.

Profession: Journalist, currently correspondent of the Swiss newspaper "Der Land", the German daily "Die Welt", and of "Radio Stuttgart".

A politically doubtful person who received an entrance visa for West Germany valid for six months on 11 January 1952. According to information from the French Ministry of Interior (the S. I.), SIEGEN was working for the Communist paper "Die Zukunft" (Hausenberger) before the war and during the war for the Swiss Communist newspaper "Die Tat", "Volksstimme", and "Arbeiterzeitung". Literally not a Communist! At any rate he stated the present Press Attaché of the Consul General (the German Consulate General, Paris) Alexander/Eduard KRÄPFELER, on his behalf when SIEGEN applied for a visa. On 20 January SIEGEN submitted a written application on behalf of the newspaper, "Die Welt", "Stuttgart" (Radio), Frankfurt am Main, formerly German. Emigrated (Nov) about 1952 to France where he acquired French citizenship. According to his own statement, he was advised by the West German Press Office in Bonn to apply again for German citizenship as he,

afterall, was working for German newspapers. However, he declined, stating that he had a bad press in Germany. He further stated that he had serious differences of opinion with Paul DUDORFF, Alexander's former press chief. Since Alexander was not yet Chancellor of West Germany, he was refused permission to interview Alexander during his sales conference. He had never forgiven him for this.

2. We note that there are several references to Alexander LUDWIGSEN (probably, Alexander LUDWIGSEN) in WIEGMUTH's file (see WIEGMUTH, 1950, 1971, and 1973), and that LUDWIGSEN has been closely associated with WILLIAM CRUM, George BREWER and, probably, others of the KNAUER group. We are also interested in the fact that WIEGMUTH was informed by Alex DEWEY (see DEWEY), to writer of Alex WILLIAMS (incorrect spelling of DEWEY), that DEWEY is identical with Alexander Aleksandrovich LIVOV, reported in KGB-5053 as a contact of Konstantin RYABOVICH, Vice Consul at the Soviet Consulate in Paris, and a suspected KGB agent, and if WILLIAMS has been in contact with RYABOVICH as alleged.

3. The Name DRECHSLER now in Paris as economic correspondent for "der Tag", probably is identical with the Name DRECHSLER mentioned in the "Final EQUAL Report" (KIA-3424, Part III, Vol. I, p. 34), which states:

Name: Dr. Hans DRECHSLER
Address: Deutsches, 6 Berlinstrasse
Nationality: German, born 9 September 1906 in Lehr
Occupation: Journalist. 1946-1954 in Paris as representative
of "Europa Presse" of Frankfurt-am-Main, and of
"Freies Volksblatt" of Berlin.
Spokane: Unknown, but contact of FOOTE (Alexander) during war.

Part III, Vol. II, P. 31 of the "Final EQUAL Report", of which you have a copy, lists a Charles SEITZ, but there is no mention of Frederick (or Fritz) SEITZ in the report, or in WIEGMUTH's study on the Note Espion.

4. We are unable to identify the (firm) LUCCHEMI of the Soviet Information Bureau with whom GROSS and Konstantin DAVYDOV held meetings in 1945. The International Rescue (IR) and Relief Committee for which GROSS operates an office, is the International Rescue and Relief Committee which has offices at 123 Park Avenue, New York City, and 33 Boulevard des Capucins, Paris. This organization is an offshoot of the former International Relief Committee and the Emergency Relief Committee. It was formed originally to assist refugees from Nazi Germany. Since 1945 it has functioned as an anti-fascist organization assisting refugees without regard to nationalities. Although not technically a communist organization, several Communists have been affiliated with it (see KGB-5053) and, therefore, membership in the I.R.R.C. should be viewed with some suspicion.

Subject: International Rescue Committee Program for Hungarian refugees

During a recent luncheon conversation, the Ambassador suggested to General Donovan and other officers of the International Rescue Committee (IRC) that this organization might investigate the advisability of devoting part of its funds and efforts to the student groups among the Hungarian refugees. General Donovan and other members of the Board of IRC have acted favorably upon this proposal. A copy of conversation attached as Enclosure 1 to this despatch indicates the general lines of action being followed by this organization.

General Donovan also discussed with Mr. R. R. Brown, OPC, Frankfurt, the question of U.S. administrative support for UNRRA's IHP and student programs and was counseled to submit estimates of the costs prior to contract negotiations.

to be as follows:

1. Care and maintenance of and counseling and other assistance to
1000 students (predominantly university rather than high school)
for one year. Although I.C. will take care of the students whom
they have secured, moreover they may be, the French Government
has agreed to pay 10 francs per day for all of those students
who remain in Austria. I.C. will endeavor to have three of its
students qualify for scholarships offered by U.S. foundations
and others for 500 scholarships offered by the French Government,
as well as any others which may be available. In the case of
any student who obtains a full scholarship, I.C.'s assistance to
him will consist primarily of counseling assistance and supple-
mental aid, if required.
- (See below
for 2.)
2. A hostel for 100 students to being established and will be
operated near Paris by the French branch of I.C.
3. I.C. is covering expenses of a student hostel in Vienna - estimated
capacity 300 students.
4. I.C. is covering the costs of a hostel for a reported 150 students
in Wolfsgangsee.
5. I.C. has purchased a Volkswagen bus which starts operating as of
today near Linz, shuttling refugees from the border to the
collection station 6 kilometers away.
6. I.C. will furnish 500 assurances under H.R. for the U.S.
200 have already been covered. These assurances are not
intended to obtain as individuals but the Committee would
prefer to assist these types insofar as possible.
7. Some two weeks ago I.C. offered the Ministry of Finance to cover
the cost of 1000 kids. As the time to date was available for
payment in Austria to the bank was called off by the Ministry,
since then the Ministry has not followed up H.R. procedure,
(although I have personally suggested as occasion to Ministry
officials that they should not let this opportunity drift). but
I.C. still stands ready to cover its commitment.

Poll stated that he had passed along to New York your suggestion that the Agency cover provision of clothing and fiance books in Camp Kilmer. For sure, he anticipates that most countries will probably cover their own cases with regard to such items, and he does not expect I.C. to undertake the entire burden. He did state, however, that the Committee was bringing in two or three more experts to support the operation in Vietnam. In France they are looking into the Free Europe University in Strasbourg but would prefer not to have it associated with I.C. because of its government connections.

By Our Diplomatic Correspondent

A thousand Eastern European anti-Communist refugees of the professional classes may be sent for employment to the United States by the International Rescue Committee. Mr. David Martin, the Committee's Executive Director, is in London on his way to Paris and other capitals to investigate the scheme's possibilities.

It is also proposed to establish, probably in London and Paris, European institutes for the study by refugee experts of every aspect of life in East Europe. Mr. Martin said yesterday:

"The time has come when the free nations must use this mass of human talent to record what is going on and to ensure there are groups available to revive culture in Eastern Europe when the time arrives. We are prepared to bring 1,000 intellectuals to the United States and could, I think, absorb 2,000 - 3,000."

Frankfurt

Dear Mr. [redacted]

In June of 1954 this office received a case from AECI for a woman by the name of M. PLASILLOVA, Pauline Marie, who was born in Teplice, Czechoslovakia, on March 11, 1927. At the time her case was submitted to this office she was a student in Geneva residing at 3 Avenue Guise, and she was being processed for immigration to South America.

During a routine check conducted on this individual this office learned that Plasilova was associated with one Friedrich Killy, a suspected espionage agent in Switzerland. The information did not indicate that Plasilova was implicated in Killy's activities. On the other hand, it was indicated that an entry visa to France was demanded by the French authorities. It was indicated that our contacts in Geneva did not have direct access to police files on Plasilova which are alleged to be voluminous. No attempt was made on the part of American personnel to analyze the case at that time. However, it was the opinion of a competent American officer in Geneva that Plasilova should have been questioned in detail about her background and activities for the past seven years.

Based on the above information, Plasilova was denied UEPB eligibility. On August 24 I wrote to the American Consulate in Geneva advising them that Plasilova had left Switzerland and immigrated to Mexico on July 2, 1954. Her transportation was covered by a Revolving Fund loan from the International Refugee Committee because UEPB eligibility had been denied. I advised the Consulate that it was my opinion that this information should be brought to the attention of proper American authorities in Geneva, in that Plasilova's presence in Mexico might not be in the best interests of the United States.

On October 1, 1954, I received a letter from the Consulate in Geneva. This letter stated that "If you would indicate the particular authorities here to whom the fact that this woman has proceeded to Mexico might be of interest, I shall be glad to communicate with them."

This office does not feel that we should tell the Consulate in Geneva which American officers would be interested in the type of information set forth above. It is felt that you might wish to transmit this information.

Sincerely yours,

Hollie

DISPATCH NO. EWI-15002**SECRET**

CLASSIFICATION

DATE _____

**TO : Chief, II
 The Chief of Mission, Frankfurt**
FROM : Chief, Berlin Operations Base

SUBJECT: COMINT - COLDINT/Operational

MESSAGE - Identity 1

- DIA:**
 A. DIA 24767
 B. COMINT 1467
 C. EDDIA 5540

1. **Synopsis:** In accordance with the request contained in Reference 4, a summarized evaluation of the potentialities of Identity 1 was forwarded in Reference 9. This dispatch is prepared to record in greater detail the information forwarded in Reference 9 and to report the latest developments concerning Identity 1.

2. Several weeks following the 17 June 1953 demonstrations, a group of East German refugees, who identified themselves as "strike leaders", were reported as forming Identity 1. From several sources, it was determined that this group was receiving behind the scenes moral support, direction and guidance from such persons as Edward S. Van Rens, Paul V. Boukres and others who allegedly wished to create a roof organization for West Berlin resistance-type groups. It was previously known that Van Rens was very active for over six months attempting to establish a central file for information concerning East Germany to which all West Berlin organizations could be required to submit information. Publicly, his reason for this was to simplify coordination activities among the Berlin groups, but it is known that his real reason was to establish a personal measure of control over all of these organizations. In the past, his efforts had been unsuccessful due to, among other factors, the absence of a convenient "carrier" organization. The continuing efforts upon the part of East Germans to regain the position he had prior to his dismissal from UNEF are a matter of record.

3. It appeared that the creation of Identity 1 as a corporate entity would not add anything of constructive nature to the general "cold war" front, and further, that its existence under the behind scenes guidance of the persons mentioned above would merely complicate the already complicated West Berlin scene. The DOD position was, therefore, to attempt to prevent the formation of Identity 1 and to receive the results available among the "strike leaders" upon an individual basis. Reference 9 contains a description of the activities of DIBEL in this regard.

4. On 10 July 1953, prior to the initial meeting of Identity 1, COMINT invited the "strike leaders" to visit the COMINT establishment to be briefed of the manner in which COMINT carries out its East German mission. During this visit, a member of the "strike leaders" discovered that the COMINT East German program encompassed

all of the points which were hoped to be obtained by the formation of Identity 1, and since this would constitute an obviously undesirable duplication of effort, approximately ten of the "strike leaders" indicated that they would give their support to CADMOIT or other existing organizations rather than to the new group. (The German language report of the CADMOIT meeting is forwarded under separate cover as attachment "A")

5. On 21 July 1953, a special meeting of various West Berlin government and resistance group representatives was called to discuss the feasibility and desirability of encouraging the formation of Identity 1. With few exceptions, all of the major organizations expressed the view outlined in paragraph 3 above. The suggestion was officially voiced that the members of Identity 1 should lend their support to existing organizations. (A German language report of this meeting prepared by the CADMOIT representative is forwarded under separate cover as Attachment "B")

6. On 12 August 1953, a meeting was called by HICOG-EAU of representatives of U.S. intelligence organizations in Berlin. The purpose of this meeting was to discuss the possibility that the formation of Identity 1 might constitute a threat to the security of American forces in Berlin. HICOG had also received an erroneous report that DTLINE-N and CADMOIT were rendering Identity 1 financial support. The latter impression was corrected during the meeting, and it was determined that Identity 1 would probably not constitute a threat if it did not receive or develop financial backing. At the time of these discussions, it did not appear likely that Identity 1 would receive such support, and its assets would probably be absorbed in other West Berlin or West German organizations. There were indications that several of the "strike leaders," with the aid of ZECONITY, were gaining employment in the Federal Republic.

7. The only direct contact established by BOB with any of the "strike leaders" was with Identity 2, who was considered for employment with DTLINE-N. The nature of this contact is essentially covered in the following correspondence: SELW OCCM, DIR 18181 and MCP-A 6120. Identity 2 was not hired by DTLINE-N.

8. On 17 October 1953, the Chairman of Identity 1, Identity 3, informed Nelson O. Henard that he (Identity 3) intended to resign from Identity 1 since he was receiving insufficient support to make a living. He stated that although he was receiving some support from Identity 4, it was not enough to maintain his organization upon a working basis. Identity 3 said that he had made several radio appearances, and that as a result of these, Identity 1 had been receiving up to one hundred visitors a day. He reported that he had attempted to gain financial support from the West German Ministry for All German Affairs and other organizations, but had been unsuccessful. He then suggested to Henard that Identity 1 and CADMOIT could establish a covert working agreement with the latter organization furnishing the funds. The offer had one attractive aspect, namely, that CADMOIT could, through the assets and name of Identity 1, broaden its present mission and expand into other fields of psychological warfare. However, for the reasons outlined in paragraph 3 above, Henard was instructed to sever all contact with Identity 3. After he was informed that CADMOIT would not endorse the suggested working arrangement, Identity 3 admitted to Henard that there were undesirable elements within Identity 1 who would have to be removed before the organization could function effectively.

9. In accordance with the request contained in Reference A that a study of Identity 1 be made, discussions have been held with Identity 5. He stated that he was well aware of the activities of Identity 1 and that they were closely associated with the development of the TPOCCULT Berlin office. Shortly following the Stock-Holm meeting of TPOCCULT, Grambo, Identity 6 and others met with Identity 5 in Berlin to discuss the advisability of increasing the activities of TPOCCULT in Eastern Germany. Identity 5 felt at the time that Grambo and Identity 6 appeared to be the force necessary to get TPOCCULT on its feet in West Berlin. It was decided that TPOCCULT would form a Berlin office which would be responsible exclusively for East German operations. Although the mission of this office was not initially established, discussion apparently centered about the formation of an underground trade union to oppose the East German FDGB. Identity 6 and Grambo indicated that funds in the amount of DM 1,000,000 would be provisionally available.

10. Identity 7, an East German refugee who was an active labor leader and had worked with the SFD Ostbüro, was designated the chief of the new TPOCCULT office. He commenced work immediately, but it soon became apparent that he was not going to cooperate with either CADENA or ENCODEDLY Berlin, other than to use the latter's offices. Identity 5 states that efforts were made by West German and Belgian representatives of TPOCCULT to bring Identity 7 into closer harmony with CADENA, but these were fruitless. Identity 7 kept knowledge of his activities from ENCODEDLY members, and it also became apparent that he was not informing TPOCCULT of everything either. The latter has evidenced a growing distrust and dislike for Identity 7 which has almost approached the state of complete disassociation. (For recent evidence of TPOCCULT by-passing its own Berlin office, see ED-A 11223 which describes a TPOCCULT overture to ULLIKEN.)

11. Since the TPOCCULT Berlin office was more or less an outgrowth of the 17 June demonstrations, it was natural that Identity 1 would seek a close working association with that group. An attempt was made, but apparently Identity 7, as an individual, prevented the establishment of an effective working relationship. On the other hand, CADENA looked upon the TPOCCULT office under the leadership of Identity 7 as an increasingly undesirable element in the Berlin and East German scene. According to Identity 5, it was about this time that Bouireau began making overtures to CADENA, reportedly acting as an "unofficial" representative of Identity 1. Since then, CADENA apparently has considered Identity 1 as an activity to effect the undesirable operations of Identity 7 and has reportedly been funneling some funds (amount unknown) to Identity 1, possibly through Bouireau. Identity 5 is aware that CADENA speaks highly of Bouireau, an observation which has been reported by John H. Quaintance also.

12. Identity 5 reported further that Bouireau has been quite active gaining publicity for Identity 1. He has, for example, coordinated with Identity 6 in the preparation of an article concerning 17 June for Identity 9. During the Fall of 1960, Identity 6 introduced Identity 5 to Bouireau, and since that time, the latter has frequently pressed Identity 5 for U.S. support of Identity 1. Identity 5 has always told Bouireau that Identity 1 is completely a labor matter and that proper liaison should be made with either TPOCCULT or ENCODEDLY. Identity 5 introduced Bouireau to an American representative of the AFL, but there was no indication of the amount of interest the latter organization showed in the affairs of Identity 1. Recently, Bouireau published a study of the events of 17 June (his source of facts for this venture is unknown, but Identity 5 suggested that they may have come from CADENA). Bouireau, giving credit to Identity 1 for the material in his report,

SECRET

has mailed copies of the booklet to prominent public figures throughout West Berlin, among them Identity 5 and CADOMA. About one week after Identity 5 received his copy, Bourassa telephoned him requesting comment concerning the publication and reiterating his former request for W.D. support of Identity 1. (A copy of Bourassa's booklet was given John H. Quintance by CADOMA. This copy is forwarded under separate cover as attachment "C".)

13. It was reported in Reference 8 that Identity 5 felt that a major portion of Identity 1's financial support stemmed from Identity 19 sources, however, he now feels that what little support Identity 1 is receiving comes from CADOMA for the reasons outlined in paragraph 11 above. Identity 5 was aware that Identity 1 had received welfare items from Identity 4 for further distribution among the families of persons who had been arrested for taking part in the 17 June demonstrations. To his knowledge, however, no funds, as such, were ever given Identity 1 from this source.

14. Malcolm G. Henard recently reported that Identity 3 has resigned from his position in Identity 1 and is now practicing law in Western Germany. Henard also stated that he has heard of no recent activity upon the part of Identity 1 and has heard of no replacement being named to fill the post vacated by Identity 3.

15. The membership list of Identity 1 as reported in DDCN-207 agrees in part with a list forwarded by Henard. For comparison purposes, the latter list is forwarded under separate cover as Attachment "D".

16. Since it appears that Identity 1, although reportedly not very active, has been receiving a small amount of financial support from CADOMA, it is possible that a continued investigation of its activities may be warranted. If so, it is suggested that future quorums be directed to John H. Quintance, the DDCM Case Officer who has direct contact with CADOMA. Since the attachments are forwarded in single copies, it is requested that they be forwarded to the Home Office following perusal.

Intercepted 07/14/11, dated 31 October 2012

1. The files of this office reveal the following information concerning the subject:

(a) The name of Lo Lo Shih... appeared in connection with the Mal and Mahe. An MI report on the interpretation of the documents dated 0 October 1947 stated that the Mal and Mahe had been broken and Mahe had over a period of many days, they first being seen very reluctantly in Hanoi in the period 1937-1938. As far as Mahe was concerned he was foreign correspondent for the American newspaper, was very pro-American. During this period Mahe took his wife and two sons to Hanoi where they kept them for almost 2 years and acted as their protectors and teacher. This report further stated that in 1939 after the Mal and Mahe had returned from Hanoi having broken with the Communists, they saw the Communists quite often, and they found that the Communists were also friendly with the Covrots. As of 1947 the Mal and Mahe were still friendly with both of the Communists and saw them from time to time.

(b) In a report dated 5 August 1950 reviewing his activities in Russia during the 1920s and 1930s, it was noted that FLINCH had well known to have enjoyed unusually close contact with Soviet officials particularly in the Soviet Foreign Office. He continued his direct contact with Russia U.S.S.R., Soviet Foreign Affairs Committee, and was reputed to have rounding him a plus-line to the Kremlin through the outstanding Bolshevik journalist, Karl Radek, and out of FLINCH's well-placed contacts were liquidated in the Great Purge of 1937-38, and all this contributed, no doubt, to FLINCH's disillusionment and disengagement with the Soviet regime. In my view, he contrived with difficulty to get his Soviet connections off in two ways, the best deal U.S.-Soviet officially, out of the USSR. Mrs. Eleanor ROOSEVELT was credited by FLINCH with having obtained the exit visa through personal intercession with Soviet Ambassador KARABYK in Washington for the Soviet authorities were well aware at the time of FLINCH's defection. report also stated that FISCHER was active during the Spanish Civil War in support of the Republicans and was reputed to have had good contacts with the late Republican Prime Minister, RODRIGUEZ, who was generally regarded as a Soviet stooge. However by this time Fischer was regarded in Moscow as a "Trotskyist." The report continued by stating that FISCHER had been very active in supporting the Indian Nationalist cause and was on very good terms with GANDHI. At the same time he had become very critical of the USSR and Communism generally. During 1950 and 1951 he displayed some interest in the Russian émigrés in Germany, those who were former Soviet officials, and collaborated with Boris A. KALININ in publishing a book in the U.S. entitled "Russia Today" which is a compilation of the reported life stories of certain émigré officials, notably from the Moscow movement.

In this report reference is made to Maria Fischer, wife of Louis FISCHER, who was born in Latvia, and said to have written some books under the name of Maria Fischer. It was also she was a secretary of CHIGIRIN, the early Soviet Foreign Affairs Commissar, and Louis FISCHER was her son who was working for CHIGIRIN at the Spanish Conference in the early 1930's. Although she had been very strongly pro-Soviet in Moscow, she reportedly was very bitterly hostile in her present anti-Soviet expressions and attitude. Since she was also reported to be in Berlin as the representative of the International League Committee of the USA. She was reported to have left Germany in 1951 to go to Italy where she was reported to have worked on a book said to be a work of fiction. This document stated that Maria Fischer FISCHER was currently living at a farm which she owns at Miller's Church, Pa., near Lancaster, Pa., but that she was seeking employment again in working life.

Another section of this report was devoted to François Fischer, son of Louis and Maria Fischer FISCHER, who is sometimes known by the handle Chigirin, Paris. He was educated in both Germany and Moscow and came to the U.S. at 14 years of age with his mother. He was graduated from the University of Wisconsin. Serving as a captain in Air Force Intelligence during the war, he was used on missions in which where his knowledge of Russian proved very useful. This report stated that following the war François Fischer was at Harvard for several years as a Lowell fellow ship and had been working on his thesis for his doctorate. He has done considerable writing on the origins and history of the Moscow movement, his output being probably the best material available. To obtain material for articles appearing in a number of American magazines, he made several trips to the United States and other U.S. centers in Germany. His most recent trips were on behalf of the Russian Research Center of Harvard University, and he seemed to enjoy the confidence of Professors KALINOVICH and MAILED there. While in Germany in April, 1950, he was traveling on orders from the Air Force Intelligence. He is an officer of the Air

Marco Reserve. This report further stated that in August 1950 he returned from another trip to Germany where he conducted negotiations for the Harvard Russian Research Center in connection with the establishment in Munich of a Russian Research Institute and also to arrange the details of the Harvard Russian Center's project of sending a group of students to Germany the autumn of 1950 to study the Russian emigration. It informed Professor PALOU that upon his return he was withdrawing from further work for the Harvard Russian Research Center in order to concentrate on his thesis. George MICHAIL's principal contact in Germany was Boris YEVOLKOV, head of the Vlasovites group, Soviet Foreign as Cochairman Kirovskii Militant Union for Liberation of Peoples of Russia, the SOGNI. In earlier trips he had been in touch with Phillip MUSOMAKOV, chief of SOGNI's security section, but since MUSOMAKOV was reported to be suffering from cancer and therefore not active, MICHAIL's later contacts with him were second-hand. George MICHAIL is reported to have talked with Col. PUDOVKOV in connection with research which PUDOVKOV was doing for Harvard, but MICHAIL did not have close contacts with him.

(e) The FBI in an investigative report on Carol Durney BRANDS dated 6 January 1951 stated that an informant of known reliability advised that in October and December 1950 and also in January 1951 Louis MICHAIL, who then resided at Hotel Duran, 237 Madison Avenue, New York City, was in contact with Carol HILL, literary agent, 22 West 46th Street, New York. This report quoted a review of MICHAIL's book "My Life in Russia" in the 12 May 1951 issue of "The Sunday Times". This review stated: "For 25 years Louis MICHAIL was the journalistic delegate from New York's liberal press to the Russian Revolution. His two-volume "My Life in Russia" [1950] gives MICHAIL an authority as Russian foreign political and cultural life into close contact with Russian politicians." According to this review, while dispatches of their (Hill's) correspondent in Russia were objective and full of hostility to Russia, MICHAIL's reports were constantly favorable to Russia and he became the favorite Russian author of "Times Building U.S. Intellectuals." This report also stated that an informant of known reliability advised on 11 July 1951 that MICHAIL, a well-known Communist writer, was leaving for England and that another informant of known reliability advised that in 1937 MICHAIL was active with the Loyalist forces in Spain. In addition an informant of unknown reliability advised in George J. CANNON in February 1951 that he had no positive information but believed that MICHAIL was working for the GPU.

(f) In an FBI report on Coleman A. McNutt dated 21 February 1952, an informant of known reliability stated that he met MICHAIL, reportedly a member of the Soviet Intelligence organization in the U.S., engaged in industrial espionage, on the basis of Louis and Barbara MICHAIL in Moscow in 1950. The report identified MICHAIL as an anti-Communist writer, author of "My Life in Russia", the at that time the pro-Communist and was in Moscow for the magazine, "Tribune".

SECURITY INFORMATION

(e) A 600 report on M-74-9714 dated 7 and his wife dated 17 August 1950 included a list of names which apparently obtained from the subjects. The name of Louis FISCHER, 297 Madison Avenue, New York City 16, telephone 133-2-9340 appeared several times and the date 16 December 1947 mentioned. The name of FISCHER also appeared on a list headed "Letters".

(f) In a document from a usually reliable source dated 22 September 1951, Louis FISCHER, an American citizen born in Philadelphia 19 February 1903, was reported as staying at the Hotel Inglesiato in Rome from 3 April to 13 April 1951. He was accompanied by his alleged wife, Berta MUSKIN born in Latvia on 2 January 1908. He was in possession of passport No. 3533 dated 1 November 1950 and his wife, No. 15740 dated 23 February 1948, both issued in Washington. Berta was reported as departing for Florence on 7 April 1951 where it seemed she was joined by him. According to personnel of the hotel, FISCHER was a journalist. He claimed to be a journalist, but there were some doubts as to this claim. When leaving Rome, he left his trunk with hotel personnel, and it was later picked up by an unidentified friend. In Rome FISCHER had contacts with fellow-Americans. The purpose of his trip to Italy was unknown.

(g) A report dated 18 September 1951 stated that one GRABINSKI and wife, and GAVRIYI and wife spent the holiday of Easter, 1951, at Portia (near Naples) together with the "well-known anti-Stalinist entrepreneur, Louis FISCHER." This report also stated that GRABINSKI had Communist affiliation but that GAVRIYI gave no indication of being aware of this.

(h) In a report dated 23 December 1950 Louis FISCHER was included among delegates to a conference of the International Labor Organization to be held 10 December 1950 in Lyons, France. The report also stated that it was presumed that FISCHER was from France but that this was not definitely known.

(i) In a document dated 18 January 1951, Louis FISCHER was reported to have made contributions to the SOUL, a political organization composed of the leftist remnants of the wartime Viessov movement. SOUL carries on both overt and clandestine activities aimed at the eventual overthrow of the Soviet Dictatorship. The activities of this organization have been financed mainly by dues, contributions, and indirectly by Harvard University through the Institute for the Study of the Soviet Union which is staffed wholly by SOUL personnel.

2. There is also a reference to Louis FISCHER in WPA-8135 dated 23 May 1951.

3. In requesting information concerning subject, WPA-9714 invited our attention to the following references: WPA-4135 dated 14 December 1950, WPA-4170 dated 19 December 1950, and R. C. Symmell's memorandum of 5 January 1951. It is the opinion of Nicholas A. Roman, author of WPA-4135, that Louis FISCHER described in these references is not identical with Louis FISCHER cited in the KAFZ synthesis.

~~Proposed cooperation of CIA for mutual rescue operations~~

1. Subject spent two hours in my office on Thursday,
2 November 1950, pointing out various ways and means whereby
we and the CIA could be of mutual benefit to each other. His
proposals were that:

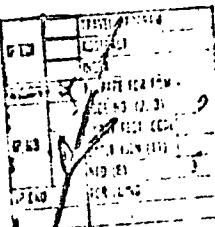

(a) CIA find many valuable intelligence sources in Europe and that he should be able to contact CIA overseas personnel in order to pass this information and receive their aid in getting the sources to this country. I replied that this was impossible but that CIA's New York Field Office, with which he has already been in contact, would be glad to furnish any documents of assistance for consideration under Section 3 of Article 110 to facilitate this for consideration.

(b) CIA intercede with the Department of Defense for CIA's use of some of its quota for entrance of displaced refugees. I replied that I felt that he should deal directly with the Department of Defense on this.

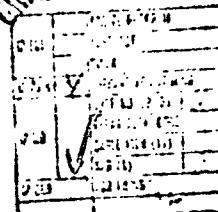

(c) CIA should go to Congress and press for amendments to the National Security Act in order to further CIA intelligence potential as well as assist in a peace detection movement. I replied that this was a policy matter for the Department to solve, that CIA in an effort to maintain neutrality was averse to getting into controversial public disputes but would undoubtedly state its position if called on by congressional committees to do so.

(d) CIA take up with CIA in Germany the language in the preceding of (c). I replied that this was also of CIA's business and that he should discuss this with CIA on his next visit to Germany.

(e) CIA contribute to the export of a proposed Service Institute in Paris, Germany, America and Turkey which would provide employment for displaced economists, journalists, etc., and result in a source of excellent intelligence. I replied that we had no funds for propaganda.

MESSAGE Assistance to Soviet Escapees Through USEP
RE: DODA-43972

1. In a recent conversation with Mr. Richard E. Brown, USEP, Frankfurt, he read several portions of a letter which he had just received from his Washington headquarters directing some fairly strong criticism to the German country unit in its handling of the program. Needless to say, Brown was considerably upset since it appears that much of the criticism stemmed from KUMARK. It was his impression that our conversations of last November and December and the remedial action taken by CG at that time relative to the USEP German unit's handling of the Soviet program had indicated his willingness to do anything possible to correct deficiencies and to forestall just such criticism. In paragraph 1 of the reference we indicated that satisfactory answers to our questions had been received. In this connection we enclose as Attachment A a copy of Brown's written answers to our specific questions. (Attachment B is a criteria for USEP assistance.)

2. In regard to the criticism levelled at Brown and the German unit by the senior's ~~the~~ office, the following pertinent excerpts were passed to the undersigned:

"At the third meeting a great deal of stress was laid on the question of the special interest cases of other Government agencies. I was able to dwell at some length on the special handling that we have given special interest cases, and to cite chapter and verse of our report to the CG. Nonetheless, it was felt that we should very greatly intensify our efforts in this respect. It is clearly considered that the disposal of special interest cases on a very high priority basis warrants unusual effort, procedures, and expense on the part of the Program. Both Army and (Navy) attach very great importance to this, and once dissatisfaction was expressed with the manner in which the present procedures are being implemented by the Program. In Germany, specifically, it was felt that the Program has been reluctant to associate itself or its contractors with cases which might present insuperable difficulties in connection with the

voluntary agencies, the Program should find other means through other contractors, or through its own offices, of carrying the point on a top priority basis. It was felt by all that the Program was better suited to such an effort than any other type Government program, and that one of the most important handicaps of its effectiveness must be its inability to handle this type of case. In brief, it was thought that it would be best perhaps best inelastic in our approach to this problem and predisposed to keep a strong-pure orientation at all costs.

....."I went to bring out one main point. At the first three GDR meetings, and from numerous other sources, it was known that the High mission recently, there had been severe criticism of the manner in which eligibility criteria were being applied by the German authorities. Criticism has been received on several occasions from (WIAKE), and is also included in the 21st Department report to the GDR group. The charge is made that the German country has been unnecessarily lenientistic, has adopted overly restrictive measures, and has been hypersensitive. The statement was made in the GDR meeting that among the all-important Soviet defectors, cases had been turned down on the grounds of voluntary repatriation even though the defectors never left East Berlin. The statement was also made that among the Soviets, only diplomatic and military defections had been granted eligibility."

3. We are assured by Brown and other USCP officials that the final charge made above relating to diplomatic and military defectors is entirely erroneous and this refection is borne out by our own investigation. In the past, eligibility was withheld from certain "voluntary repatriates" who had in fact, not no further than within on the trek back to the USSR and the defector returned to West Germany. However, we are assured that this is no longer necessarily true and that each case is judged individually.

b. Finally, the Korean Mission feels that remains flat statement that any or all assistance can be rendered to any escapee without regard to past disloyalty, provided KUAN will designate those to receive such assistance, is evidence of his and his unit's desire to cooperate wholeheartedly. We wish to assure Headquarters that the field is now of the opinion that KEP is making a sincere and energetic effort to carry out a most difficult task. We have no complaints at the present time as to the handling of that part of the program which touches KUAN's interests. It will be appreciated if this can be made clear by the KUAN official responsible for liaison with the Escapee Program in Washington.

However, EPD Germany has advised OFC that a form has been devised to determine this information and that this form was presented to the agencies, for their use, on December 7. They have been asked to report on all persons assisted.

(b) Question: What, if any, project exists to relieve TB incidence among this group?

Supplemental aid is primarily designed to help escapees maintain or recover their health. All agencies know that evidence of poor health, supported by advice of a doctor, authorizes special food supplements. USEP funds can and have been used to provide better living conditions also. The Tolstoy Foundation and APER have spent \$7,550.45 on supplemental food, including additional food at the three special installations. No figures are available as to the exact number of TB Soviet escapees who have been assisted.

(c) Question: How many people have received jobs through the efforts of the agencies?

(1) Through the Kaiserslautern project, 49 Soviet escapees have been placed in jobs and private housing found for 17 of this number.

(2) During the recent review of agency cases, about 50 Soviet escapees proved to be employed. In some cases, agency participation was apparent; in others, not. The degree of agency aid in finding these jobs would be difficult to pinpoint.

(3) There is also evidence that 20 to 30 escapees have enlisted in Labor Service Companies as "other nationalities". Here again, agency participation is difficult to determine.

(d) Question: How many have been emigrated through efforts of the agencies?

According to the October reports, the Tolstoy Foundation has obtained 94 visas for escapees, in addition to 432 visas under Section 3(c) of the DP Act. For the rest of the fiscal year they estimate that they will obtain 118 more 3(c) visas and 53 others. APER, which has just started resettlement activities, expects to obtain 15 visas under Section 3(c) and 15 others.

(e) Question: Is there any vocational training or other educational program?

(1) There are three vocational training schools available for escapees, with unused space in all three, at Munich, Ingolstadt and Berlin. Training-expense-plus complete care and maintenance are paid

for by the German Government and USEP. The Karlefeld project, will, hopefully, attack the problem causing poor attendance, namely lack of interest and poor social adjustment.

(2) The World's YMCA conducts language training in Valka and Karlefeld. Other classes were discontinued due to lack of attendance, but a campaign is now in progress to rebuild the program.

(f) Question: What housing projects have been projected?

No further housing projects are contemplated until:

(1) The agency counsellors visit each family and definitely determine the problems facing them, and

(2) The present 126 to 146 spaces are effectively utilized.

13. Question: What are future plans for the items listed in paragraph 127?

The fundamental shortcoming in the USEP program to assist Soviet escapees is the fact that the counselling program has not been completed. Once this has been done, EPD Germany and the voluntary agencies together will develop a comprehensive program for meeting all of the needs of the Soviet group. This plan will undoubtedly include inter alia:

1. Development, improvement and completion of the projects now in operation.

2. Increased supplemental aid as families are visited and their needs determined. Close supervision will be exercised to ensure that the agencies relate this aid to the solution of the families' problems, including health difficulties and housing.

3. All escapees will be registered for emigration, the employables among them will be trade-tested, and arrangements will be made to ensure that the proper vocational training is available to those requiring it. In addition, assistance will be extended in clearing up legal problems faced by escapees which might bar them from resettlement. The agencies will be required to submit special reports on their activities.

4. Special efforts are being made to revitalize the vocational training and language training programs. Past experience indicates that success in this endeavor will be limited. However, it is hoped that effective individual counselling will eventually induce the escapees to take proper training.

for by the German Government and USEP. The Karlsfeld project, will, hopefully, attack the problem causing poor attendance, namely lack of interest and poor social adjustment.

(2) The World's YMCA conducts language training in Valka and Karlsfeld. Other classes were discontinued due to lack of attendance, but a campaign is now in progress to rebuild the program.

(f) Question: What housing projects have been projected?

No further housing projects are contemplated until:

(1) The agency counsellors visit each family and definitely determine the problems facing them, and

(2) The present 126 to 146 spaces are effectively utilized.

13. Question: What are future plans for the items listed in paragraph 12?

The fundamental shortcoming in the USEP program to assist Soviet escapees is the fact that the counselling program has not been completed. Once this has been done, EPD Germany and the voluntary agencies together will develop a comprehensive program for meeting all of the needs of the Soviet group. This plan will undoubtedly include inter alias

1. Development, improvement and completion of the projects now in operation.

2. Increased supplemental aid as families are visited and their needs determined. Close supervision will be exercised to ensure that the agencies relate this aid to the solution of the families' problems, including health difficulties and housing.

3. All escapees will be registered for emigration, the employables among them will be trade-tested, and arrangements will be made to ensure that the proper vocational training is available to those requiring it. In addition, assistance will be extended in clearing up legal problems faced by escapees which might bar them from resettlement. The agencies will be required to submit special reports on their activities.

4. Special efforts are being made to revitalize the vocational training and language training programs. Past experience indicates that success in this endeavor will be limited. However, it is hoped that effective individual counselling will eventually induce the escapees to take proper training.

ORT Union, the World YMCA, and the Lutheran World Federation. Without exception, these agencies have strong and reputable American affiliates which are accredited and recognized by the Advisory Committee on Voluntary Foreign Aid. In the case of WCC, the American affiliate is the National Council of the Churches of Christ, whose welfare organization is the Church World Service; it is accredited by the Advisory Committee on Voluntary Foreign Aid and is a member in good standing of the American Council of Voluntary Agencies for Foreign Service, Incorporated. The specific requirements for qualification are not now available; however, it is believed that to be qualified for accreditation by the Advisory Committee, an agency must be supported by voluntary subscriptions, and humanitarian in character. It is believed that agencies wholly political are not eligible.

9. Question: What is the status of the proposal to form a Russian labor company which we understand has been approved in Washington?

General agreement on the formation by USAREUR of a Labor Service Unit comprised of Soviet escapees has been reached by US EUCOM and USAREUR. This project now only awaits final approval from the Department of Army as to certain details. (It is understood that the Army has already agreed to the proposal in principal.) It is anticipated that the project will be implemented in the near future.

The Unit, which will be assigned a guard mission, will comprise initially 100 officers and men. In addition, one man to act as staff adviser to USAREUR on matters affecting the Unit will probably be recruited. This position should have a field grade of perhaps a Lieutenant Colonel. The personnel ceiling of 100 may be raised to 200 should it appear desirable in the light of experience. In order to avoid the appearance of supporting Great Russian or minority national aspirations, the shoulder flash for members of the company would bear the name "ROSSISKIY" or Russian People, rather than "RUSSKIY" or Russians.

In the course of a recent discussion between representatives of CAS, U.S. EUCOM, and this office concerning this proposal, general agreement was reached on the following points:

- a) Leadership in the company should be recruited from the more recent Soviet escapees or defectors, rather than from the older "enigre" group;
- b) Efforts should be made to recruit the maximum possible number from the escapees registered with USEP; and
- c) The TZOPE group should be strongly represented in the company.

10. Questions ...

SECRET

-6-

10. Question: Have any steps been taken to get the Clemency Board of HICOG to pardon Soviet escapees sentenced for minor offenses committed in an attempt to survive, thus clearing their records? Do you want us to make any pitch on this?

In the past, petitions for clemency have only been presented to the Clemency Board of HICOG when a person was under active consideration for resettlement. The Clemency Board has usually acted swiftly with the best interest of the individual and of the U.S. Government in mind. Recently, however, steps were taken to initiate petitions for clemency on all cases of the types mentioned in Question 10. It is too early at the present time to foresee the result of this operation. However, it is believed that it is not yet necessary for CAS to approach the appropriate officials on this point.

11. Question: Is the USEP policy to reduce the numbers who can be helped under the Program? If true, what are the reasons for this policy which appears on the surface to be a step backward from solving the problem?

It is not the USEP policy to reduce the numbers who can be helped under the Escapee Program. As a matter of fact, the USEP caseload has continued to increase despite the fact that over 6,000 have been resettled, and many have been dropped for various reasons, including ineligibility, local integration, and death. It is true that the primary purpose of the Program is to resettle eligibles abroad, and to integrate locally those whose resettlement potential is low. This action, of and in itself, does tend to reduce the number of persons who can be subsequently helped under the Program. It is also the policy of the Program to create an atmosphere in which other programs which depend to a certain extent upon the psychological attitude existing in emigre circles can operate successfully. In furthering this particular objective, the Program has recently taken action to declare as eligible those persons who, although having records as minor criminals, are of interest to U.S. agencies, and have broadened the basis to accept any Soviet citizen as eligible if he has in any way been under discipline of the Soviet Government since January 1, 1945.

12. Question: What has the Escapee Program accomplished for Soviet escapees?

USEP's assistance to escapees is based primarily upon the needs of each individual registered with the Program. These needs are determined through a counselling program under which the voluntary agencies cooperating with USEP are supposed to send case workers to the field to interview each escapee family to determine their particular needs, background, problems, experience, ambitions, and general situation. Based upon this interview the agency is supposed to develop a specific

plan of assistance for the family with the basic objective being their eventual resettlement to a country of immigration or, if this is not possible, re-establishment within the economy of their present country of residence. Although the Escapees Program Division of the U.S. Operations Mission for Germany has contracts with both Tolstoy Foundation and AFRP to carry out a counselling program for Soviet escapees, and has spent approximately \$14,000 on each agency in this connection, to date the agencies have not completely counselled all of their caseloads. Accordingly, it is most difficult to make any kind of analysis of the amount of assistance rendered as compared to the extent of need. On December 7, representatives of both agencies were advised by the Escapees Program Division, that the counselling program must be completed in the near future, and that USEP will be in a much better position to evaluate the program of assistance to Soviet escapees.

Despite the admittedly unsatisfactory situation outlined in the previous paragraph, certain positive action has been taken by the EFD and the voluntary agencies to provide assistance to Soviet escapees. Reportedly, AFRP has distributed in the neighborhood of \$13,000 in supplemental assistance in the form of food, clothing, lodging, etc., to escapees registered in their caseload. The Tolstoy Foundation has distributed in the neighborhood of \$19,000. In addition, three special housing aid projects have been established in Germany: the Friendship House in Munich with a capacity of 10 persons, and the center in Kaiserslautern, with a capacity of 36 -- both sponsored by AFRP, and the Tolstoy home in Karlsruhe which has a capacity of 80 to 100. A word about each of the following installations:

The Friendship House in Munich is small and is always full. The length of stay varies per individual as its primary purpose is to furnish temporary housing for Russian escapees who come to Munich looking for work. In some cases these periods of residence have dragged out. At this home full care and maintenance is given, as the residents are mostly ineligible for relief grants in Bavaria.

The Karlsruhe house was opened on September 4 and has accepted 26 escapees to date. In addition to the fact that each applicant is screened by the agency and then by a consulate and USEP representative, the admission process is complicated by the need to transfer unemployment and relief benefits from other areas. While this installation is not meant to be a housing project of semi-permanent quarters, the type of aid needed by most persons selected will probably result in a fairly stable population, once the home is filled. The Kaiserslautern home reported, as of November 15:

19 current residents
11 persons moved to private quarters
3 persons moved to Labor Service Units
10 persons returned to former residence
5 dependents placed in jobs

48

All ...

~~SECRET~~

-8-

All these people, plus other dependents, passed through the center or were aided by the agency facilities there. (Dependents moved to Kaiserslautern only after private quarters were located.) Of the total, at least forty-three persons had, at one time or another, lived in the house. It must be emphasised that this installation is not regarded as permanent housing but was erected solely to house escapees temporarily for whom jobs had been found and who needed quarters until they could locate permanent billets. Therefore, escapees are referred here only when job opportunities exist and stay only until private housing is located. At one time, consideration was given to filling the house with employment potentials, but the agency desisted for fear the project would be ruined by insoluble morale problems and by the lack of available space to meet quickly employment requirements.

To summarize on the question of "housing projects", and apart from housing in the German economy, installations for special purposes were considered and those three subsidised: (1) the benefits derived from the Friendship House in Munich are being evaluated, and will be discussed at the forthcoming conference; (2) the Karlsruhe House has recently been opened and filling it is being delayed by a rather cumbersome screening process, but a process required to meet our security requirements and the requirements of the Munich Consulate General; and (3) the Kaiserslautern House has been rather effectively used, being limited by the numbers of job opportunities. Until we are convinced, however, that full or almost full benefits are being derived from these houses, USEP is reluctant to establish additional housing projects of a temporary nature and it is contrary to USEP policy to enter into long-term arrangements which would be entailed in provision of permanent housing.

Further, escapees generally are eligible for housing within the German economy. A search for this housing is made among that controlled by the Wohnungswirtschaft or is earmarked in new refugee housing being built. Escapees are being included in a new FCA program of \$15 million which is currently being discussed by FOA and the German Federal Republic (see DEPTEL to Bonn USWATO 453, December 15, 1953.).

Additionally, 50 Soviet children were sent to Switzerland for rehabilitation and a vacation for eight weeks last summer at a cost of \$3,907.

(a) Question: How many ex-Soviets have received what assistance and how much for Care & Maintenance?

As pointed out above, the incomplete and unsatisfactory status of the counselling projects of the agencies, plus inadequate or unavailable files, preclude the possibilities of determining how many Soviets have received what assistance and how much for Care & Maintenance.

"Local Units are advised that effective immed Soviet defectors who escaped since Jan 1, 1945 may be considered eligible for complete program assistance. Units shld complete registration of this group in each area and advise OFC of numbers registered. Every effort shld be made to create maximum program impact on Sov escapees in each area. It is realized that extension of eligibility to this group may cause some repercussion among other nationality groups and the agencies supporting them. It is pointed out however that great majority Sov defectors are eligible under provisions para 6 & 7 of Provisional Guido §1. Moreover Units shld take all feasible measures to minimize repercussions by exercising utmost discretion in implementation of this instruction e.g. by discussing it primarily only with agencies interested in this group."

1. Question: Does USEP plan to exert tighter and constant management control over this project, as against the present system of hands-off until end-audit; or is this impossible because of regulations? If the latter is true, who has the power to change the regulations, and is it possible for them to be changed within the context of overall USEP policy?

Short of involving itself or its staff in the actual implementation of projects or in voluntary agency operations, USEP maintains a continuing scrutiny and review of every project and contract into which it has entered. Information developed by field officers in the course of this review is passed to the Chief of the Escapee Program Division concerned, who evaluates the material and discusses it, where appropriate, with the local agency director. Subsequent to this evaluation and discussion with the agency, the material is forwarded to OFCEP which makes a second analysis and, if indicated, discusses it with the agency's European Director. There is no policy of hands-off until the end-audit is made. End-use-audits are an integral part of the review of projects in order to determine whether or not the supplies and services are reaching the escapees.

In the light of the preceding paragraph, the latter part of the question becomes academic; however, USEP policy in this respect is flexible and can be adapted to any situation warranting a modification of procedures.

2. Question: What is the interpretation of "local settlement"? If a man is earning a distinctly submarginal existence, which means an unhealthy and unhappy existence, is he automatically ruled out? Who calls the shots on this, USEP or the agencies?

Local settlement is not predicated solely on economic factors. Rather, local settlement depends upon a variety of conditions obtaining in the case of a particular family. Consideration must, of necessity, be given to the jobs of the principal wage-earners to determine whether or not they are working in an occupational area most suitable to their desires, background and ability; to their wages to determine whether or not their earnings are sufficient to meet the needs of their family; to their housing to determine if it is adequate; and other factors which must be considered in connection with a family's firm integration into the local community, including its own attitude toward such integration. It is not the policy of USEP to place a man or a family on an ineligible or inactive list as a locally settled case if he is earning a distinctly submarginal existence. The decision of local settlement is made by the Chief of the Escapee Program Division concerned and only after a careful analysis of the situation obtaining in each particular case. Usually the Division Chief's decision is based upon the recommendation of the voluntary agency as analyzed and evaluated by USEP officers in the field.

3. Question: What is planned to eliminate the duplication in caseload of the two agencies?

Duplication in caseload between the various voluntary agencies participating in the Escapee Program has been eliminated to an appreciable extent. It has existed principally in the case of two agencies - in Germany dealing with the Soviet problem -- Tolstoy Foundation and American Friends of Russian Freedom. This, however, was resolved on December 7, 1953 at a meeting of the two agencies with the Chief, Escapee Program Division/USCPA. At this meeting the Tolstoy Foundation was given principal responsibility for all cases which have a resettlement potential. AFRF was given all cases which had limited or no resettlement potential and must, of necessity, be settled locally in the German economy. The supplementary care and maintenance was divided after a thorough discussion with each agency by mutual agreement. This action resulted in establishing a caseload in Germany of 79 cases consisting of some 180 people for TF, and 102 cases with approximately 200 people for AFRF. New registrants by either agency will be referred to Escapee Program field representatives (in Germany, Munich) for a check against current card files. After a dossier has been fully developed on the case, a determination as to the appropriate agency will be made according to the case's resettlement potential.

4. Question: What are the criteria for accepting a Soviet escapee as a relief recipient and what office or regulations determine same?

There is enclosed the basic provisional guide concerning eligibility, together with subsequent clarifications issued to the field on the Soviets. This is the criteria under which a person is extended, and declared eligible for, Program assistance. These regulations were adapted from a general policy issued by the U.S. Department of State. Within the framework of these regulations, the Escapee Program conducts a security investigation which establishes a man's eligibility from a security point of view. Simultaneously the man is counselled in an effort to determine his needs from a sociological and economic angle. The results of these investigations determine the course of action upon which the Escapee Program proceeds. However, in the majority of cases, humanitarian assistance is extended to individuals pending the complete security investigation, or until material sufficiently derogatory to deny eligibility is discovered. (Attention should be directed to paragraph 7 of the eligibility guide, which enables USEP to confer eligibility on any individual or individuals of interest to other U.S. agencies, regardless of normal eligibility criteria.)

5. Question: What is the source of the policy which maintains that there must be a leaning-over-backward to avoid the risk of any political implication in applying the USEP program?

The Escapee ...

SECRET

-3-

The Escape Program was originally outlined in DEPCIRTEL 676, January 29, 1952 (Top Secret) which indicated that the Program would be undertaken through contracts with voluntary agencies to provide certain supplies and services to escapees of recent date. Inasmuch as the largest and most important voluntary agencies operating in Europe are of religious nature and endeavor to stay clear of undertakings which have political implications, it was determined that the Escape Program would suppress to the extent possible the political nature of its operations in order to secure and maintain the "good will" and cooperation of these agencies. In our relationships, however, with certain agencies of ethnic character (e.g. AFGR -- American Fund for Czechoslovak Refugees), especially when these agencies are directed by individuals in whom USEP has complete confidence, little, if any, action has been taken to suppress or disguise USEP political implications. There is, however, a tendency on the part of USEP officials to suppress political implications of the Program in their arrangements with several agencies -- due to their lack of confidence in the leadership of those agencies. Mrs. Schaufuss, Tolstoy Foundation; Sheba Goodman, American Friends of Russian Freedoms; Max Braude, Organization for Rehabilitation through Training; Anna Matson, International Rescue Committee; and Michael Rodyk, United Ukrainian American Relief Committee, are examples of Directors in whom USEP has little confidence. This lack of confidence arises from the fact that these personalities apparently have their own axes to grind. USEP has revealed, however, and will continue to reveal to a limited extent, the political nature of the Escape Program to certain selected persons in the voluntary agencies who are subject to the necessary degree of direction, and in whom confidence may be maintained. This course of action is motivated primarily by the fact that political overtones of the Program cannot be wholly hidden from an intelligent person, yet it is not in the Program's best interest to advise officially the religious bodies of the political aspects. Although the major religious agencies undoubtedly are aware of the political aspects of the Program, they choose to ignore them so long as they are not involved directly into any political operations, and so long as they are not advised officially of them.

6. Question: Are there any means through which assistance to deserving members of T20PE (already on the caseload) can be speeded up?

USEP officials throughout the area are continually endeavoring to speed up Program benefits to the ultimate recipients. This is applicable to the entire caseload of all agencies and has not in the past been predicated upon membership in any organization which may or may not be of interest to U.S. Government agencies. In this way, USEP endeavors to extend Program benefits to all those eligible without focussing unnecessary attention upon individual members of a particular organization of interest to agencies of the U.S. Government. Further, USEP

officials ...

SECRET

officials have no way of determining whether an escapee is or is not a member of TZOPE. However, if CAS desires to furnish USEP with a list of TZOPE membership, OPC will request the USEP Divisions in each country to confer eligibility on the individuals listed and to pay particular attention that such individuals may receive personal attention in the future.

7. Question: Is there any possibility of eliminating Tolstoy and AFRF altogether and doing this job through another agency or agencies?

In consideration of this question, USEP has reluctantly decided that it would not be possible to eliminate Tolstoy Foundation, since Tolstoy is an old, established agency with a name known and respected within certain exile circles. It may be possible, however, for CAS to undertake the elimination, although CAS relationships with TF and its Board of Directors are unknown to this office. Since AFRF is a relatively new organization, and the character of its European leadership is much more undesirable than that of Tolstoy, it is conceivable that AFRF could be eliminated from the Russian field considerably easier than Tolstoy. Moreover, as the Chairman of the Board of the AFRF is a retired U.S. Admiral, he would probably be inclined to go along with the wishes of Government officials if it could be shown that the elimination of AFRF was in the best interest of the U.S. Government. However, the elimination of ethnic type agencies in this respect would, perhaps, compel the Escapee Program to enter into relationships with a religious agency, e.g. the WCC, in their stead and the successful resolution of the Soviet problem would become automatically much more difficult.

8. Question: How does an agency qualify for a USEP contract? What are the requirements for qualification?

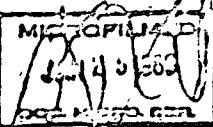

USEP currently has contractual arrangements with 32 voluntary societies representing the major religious bodies (i.e. Catholics, Jews, and Protestants) and the major ethnic groups represented in the population of the United States of America. To qualify for a USEP contract the agency, if it is wholly American in composition and incorporated under the laws of one of the 48 States, or the District of Columbia, must be accredited by what was known as the Department of State's Advisory Committee on Voluntary Foreign Aid, and which is now a part of FCA. The Executive Director of this Committee is Mr. William H. McCahon, who is also a staff member in the Office of the Assistant Director for Refugees and Migration, FCA. In addition to those agencies which have been incorporated in the U.S., USEP also enters into relationships with other organizations which are international in character and composition -- such as the World Council of Churches, the World

PROVISIONAL GUIDE NO. 1 July 17, 1952

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

1. The Mutual Security Act of 1951 provides the basic legislative authority for the Escapee Program and thus establishes the elementary criteria for extending assistance.

Section 171 (a)(1) of that Act authorizes the expenditure of a sum not to exceed \$100,000,000 "for any selected persons who are residing in or escapees from the Soviet Union, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, Lithuania, Latvia and Estonia, or the Communist dominated or Communist occupied areas of Germany and Austria, and any other countries absorbed by the Soviet Union either to form such persons into elements of the military forces supporting the North Atlantic Treaty Organization or for other purposes, when it is similarly determined by the President that such assistance will contribute to the defense of the North Atlantic area and to the security of the United States".

2. Officials carrying out this program should not become involved in complex, time-consuming procedures in determining priority for assistance. It is expected that a positive approach toward priority will be taken and that criteria will remain as simple and broad as is consistent with U.S. interests. It follows that aid should be given immediately to persons who apparently meet the priority criteria outlined below and should be withdrawn only if reasonable evidence is brought forward which indicates that the person does not meet these criteria.

3. The intent and purpose of the program is to aid new escapees from communist oppression. Whatever the merits of aiding persons who were displaced before, during, or soon after World War II, such aid is not normally a proper concern of this program. Moreover, quite apart from any other considerations, the program does not have sufficient funds to assist many persons other than those who have recently escaped from behind the Iron Curtain. In the foregoing perspective, the following criteria will be utilized by the Missions in according priority for assistance.

4. Priority for assistance in resettlement and for supplementary care will be granted any person who escaped after January 1, 1946 from the USSR, Poland, Latvia, Lithuania, Estonia, Czechoslovakia, Hungary, Rumania, Bulgaria or Albania.

5. Within the broad confines of the above, there will be certain persons whom the United States obviously will not desire to assist and there will be others whose status in their country of residence after flight is such that they possess the rights and obligations of nationality of the country in which they have taken asylum.

Assistance will thus be denied to or withdrawn from any person who:

- A. Is a Communist agent.
- B. Is a former Nazi or Nazi collaborator seeking to escape just punishment for crimes committed during World War II against Allied personnel or against civil populations.
- C. Is a common criminal.
- D. Has unreasonably refused resettlement opportunities.
- E. Is recognized by the competent authorities of the country in which he resides as having the rights and obligations which are attached to the possession of citizenship of that country e.g. German refugees and expellees, persons of Turkish ethnic origin from Rumania and Bulgaria are excluded from assistance under this paragraph.
- F. Has been satisfactorily settled locally.

6. Assistance will be extended, however, to those persons otherwise eligible under the provisions of this circular who defect from diplomatic, other official or semi-official missions or delegations while abroad in the service of their country.

7. Missions are authorized to make individual exceptions, regardless of dateline, when such exceptions are in the interest of the U.S. or when such exceptions are requested by other U.S. Government agencies operating in related fields. When requested exceptions are not favorably considered by the Country Unit they must be referred to the Special Unit prior to final action.

8. A family group containing a person or persons who would not ordinarily be assisted due to nationality, e.g. Polish escapees and Austrian spouse and who are otherwise eligible should be considered eligible as a unit.

9. Basic responsibility for determination of eligibility will rest with the Local Units. However, it is expected that they will devise ways and means of utilizing local facilities and officials to a maximum extent in order to assist the Local Unit in discharging this responsibility. In the event the local unit requires further assistance in reaching an eligibility decision, the Special Unit may be called upon by the Local Unit for information or advice.

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

Text of tele-conference received from Department July 14, 1952
in amplification of criteria outlined under Provisional Guide #1:

"PEP Program is concerned with escapees from Soviet or Soviet dominated areas. In view fact PEP funds are limited and because of legislative history of program priority or preference must be given to more recent escapees such as those who escaped after January 1, 1948. Decisions as to application of fund must also be based on results which can be achieved in terms of basic objectives of program. In other words we are not distributing a limited relief fund equally among a designated number of people. We are more concerned with those who have escaped more recently than those who have been in the refugee state since World War I or those who were uprooted between September 1939 and January 1, 1948. The date January 1, 1948 is an administrative device which should not be rigidly applied unless later exhaustion of funds increasingly requires this action. Of equal concern to PEP are the results which can be achieved in terms of reestablishment, resettlement, better morale, etc., as between one project and another. We should seek self-liquidating, non-repetitive uses for PEP funds. Avoid to the extent possible acceptance of responsibilities which cannot readily be relinquished. As experience develops we shall make the foregoing more selective

4. Question: What is meant by "resettlement potential" of the case? Answer:

Departmental interest, at between the various voluntary agencies participating in the Escapee Program has been eliminated to an appreciable extent. It has existed principally in the case of two agencies in Germany dealing with the Soviet problem -- Tolstoy Foundation and American Friends for Russian Freedom. This, however, was resolved on December 7, 1953 at a meeting of the two agencies with the Chief, Escapee Program Division/USCMJ. At this meeting the Tolstoy Foundation was given principal responsibility for all cases which have a resettlement potential. AFRF was given all cases which had limited or no resettlement potential and must, of necessity, be settled locally in the German economy. The supplementary care and maintenance was divided after a thorough discussion with each agency by mutual agreement. This action resulted in establishing a caseload in Germany of 79 cases consisting of some 100 people for TF, and 102 cases with approximately 200 people for AFRF. New registrants by either agency will be referred to Escapee Program field representatives (in Germany, Munich) for a check against current card files. After a dossier has been fully developed on the case, a determination as to the appropriate agency will be made according to the case's resettlement potential.

4. Question: What are the criteria for accepting a Soviet escapee as a relief recipient and what office or regulations determine same?

There is enclosed the basic provisional guide concerning eligibility, together with subsequent clarifications issued to the field on the Soviets. This is the criteria under which a person is extended, and declared eligible for, Program assistance. These regulations were adapted from a general policy issued by the U.S. Department of State. Within the framework of these regulations, the Escapee Program conducts a security investigation which establishes a man's eligibility from a security point of view. Simultaneously the man is counseled in an effort to determine his needs from a sociological and economic angle. The results of these investigations determine the course of action upon which the Escapee Program proceeds. However, in the majority of cases, humanitarian assistance is extended to individuals pending the complete security investigation, or until material sufficiently derogatory to deny eligibility is discovered. (Attention should be directed to paragraph 7 of the eligibility guide, which enables USEP to confer eligibility on any individual or individuals of interest to other U.S. agencies, regardless of normal eligibility criteria.)

5. Question: What is the source of the policy which maintains that there must be a leaning-over-backward to avoid the risk of any political implication in applying the USEP program?

The Escapee ...

SECRET

SECRET

-3-

The Escapee Program was originally outlined in DEPARTMENT 676, January 29, 1952 (Top Secret, which indicated that the Program would be undertaken through contracts with voluntary agencies to provide certain supplies and services to escapees of recent date. Inasmuch as the largest and most important voluntary agencies operating in Europe are of religious nature and endeavor to stay clear of undertakings which have political implications, it was determined that the Escapee Program would suppress to the extent possible the political nature of its operations in order to secure and maintain the "good will" and cooperation of these agencies. In our relationships, however, with certain agencies of ethnic character (e.g., AFICR — American Fund for Czechoslovak Refugees), especially when these agencies are directed by individuals in whom USEP has complete confidence, little, if any, action has been taken to suppress or disguise USEP political implications. There is, however, a tendency on the part of USEP officials to suppress political implications of the Program in their arrangements with several agencies — due to their lack of confidence in the leadership of these agencies. Mrs. Schaufuss, Tolstoy Foundations; Sheba Goldman, American Friends of Russian Freedom; Mag' Brando, Organization for Rehabilitation through Training; Anna Watson, International Rescue Committee; and Michael Rodys, United Ukrainian American Relief Committee, are examples of Directors in whom USEP has little confidence. This lack of confidence arises from the fact that these personalities apparently have their own axes to grind. USEP has revealed, however, and will continue to reveal to a limited extent, the political nature of the Escapee Program to certain selected persons in the voluntary agencies who are subject to the necessary degree of direction, and in whom confidence may be maintained. This course of action is motivated primarily by the fact that political overtones of the Program cannot be wholly hidden from an intelligent person, yet it is not in the Program's best interest to advise officially the religious bodies of the political aspects. Although the major religious agencies undoubtedly are aware of the political aspects of the Program, they choose to ignore them so long as they are not involved directly into any political operations, and so long as they are not advised officially of them.

6. Question: Are there any means through which assistance to deserving members of USEP (already on the caseload) can be speeded up?

USEP/officials throughout the area are continually endeavoring to speed up Program benefits to the ultimate recipients. This is applicable to the entire caseload of all agencies and has not in the past been predicated upon membership in any organization which may or may not be of interest to U.S. Government agencies. In this way, USEP endeavor to extend Program benefits to all those eligible without focusing unnecessary attention upon individual members of a particular organization of interest to agencies of the U.S. Government. Further, USEP

SECRET

-4-

officials have no way of determining whether an escapee is or is not a member of TZOPF. However, if CAS desires to furnish USEP with a list of TZOPF membership, CPC will request the USEP Divisions in each country to confer eligibility on the individuals listed and to pay particular attention that such individuals may receive personal attention in the future.

7. Question: Is there any possibility of eliminating Tolstoy and AFRF altogether and doing this job through another agency or agencies?

In consideration of this question, USEP has reluctantly decided that it would not be possible to eliminate Tolstoy Foundation, since Tolstoy is an old, established agency with a name known and respected within certain emigre circles. It may be possible, however, for CAS to undertake the elimination, although CAS relationships with TF and its Board of Directors are unknown to this office. Since AFRF is a relatively new organization, and the character of its European leadership is much more undesirable than that of Tolstoy, it is conceivable that AFRF could be eliminated from the Russian field considerably easier than Tolstoy. Moreover, as the Chairman of the Board of the AFRF is a retired U.S. Admiral, he would probably be inclined to go along with the wishes of Government officials if it could be shown that the elimination of AFRF was in the best interest of the U.S. Government. However, the elimination of ethnic type agencies in this respect would, perhaps, compel the Escapees Program to enter into relationships with a religious agency, e.g. the WCC, in their stead and the successful resolution of the Soviet problem would become automatically much more difficult.

8. Question: How does an agency qualify for a USEP contract? What are the requirements for qualification?

USEP currently has contractual arrangements with 22 voluntary societies representing the major religious bodies (i.e. Catholics, Jews, and Protestants) and the major ethnic groups represented in the population of the United States of America. To qualify for a USEP contract the agency, if it is wholly American in composition and incorporated under the laws of one of the 48 States, or the District of Columbia, must be accredited by what was known as the Department of State's Advisory Committee on Voluntary Foreign Aid, and which is now a part of PCIA. The Executive Director of this Committee is Mr. William H. McCahon, who is also a staff member in the Office of the Assistant Director for Refugees and Migration, PCIA. In addition to those agencies which have been incorporated in the U.S., USEP also enters into relationships with other organizations which are international in character and composition -- such as the World Council of Churches, the World

OBT ...

SECRET

-5-

CIA, Union, the World YMCA, and the Lutheran World Federation. With one exception, these agencies have strong and reputable American affiliates which are accredited and recognised by the Advisory Committee on Voluntary Foreign Aid. In the case of WCC, the American affiliate is the National Council of the Churches of Christ, whose welfare organisation is the Church World Service; it is accredited by the Advisory Committee on Voluntary Foreign Aid and is a member in good standing of the American Council of Voluntary Agencies for Foreign Service, Incorporated. The specific requirements for qualification are not now available; however, it is believed that to be qualified for accreditation by the Advisory Committee, an agency must be supported by voluntary subscriptions, and humanitarian in character. It is believed that agencies wholly political are not eligible.

9. Question: What is the status of the proposal to form a Russian labor company which we understand has been approved in Washington?

General agreement on the formation by USAREUR of a Labor Service Unit comprised of Soviet escapees has been reached by US EUCOM and USAREUR. This project now only awaits final approval from the Department of Army as to certain details. (It is understood that the Army has already agreed to the proposal in principle.) It is anticipated that the project will be implemented in the near future.

The Unit, which will be assigned a guard mission, will comprise initially 100 officers and men. In addition, one man to act as staff adviser to USAREUR on matters affecting the Unit will probably be recruited. This position should have a field grade of perhaps a Lieutenant Colonel. The personnel ceiling of 100 may be raised to 200 should it appear desirable in the light of experience. In order to avoid the appearance of supporting Great Russian or minority national aspirations, the shoulder flash for members of the company would bear the name "ROSSISKIY" or Russian People, rather than "RUSSKIY" or Russians.

In the course of a recent discussion between representatives of CIA, U.S. EUCOM, and this office concerning this proposal, general agreement was reached on the following points:

- a) Leadership in the company should be recruited from the more recent Soviet escapees or defectors, rather than from the older "migre" group;
- b) Efforts should be made to recruit the maximum possible number from the escapees registered with USEP; and
- c) The TROPE group should be strongly represented in the company.

10. Question: ...

SECRET

SECRET

-6-

10. Question: Have any steps been taken to get the Clemency Board of HICOG to pardon Soviet escapees sentenced for minor offenses committed in an attempt to survive, thus clearing their records? Do you want us to make any pitch on this?

In the past, petitions for clemency have only been presented to the Clemency Board of HICOG when a person was under active consideration for resettlement. The Clemency Board has usually acted swiftly with the best interest of the individual and of the U.S. Government in mind. Recently, however, steps were taken to initiate petitions for clemency on all cases of the types mentioned in question 10. It is too early at the present time to foresee the result of this operation. However, it is believed that it is not yet necessary for CAS to approach the appropriate officials on this point.

11. Question: Is the USEP policy to reduce the numbers who can be helped under the Program? If true, what are the reasons for this policy which appears on the surface to be a step backward from solving the problem?

It is not the USEP policy to reduce the numbers who can be helped under the Escapee Program. As a matter of fact, the USEP caseload has continued to increase despite the fact that over 6,000 have been resettled, and many have been dropped for various reasons, including ineligibility, local integration, and death. It is true that the primary purpose of the Program is to resettle eligibles abroad, and to integrate locally those whose resettlement potential is low. This action, of and in itself, does tend to reduce the number of persons who can be subsequently helped under the Program. It is also the policy of the Program to create an atmosphere in which other programs which depend to a certain extent upon the psychological attitude existing in emigre circles can operate successfully. In furthering this particular objective, the Program has recently taken action to declare as eligible those persons who, although having records as minor criminals, are of interest to U.S. agencies, and have broadened the basis to accept any Soviet citizen as eligible if he has in any way been under discipline of the Soviet Government since January 1, 1945.

12. Question: What has the Escapee Program accomplished for Soviet escapees?

USEP's assistance to escapees is based primarily upon the needs of each individual registered with the Program. These needs are determined through a counselling program under which the voluntary agencies cooperating with USEP are supposed to send case workers to the field to interview each escapee family to determine their particular needs, background, problems, experience, ambitions, and general situation. Based upon this interview the agency is supposed to develop a specific

plan ...

SECRET

MFG REPRODUCED BY

~~SECRET~~

Plan of assistance for the family with the basic objective being their eventual resettlement in a country of immigration or, if this is not possible, re-establishment within the economy of their present country of residence. Although the Escapee Program Division of the U.S. Operations Mission for Germany has contracts with both Tolstoy Foundation and AFRP to carry out a counselling program for Soviet escapees, and has spent approximately \$14,000 on each agency in this connection, to date the agencies have not completely counselled all of their caseload. Accordingly, it is most difficult to make any kind of analysis of the amount of assistance rendered as compared to the extent of need. On December 7, representatives of both agencies were advised by the Escapee Program Division, that the counselling program must be completed in the near future, and that USEP will be in a much better position to evaluate the program of assistance to Soviet escapees.

Despite the admittedly unsatisfactory situation outlined in the previous paragraph, certain positive action has been taken by the EPD and the voluntary agencies to provide assistance to Soviet escapees. Reportedly, AFRP has distributed in the neighborhood of \$13,000 in supplemental assistance in the form of food, clothing, lodging, etc., to escapees registered in their caseload. The Tolstoy Foundation has distributed in the neighborhood of \$19,000. In addition, three special housing aid projects have been established in Germany: the Friendship House in Munich with a capacity of 10 persons, and the center in Kaiserslautern, with a capacity of 36 -- both sponsored by AFRP, and the Tolstoy home in Karlsruhe which has a capacity of 60 to 100. A word about each of the following installations:

The Friendship House in Munich is small and is always full. The length of stay varies per individual as its primary purpose is to furnish temporary housing for Russian escapees who come to Munich looking for work. In some cases these periods of residence have dragged out. At this home full care and maintenance is given, as the residents are mostly ineligible for relief grants in Bavaria.

The Karlsruhe house was opened on September 4 and has accepted 26 escapees to date. In addition to the fact that each applicant is screened by the agency and then by a consulate and USEP representative, the admission process is complicated by the need to transfer unemployment and relief benefits from other areas. While this installation is not meant to be a housing project of semi-permanent quarters, the type of aid needed by most persons selected will probably result in a fairly stable population, once the home is filled. The Kaiserslautern home reported, as of November 15:

19 current residents
11 persons moved to private quarters
3 persons moved to Labor Service Units
10 persons returned to former residence
5 dependents placed in jobs

SECRET

-8-

All these people, plus other dependents, passed through the center or were aided by the agency facilities there. (Dependents referred to Kaiserslautern only after private quarters were located.) Of the total, at least forty-three persons had, at one time or another, lived in the house. It must be emphasized that this installation is not regarded as permanent housing but was erected solely to house escapees temporarily for whom jobs had been found and who needed quarters until they could locate permanent billets. Therefore, escapees are referred here only when job opportunities exist and stay only until private housing is located. At one time, consideration was given to filling the house with employment potentials, but the agency despaired for fear the project would be ruined by insoluble morale problems and by the lack of available space to meet quickly employment requirements.

To summarize on the question of "housing projects", and apart from housing in the German economy, installations for special purposes were considered and these three subsidized: (1) the benefits derived from the Friendship House in Munich are being evaluated, and will be discussed at the forthcoming conference; (2) the Karlsruhe House has recently been opened and filling it is being delayed by a rather cumbersome screening process, but a process required to meet our security requirements and the requirements of the Munich Consulate General; and (3) the Kaiserslautern House has been rather effectively used, being limited by the numbers of job opportunities. Until we are convinced, however, that full or almost full benefits are being derived from these houses, ECA is reluctant to establish additional housing projects of a temporary nature and it is contrary to USEP policy to enter into long-term arrangements which would be entailed in provision of permanent housing.

Further, escapees generally are eligible for housing within the German economy. A search for this housing is made among that controlled by the Wohnungsaamt or is earmarked in new refugee housing being built. Escapees are being included in a new FOA program of \$15 million which is currently being discussed by PCA and the German Federal Republic (see DEPTEL to Bonn USFOTO 453, December 15, 1953).

Additionally, 30 Soviet children were sent to Switzerland for rehabilitation and a vacation for eight weeks last summer at a cost of \$3,987.

(a) Question: How many ex-Soviets have received what assistance and how much for Care & Maintenance?

As pointed out above, the incomplete and unsatisfactory status of the counselling projects of the agencies, plus inadequate or unavailable files, preclude the possibilities of determining how many Soviets have received what assistance and how much for Care & Maintenance.

"Local Units are advised that effective immed Soviet defectors who escaped since Jan 1, 1945 may be considered eligible for complete program assistance. Units shld complete registration of this group in each area and advise OFC of numbers registered. Every effort shld be made to create maximum program impact on Sov escapees in each area. It is realized that extension of eligibility to this group may cause some repercussion among other nationality groups and the agencies supporting them. It is pointed out however that great majority Sov defectors are eligible under provisions para 6 & 7 of Provisional Guide #1. Moreover Units shld take all feasible measures to minimize repercussions by exercising utmost discretion in implementation of this instruction e.g. by discussing it primarily only with agencies interested in this group."

1. In a recent conversation with Mr. Richard P. Brown, OFCEP, Frankfurt, he read several portions of a letter which he had just received from his Washington headquarters directing some fairly strong criticism to the German country unit in its handling of the program. Needless to say, Brown was considerably upset since it appears that much of the criticism stemmed from KUBAK. It was his impression that our conversations of last November and December and the remedial action taken by OFC at that time relative to the USEP German unit's handling of the Soviet program had indicated his willingness to do anything possible to correct deficiencies and to forestall just such criticism. In paragraph 1 of the reference we indicated that satisfactory answers to our questions had been received. In this connection we enclose an Attachment A a copy of Brown's written answers to our specific questions. (Attachment B is a criteria for USEP assistance.)

2. In regard to the criticism levelled at Brown and the German unit by the former's home office, the following pertinent excerpts were passed to the undersigned:

"At the third meeting a great deal of stress was laid on the question of the special interest cases of other Government agencies. I was able to dwell at some length on the special handling that we have given special interest cases, and to cite chapter and verse of our report to the OFC. Nonetheless, it was felt that we should very greatly intensify our efforts in this respect. It is clearly considered that the disposal of special interest cases on a very high priority basis warrants unusual effort, procedures, and expense on the part of the Program. Both Army and (KUBAK) attach very great importance to this, and very dissatisfaction was expressed with the manner in which the present procedures are being implemented by the Program. In Germany, specifically, it was felt that the Program has been reluctant to associate "real" or its contractors with cases which might present insuperable difficulties in connection with the

voluntary agencies, the Program should find other means through other contractors, or through its own officers, of arranging disposal on a top priority basis. It was pointed out that the Provost was better suited to such an effort than any other U.S. Government program, and that one of the most important yardsticks of its effectiveness must be its ability to handle this type of case. In brief, we thought you deserved that we had perhaps been inelastic in our approach to this problem and predisposed to keep a strict-pure interpretation at all costs.

....."I want to bring out one more point. At two of the three OGA meetings and from numerous other sources here in Washington recently, there has been severe criticism of the manner in which eligibility criteria are being applied by the German country unit. Criticism has been received on three occasions from (KUBAK), and is also included in the State Department report to the OGA group. The charge is made that the German country unit has been unnecessarily lenient, has adopted overly restrictive measures, and is even hypocritical. The statement was made in the OGA meeting that wrong names of voluntary repatriates, cases had been turned down on the grounds of voluntary repatriation even though the escapees never got past Berlin. The statement was also made that among the Soviets, only diplomatic and military defectors had been granted eligibility."

3. We are assured by Brown and other USEP officials that the final charge made above relating to diplomatic and military defectors is entirely erroneous and this refutation is borne out by our own investigation. In the past, eligibility was withheld from certain "voluntary repatriates" who had in fact, got no further than Berlin on the trip back to the USSR and who later returned to West Germany. However, we are assured that this is no longer necessarily true and that each case is judged individually.

4. Finally, the German Mission feels that Brown's flat statement that any or all assistance can be rendered to any escapee without regard to past disqualification, provided KUBAK will designate them to receive such assistance, is evidence of his and his unit's desire to cooperate wholeheartedly. We wish to assure Headquarters that the field is now of the opinion that USEP is making a sincere and energetic effort to carry out a most difficult task. We have no complaints at the present time as to the handling of that part of the program which touches KUBAK interests. It will be appreciated if this can be made clear by the KUBAK official responsible for liaison with the Escapee Program in Washington.

RESTRICTED SECURITY INFORMATION

PROVISIONAL GUIDE NO. 1 July 17, 1952

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPE PROGRAM

1. The Mutual Security Act of 1951 provides the basic legislative authority for the Escape Program and thus establishes the elementary criteria for extending assistance.

Section 101 (a)(1) of that Act authorizes the expenditure of a sum not to exceed \$100,000,000 "for any selected persons who are residing in or escapees from the Soviet Union, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, Lithuania, Latvia and Estonia, or the Communist-dominated or Communist occupied areas of Germany and Austria, and any other countries absorbed by the Soviet Union either to form such persons into elements of the military forces supporting the North Atlantic Treaty Organization or for other purposes, when it is similarly determined by the President that such assistance will contribute to the defense of the North Atlantic area and to the security of the United States".

2. Officials carrying out this program should not become involved in complex, time-consuming procedures in determining priority for assistance. It is expected that a positive approach toward priority will be taken and that criteria will remain as simple and broad as is consistent with U.S. interests. It follows that aid should be given immediately to persons who apparently meet the priority criteria outlined below and should be withdrawn only if reasonable evidence is brought forward which indicates that the person does not meet these criteria.

3. The intent and purpose of the program is to aid new escapees from Communist oppression. Whatever the merits of aiding persons who were displaced before, during, or soon after World War II, such aid is not normally a proper concern of this program. Moreover, quite apart from any other considerations, the program does not have sufficient funds to assist many persons other than those who have recently escaped from behind the Iron Curtain. In the foregoing perspective, the following criteria will be utilized by the Missions in according priority for assistance.

b. Priority for assistance in resettlement and for supplementary care will be granted any person who escaped after January 1, 1946 from the USSR, Poland, Latvia, Lithuania, Estonia, Czechoslovakia, Hungary, Rumania, Bulgaria or Albania.

5. Within the broad confines of the above, there will be certain persons whom the United States obviously will not desire to assist and there will be others whose status in their country of residence after flight is such that they possess the rights and obligations of nationality of the country in which they have taken asylum.

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPE PROGRAM

Assistance will thus be denied to or withdrawn from any person who:

- A. Is a Communist agent.
- B. Is a former Nazi or Nazi collaborator seeking to escape just punishment for crimes committed during World War II against Allied personnel or against civil populations.
- C. Is a common criminal.
- D. Has unreasonably refused resettlement opportunities.
- E. Is recognized by the competent authorities of the country in which he resides as having the rights and obligations which are attached to the possession of citizenship of that country e.g. German refugees and expellees, persons of Turkish ethnic origin from Rumania and Bulgaria are excluded from assistance under this paragraph.
- F. Has been satisfactorily settled locally.

6. Assistance will be extended, however, to those persons otherwise eligible under the provisions of this circular who defect from diplomatic, other official or semi-official missions or delegations while abroad in the service of their country.

7. Missions are authorized to make individual exceptions, regardless of dateline, when such exceptions are in the interest of the U.S. or when such exceptions are requested by other U.S. Government agencies operating in related fields. When requested exceptions are not favorably considered by the Country Unit they must be referred to the Special Unit prior to final action.

8. A family group containing a person or persons who would not ordinarily be assisted due to nationality, e.g. Polish escapee and Austrian spouse and who are otherwise eligible should be considered eligible as a unit.

9. Basic responsibility for determination of eligibility will rest with the Local Units. However, it is expected that they will devise ways and means of utilizing local facilities and officials to a maximum extent in order to assist the Local Unit in discharging this responsibility. In the event the local unit requires further assistance in reaching an eligibility decision, the Special Unit may be called upon by the Local Unit for information or advice.

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

Text of tele-conference received from Department July 14, 1952
in amplification of criteria outlined under Provisional Guide #1.

"PEP Program is concerned with escapees from Soviet or Soviet dominated areas. In view fact PEP funds are limited and because of legislative history of program priority or preference must be given to more recent escapees such as those who escaped after January 1, 1948. Decisions as to application of fund must also be based on results which can be achieved in terms of basic objectives of program. In other words we are not distributing a limited relief fund equally among a designated number of people. We are more concerned with those who have escaped more recently than those who have been in the refugee state since World War I or those who were uprooted between September 1939 and January 1, 1948. The date January 1, 1948 is an administrative device which should not be rigidly applied unless later exhaustion of funds increasingly requires this action. Of equal concern to PEP are the results which can be achieved in terms of reestablishment, resettlement, better morale, etc., as between one project and another. We should seek self-liquidating, non-repetitive uses for PEP funds. Avoid to the extent possible acceptance of responsibilities which cannot readily be relinquished. As experience develops we shall make the foregoing more selective."

Sternberg is likely to be receptive to operational requirements, but may not have the authority to commit the organization.

Mrs. Lord would probably be receptive to any reasonable operational requirements which would not jeopardize IRC's good name overseas. She has already been accused in "Communist New Age" of being a CIA operative.

Boulevard Area, MILKAC-109939
Date 4-151 - Hong Kong Parolee (Wife) Wong York Ling
(A-20-195-21)

REF : Headquarters Memorandum 7 June 63

1. The local office of the IANG requested the file of Mrs. Chu from the Boston Office. This revealed the previously unreported information that Mrs. Chu's husband died in Hong Kong in 1958 where he had worked as Manager of the Pin Chong Food Company. The file further revealed that Mrs. Chu had come to the US under the auspices of the International Rescue Committee and was being sponsored by Manning Groves of 5101 Dimondback, Dallas, Texas.

2. Mrs. Chu was contacted at 4021 Travis Street where she is living with her six children. She corroborated much of the information contained in her IANG file and advised that she was not in contact with anyone on the mainland of China but occasionally heard from friends in Hong Kong. She is looking for work and hopes to find a job as a waitress or possibly a filing clerk. She stated that she had left the mainland in 1969 and had no recent information on conditions in Communist China. Since her potential appeared extremely limited, she was not questioned on the checklist guides and it is suggested that this case be closed.

REPORT (STUNTS) FROM ELLIFF

GROUP ONE EXCLUDED FROM AUTOMATIC DOWNGRADING AND DECLASSIFICATION

CASE 35654 WILLIAM DONALD HARRIS

1. HE SPOKE BRIEFLY WITH HARRIS ON MONDAY, 8 APRIL. HE HAS MADE SEVERAL TRIPS TO CUBA, THE LATEST IN JANUARY 1963 FOR TWO WEEKS. HE VISITED PRESBYTERIAN CHURCHES THROUGHOUT THE COUNTRY WITH THE EXCEPTION OF THE AREA WEST OF HAVANA. HIS OFFICIAL TITLE IS DIRECTOR, HISPANO-AMERICAN DEPARTMENT, BOARD OF NATIONAL MISSIONS (THE PRESBYTERIAN WORK IN CUBA IS ADMINISTRATIVELY A PART OF THE NEW JERSEY PRESBYTERY). HE TOLD US THAT HE HAD COMPLETE FREEDOM OF MOVEMENT, ENCOUNTERED NO DIFFICULTY ANYWHERE AND HAS NEVER STOPPED OR QUESTIONED BY THE AUTHORITIES. HE SAID HE WAS OFTEN TAKEN FOR A SOVIET OR EASTERN EUROPEAN, PROBABLY BECAUSE NO ONE EXPECTED TO SEE AN AMERICAN.

2. HIS PLANS FOR FUTURE VISITS TO CUBA ARE A BIT INDEFINITE. HE WOULD LIKE TO MAKE THE NEXT VISIT WITH SEVERAL OTHER CHURCHMEN FROM OTHER DENOMINATIONS. THERE IS AN INTERDENOMINATIONAL SEMINARY AT MATANZAS, WHICH HAS MANY PROBLEMS THAT NEED TO BE DISCUSSED. THE SEMINARY WOULD PLAN A BOARD MEETING TO COINCIDE WITH THE VISIT OF THESE PEOPLE WHO ARE ON THE BOARD. THE GROUP THAT WOULD GO INCLUDES DR. STOCKWELL (METHODIST), BISHOP JOHN BENTLEY (EPISCOPAL), DR. LARSEN (CHAFTIST) AND DR. JOHN SINCLAIR (PRESBYTERIAN). THE ONLY MEMBER OF THIS GROUP KNOWN TO US IS BISHOP BENTLEY WHO HAS BEEN AN EXTREMELY COOPERATIVE CONTACT OF THIS OFFICE. THIS TRIP HOPEFULLY WILL TAKE PLACE IN THE NEAR FUTURE BUT THERE ARE NO DEFINITE PLANS AT THIS TIME.

3. HARRIS HAD A PROBLEM HE THOUGHT HE MIGHT BE ABLE TO HELP WITH. THE GENERAL ASSEMBLY OF THE UNITED PRESBYTERIAN CHURCH IS TO TAKE

PLACE IN DES MOINES, IOWA FROM 15-17 MAY. THEY WOULD LIKE TO HAVE THE DELEGATES FROM CUBA ATTEND, BUT THEY HAVE HAD LITTLE SUCCESS IN GETTING THE NECESSARY PAPERS. THE ONLY POSSIBILITY SEEMS TO BE FOR THE DELEGATES TO GET THEMSELVES TO MEXICO CITY AND TAKE A CHANCE THAT THE US EMBASSY THERE WILL GRANT THEM PERMISSION TO COME INTO THE COUNTRY. THE NAMES OF THE PROPOSED DELEGATES ARE SERTIO MANEJAS, PASTOR OF THE CHURCH IN CARDENAS, AND HIS WIFE, PRESIDENT OF THE PRESBYTERIAN WOMEN'S

ORGANIZATION IN CARDENAS; ALSO DR. PENE CASTELLANOS, A LAYMAN FROM CARDENAS AND A FORMER UNIVERSITY PROFESSOR.

4. ON THE BASIS OF OUR RATHER SHORT VISIT WE CANNOT MAKE MUCH OF AN ASSESSMENT OF HARRIS. HE WAS EXTREMELY CORDIAL, ENTIRELY SYMPATHETIC WITH OUR INTERESTS WHILE AT THE SAME TIME WANTING TO BE ASSURED THAT HIS CONTACT WITH US WOULD NOT BECOME KNOWN. HE SAID THAT NATURALLY MANY PEOPLE ASSUMED HE WAS CONNECTED WITH THE CIA BUT THAT IF THERE WERE ANY BASIS IN FACT FOR THIS ASSUMPTION HIS USEFULNESS WOULD BE AT AN END. THIS WOULD LEAD US TO THINK THAT HE WOULD NOT BE WILLING TO DO ANYTHING ON OUR BEHALF DURING FUTURE TRIPS TO CUBA. WE ALSO THINK, HOWEVER, THAT HE IS ENOUGH OF A REALIST THAT HE WOULD NOT BE UNDULY UPSET BY THE REQUEST AND THAT HE WOULD GIVE IT SERIOUS CONSIDERATION. WHETHER HE WOULD BE MORE AMENABLE IF SOMETHING COULD BE DONE TO ENABLE THE CUBANS MENTIONED ABOVE TO COME TO DES MOINES, WE DON'T KNOW. WE THINK HE WOULD TURN DOWN ANY REQUEST TO HELP DURING HIS NEXT TRIP SINCE IT WOULD BE MADE IN THE COMPANY OF OTHER CHURCH PEOPLE.

5. WE WOULD LIKE TO MAKE AN APPOINTMENT TO TALK WITH HARRIS AT GREAT LENGTH. COULD YOU GIVE US ANY IDEA OF WHAT THE POSSIBILITIES ARE OF HELPING HIS CUBAN FRIENDS AND WE COULD THEN TRANSMIT THAT INFORMATION TO HIM AT THAT TIME. THANK YOU.

1. Subject case is opened for the exploitation of
 Chung Ching Lee aka Thomas H. Chiang-han, a Chinese who
 has arrived in the US from Hong Kong in February '63. He is
 President Kennedy's Emergency Program. Mr. Lee is a
 5,000th Chinese refugee to come to the US and he was joined
 by his wife and seven children.

2. His address is the Resettlement Department of the
 International Refugee Committee, c/o 40 Park Avenue, Suite 6,
 New York 16, New York.

3. Mr. Lee's arrival was given great publicity in both
 San Francisco and New York Chinese communities. He was
 formally welcomed at a dinner given shortly after his arrival
 in New York City by Mr. K. C. Lin, publisher of the Chinese
 Journal.

4. To have submitted checkbook and approximate
 forwarded when received from security.

5. Suggest using the Checklist for initial investigation.
 According to the Chinese newspaper Lee was graduated from
 the Shantou-Chengdu College but did not state what field he
 specialized in. After checking the full files in the New

1. Enclosed is a copy of letter written by the subject which was transmitted by Mr. Abram J. Becker, (RE-AK-A), executive director of the International Rescue Committee, to a representative of this Division.
2. Subject has been the director of the Berlin office of the IRC for approximately three years. As you know, the IRC has been prominent for aid given to West Berlin and is currently in the midst of a campaign for aid to refugees arriving there in increasing numbers from the East. In her letter subject reports alleged attempts on the part of "the east" to kidnap her. In view of her activities and her connection with Rainer Hildebrandt's Kampfgruppe gegen Unmenschlichkeit, Mr. Becker believes there may be some basis for her fears. He said he knows subject as a calm person not given to hysterics; he is therefore, concerned about subject's safety.
3. This information has been transmitted to Staff C, PI, for action.
4. Any inquiry concerning this memorandum should be directed to Mrs. Virginia L. Thorne, Extension 2202.

SUBJECT: Visit to Alien: FRANK HARASIN - Polish National

1. Mr. Harasin was interviewed on 1 August at his place of business, The Pioneer Coffee Company, where he is employed as a business administrator. He is presently residing at 5334 McDougall, Detroit 11, Michigan.

2. Subject was born 1 December 1894 in Goczałkowice, Poland.

1923-29 Polish Ministry of Commerce, Warsaw, Poland. Civil servant.
 1928-34 Managed own firm in the corn and food trade. This was a very small concern.

1934-39 Silesian Steel Foundries & Mills (Pilsudski Foundry), located in Chorzow, Poland (formerly Koenigshutte, Poland).

1939-45 Polish Army - Mr. Harasin was taken a prisoner of war by the Germans. He escaped and joined the Polish Army in exile. His family disappeared during the war. His son is believed to be held in a Russian concentration camp, if he is still alive.

1945-48 Resettlement and Welfare Officer, UNRRA and IRO, Germany and East Africa. While serving in this capacity, Mr. Harasin travelled in the East African region of Tanganyika, Uganda, and Kenya. His purpose was to resettle Polish refugees in camps in these areas. Subject knows this area well and could answer specific questions regarding roads, airdromes, settlements and cities.

1948-51 Social work in England

24 July 1952 - Entered the US at New York City.

3. As a reserve captain in the Polish Army, Mr. Harasin worked for the Ministry of Reconstruction of Administration, Polish Government in exile. He explained his duties as consisting of assisting in the complete administration and reconstruction, and helping to place Polish nationals in jobs to which they would be best suited.

4. Harasin's wife refused to leave Poland with her husband and she is still residing there. He has not corresponded with her since 1945. He does, however, conduct a correspondence with cousins living in Chorzow and other cities in Silesian part of Poland. He received a letter from one of his cousins three months ago, but said that it contained only family information. He will gladly turn over all future letters, if so desired.

 1948 - Oct 51 US CID Div. of CIC - Subject was an investigator, and while serving in this capacity, he had the opportunity to interrogate about twelve Bulgarian delegates to the World ~~Peace~~ Conference held in the Soviet Zone of Berlin. He said he induced six of these delegates to escape, and they are still residing in Berlin. Their names and addresses may be obtained if so desired.
 12 November 1951 - Arrived in New York City aboard the SS General Sturgis
 Dec 1951-20 Jan 51 Turchon Follower Machine Co., Detroit, Michigan, as a draftsman.

3. Mr. Kowatschoff believes himself to be qualified to answer specific questions on certain Bulgarian economics and minor political questions. He could also describe in detail the city of Nasalweizie, Bulgaria, which is on the Yugo-slavian border.

4. Subject conducts frequent correspondence with his family in Bulgaria through sources in the western and eastern zones of Berlin. The source in the Soviet zone is Mr. Kowatschoff's mother-in-law, from whom he last received a letter three months ago. He said it contained a description of the deplorable living conditions, but nothing else. He will turn over all future letters from Sov Zone of Berlin and Bulgaria for our scrutiny and retention.

5. We are submitting a name check for subject with the hope that requirements will be forthcoming based on the contents of this memo.

1953-23 December 1953

SUBJECT: Poonthia Current Incident
DATE : 11/28/67 INDEXED : NO FILED : 11/28/67

1. Dr. G. D. Balfour, M.D., M.R.C.P., a representative of the International Hygiene Committee, visited Moscow in April, 1937, as a medical representative in Moscow. The purpose of his visit was to study the Soviet desire to assist the anti-Fascist cause. Balfour was on the United Nations Commission for the purpose of this visit. He visited the USSR and received financial backing from a non-governmental organization, which he had at first denied. He also intended to explore the possibility of getting medical help from the intelligence agencies which were of greatest value of assistance in accomplishing the purpose which he had in mind. He was given a residence in Moscow by the Soviet Union to facilitate his work. He was present in the Soviet Union to direct the International Hygiene Committee, which consisted of representatives of 100 countries. He was given the task of getting the International Hygiene Committee to work with the Soviet Union so that they could accomplish their purpose. The Soviet Union had no other approach to the British Intelligence Service or had no desire, where he could, to disrupt, and to reorganize a complete new system. The last approach was that approach which the Soviets used in 1936. The last approach was made in November, 1936, at the time of the Hungarian revolution. The London branch of Balfour had a proxy good international agent in him. His position in London was a very high position. Certain did not know the spelling of the name of the man.

2. Balfour's strong anti-Churchillian feelings result from the destruction of his family by the Soviets, as well as his intense nationalistic and patriotic feelings. The following purpose of his visit to the United States was directed with the Ambassador, who has also publicly displayed a fervent desire to assist the Government from central in the United States. Balfour wanted to get the knowledge in order to solicit British assistance. Balfour stated that he did not know who in Moscow during November, 1936, Balfour was associated with a German spy ring which had the possibility of a number of Soviet participation and certain persons who were working against the German occupation forces. The ring was known as a Berlin department. He meeting two or three naval officials and British sailors during his place of base with Kirov, Finland, and was there at least 10 days and saw a former official. Balfour was accompanied by a man who was a member of a military unit and was very well educated. After his return to U.S.

3. Gail is also member of own father's business, now located in Orenburg, Russia, in Tchita where he is to work with his brother and a wife. He engaged the Soviet officials, whom both are present to and know him. He were members of groups during the Comintern days of Gail. Gail's wife is now the name of three two individuals but his wife is the name of the woman he is married to. Gail is married to a woman who was born in Latvia and is a political refugee to France and is there with two children. Gail is in London. Said man Gail is currently working at 11 Grosvenor Street, London, S. W. He is married to his mother for about five years. Gail is employed as a waiter in old age. He resides at "The Biltmore", which is located at 227 Jermyn Street, London, S. W. His employment was obtained in July, 1937.

4. Valdemars Gailis was born in Petrograd, Russia, 27 July 1900. His family moved to Riga, Latvia, in 1901. In Latvia, his principal occupation was that of a waiter. His children were located in Riga. He held this position from 1904 to 1911. Initially, his employer was the Latvian Army. During this period he cooperated with V.I.P. in Riga, the head office of the Information Office for the base in Riga. In 1911, when the Russians took over Latvia, the Russian Army required that Latvia's 1st waves of the individuals who cooperated with them, either than supply the information, Gailis went home and killed himself. Gailis continued as a waiter at the officers' mess, and for the Russians, until May, 1911. In May, 1911, a Russian, the cook, informed Gailis that Gailis, the head chef, and one other individual should escape, as the Russians were about to arrest them. Gailis went home to tell his wife and child to leave Riga and head for a sister's home in the hinterlands. Upon arrival at home, Gailis was told that two Russians had already been there looking for him. Gailis then left Riga and joined the partisans in Sigulda when the German military forces entered Latvia. Gailis remained a part of it learned that his wife and son had been executed by the Soviets on 19 June 1941. His wife had failed to head for the border bus stopped in Riga, where she was arrested. He has not heard anything of either wife or son since then.

5. Gailis then returned to the Nazi officers' mess as a waiter for the Germans. He was placed in by the German Army as a Russian interpreter on 4 November 1941 when he was sent to Leningrad for a few days. He then went to Riga, where the supposed contact with Shukhov took place. Gailis was associated as an interpreter with the German anti-communist group for about 4 years. With the German Army he came to Germany on 14 October 1944. On 3 February 1945 he joined the British Army as an interpreter. On 22 May 1947 his associations with the British Army were terminated.

Possible Soviet Prospect

In February, 1948, Galtis went to Leningrad. He has since received, on 14 September 1949, from his Riga girl in Germany. He has no children by this marriage. An ex-commissar from Latvia, he is active within the LSS. His wife has still a son, a girl who was forcibly taken from him in Latvia, and the German girl is a necessary to satisfy the mutual desire for a son in both. The previously mentioned not even investigating, if he left, would provide for the sake of the son's future.

Galtis is said to understand his anti-Soviet aims, & it may cloud the issue of his defection. Desirability of this and the nature of this defect is the prime consideration for his militancy.

It was told that LSS has nothing to do with activities Charles Galtis. The deals only with espionage from the outside. Galtis stated that if it was at all possible for SIS to convey his desires to the appropriate LSS authorities, he certainly wants them to do so. No suggestion was offered to the men, and he was told that LSS has no knowledge or association with the type of contacts with whom Galtis would go next.

MEMORANDUM FOR: Executive Secretary
Office of the DCI

FROM : Charles A. Briggs
Chief, Services Staff

VIA : Acting Deputy Director for Operations

SUBJECT : International Rescue Committee, Inc.

1. The following information on the IRC is for background only.

2. In August 1950, Outline for Project QKGANT was approved for the purpose of acquiring biographic information on top-level defectors/emigres from an official of the IRC. The sum of \$2,500 was to be provided by covert means. A partial payment of \$1,250 was advanced on 30 August 1950 but was refused by the IRC representative, who stated he would supply as much of the information desired as possible without cost. The project was closed as of 31 August 1950.

3. In November 1950, David Martin, Executive Secretary of the IRC met with George Carey, Assistant Director for Operations, with as many as five proposals for collaboration between CIA and IRC. One proposal was for the support of a European Institute which would provide employment for displaced scientists, journalists, etc. He was informed that CIA had no funds for financing such a project.

Dear Mr. Sternberg:

As you might surmise, your organization is well known to the Agency. Following the receipt of your letter of 31 March 1976, a more definitive search for information pertaining to your request was conducted. No information was located which would indicate that CIA has ever provided funds to the IRC either directly or indirectly. I trust this letter will allay any apprehensions your organization has had in this matter.

If I can be of further assistance, do not hesitate to contact me.

Sincerely,

1. We met Charles Sternberg, Executive Director of the International Rescue Committee (IRC) on 10 May 1973. In the course of our conversation, Sternberg noted that we had shown quite a bit of interest in Soviet arrivals (defectors) recently and suggested that it would be of a great advantage to us if we were able to introduce ourselves as, for instance, representatives of a scientific institute rather than Agency employees.
 2. We are quite certain that Sternberg meant well and had our benefit in mind when he made this suggestion. Sternberg has been cooperative and helpful to us over a number of years. His suggestion particularly aims to simplify our problem of making initial contact with USSR nationals. They are particularly sensitive and suspicious, and CIA has a very ominous meaning to them according to Sternberg.
 3. We explained to Sternberg that we cannot do what he suggested, but in turn we suggested that in instances where a new arrival is ill at ease, we should wait a few weeks or months until the new arrival has settled down, found a place to live, and hopefully, a satisfactory place of employment.
 4. We did, however, tell Sternberg that we will discuss his suggestion with our associates interested in this particular problem.
5. Do you have any advice or comment?

1. This memo covers subjects discussed in references.
2. Since Tereshko came into this country as a refugee under the auspices of the International Rescue Committee in New York City we do not have any commitments to assist him in his resettlement problems whether they include job assistance or assistance in firming up his immigration status to this country. We, however, also realize that he has been a very cooperative and prolific reports producer for the intelligence components. We want to make clear that we have no commitments to help Tereshko.
3. Tereshko should find his own way to mail letters to Minsk through parties located in other cities. Subject mentioned that he has friends in New York City whom he could use for this purpose.
4. We contacted the office handling Tereshko's refund for his rubles and roubles and were informed that he will shortly receive a check for US\$25.00 plus some gold rubles which could not be changed for him. When we receive the money in a week or two, we will forward it to you.
5. Apparently Tereshko feels an attraction to work for Radio Liberty in Tampa, which was offered to him. This again is his own decision although he has a good position and a fine future with his present company.
6. We have found from experience that defectors generally blame us for decisions and actions which fail and credit their own astuteness for those developments which succeed. We would like, however, to point

MEMORANDUM FOR THE RECORD

SUBJECT: Contact with Mrs. Mary Lord

1. Mrs. Mary Lord will make two trips abroad in the near future. From 19 August to 7 September she will be in the Far East. She will travel to Calcutta in her capacity as interim president of the International Rescue Committee, and will also go to Saigon and Hong Kong. She hopes to visit Laos, but this had not been settled when we spoke with her early in August. Her visit would be in response to an invitation extended by Souvanna Phouma last winter (see CO-B-33171-70). If successful, she would attempt to get more information related to the requirements of Case 54,162.

2. On 9 September Mrs. Lord leaves for Europe on a trip connected with her duties with the Atlantic Treaty Association. We do not know how long she will be gone, but if prior trips are any indication it probably will be no longer than two weeks. She may learn more about Georges Pompidou, although she has not been briefed for this particular trip. We received requirements against a similar trip in June (See CO-B-17035-71 in response to cases 54,162 and 56,460) and she may remember some of those and attempt to obtain further data. We would recommend that she be debriefed on both trips shortly after her return from Europe. We have given her Mr. Lohmann's name, should she wish to contact the NYFO before a representative calls on her.

3. In June Mrs. Lord loaned us two books on Pompidou. Upon instructions from Chief, NYFO, we returned these to Mrs. Lord on 18 August since we had received no reply to our queries to headquarters (NY-636-71 of 24 June 1971, Form 610 of 19 July 1971 and NY 16766 of 3 August 1971).

MEMORANDUM FOR THE RECORD

SUBJECT: Call from Jack Cogswell, 22 March 1971

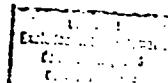

Cogswell telephoned to inform that the International Rescue Committee planned to hold a Press Conference on 24 March 1971 in New York to discuss prisoners in Cuban jails. Cogswell voiced the hope that the conference would not have any adverse effects on attempts underway to obtain the release of Lawrence Kirby Lunt from a Cuban prison. He explained that "Pancho" ("who is known to your people, I am sure") is on his way to Mexico City with \$3,500. He will contact a woman there who apparently knows who to pay off to arrange Lunt's release. Cogswell indicated that "they" hoped to pay no more than \$10,000.

SUBJECT: Meeting with Edmund Cummings, Dept. of Immigration, US Catholic Conference. Ref: Dept. of State memo of 12 May 69 from Wm. C. Trueheart, forwarded to NYFO on 16 May 69.

B 5-4416 o/c

1. On 6 Jun 69 Deputy Chief, NYFO, accompanied by C/S Elliff, met with Edmund Cummings to discuss any aspects of the relationship between his office and the Agency that might be unsatisfactory to him. This appointment was requested by NYFO as a result of the comments made by Cummings in reference memo.

4-5544

2. When we opened the discussion with the statement that we had heard indirectly that the question of cooperation with the CIA had arisen at the ACVA meeting, Cummings immediately stated that this was indeed the case, and for his part, he wished to have no contact at all with our Agency. Invited to elaborate on his reasons, Cummings said it could be very "embarrassing" were it to become known that he had furnished information on Czechoslovak refugees to the CIA. He later stated that it could be extremely dangerous for refugees to have contact with the Agency, since if this fact were known, it could bring harm to themselves or to their families still in Eastern Europe. If he had furnished the information about the location of a refugee to whom harm later came, it would cause him great anguish. He knew, he said, of an instance in Connecticut in which a refugee who had cooperated with the Agency was beaten up by Communist agents. Cummings did not respond to our invitation to elaborate on this incident, which we said was unknown to us. Cummings said that not only was he concerned about CIA activities involving refugees, but that if cognizant, the US bishops would be unhappy about CIA involvement with organizations such as the US Catholic Conference. Again, Cummings declined to elaborate. Cummings suggested that we get our information from the I&IS to whom the US Catholic Conference furnishes data and he was unsympathetic to our desire to have this information on a more timely basis than was possible with reliance on I&IS records. He also suggested that arrangements to see refugees in the US be made with the refugee in Europe and that the refugee be given a telephone number to call after his arrival. Responding to our direct question, Cummings said he viewed cooperation with the FBI in a different light and would not deny its agents information they requested.

3. We wish to emphasize that Cummings made none of the statements to us that he did in paragraph two of reference memo. On the contrary, in response to our direct question, Cummings said that his objections were those of principle rather than of manner of approach by the NYPO. At no time during our conversation with him did he make any objection to the procedure set up between him and C/S Elliff to facilitate the acquiring of the information we requested. We do not have any doubts that Cummings did indeed make the statements attributed to him in reference memo, but it is at least interesting that he specifically refuted them in our presence. After displaying nothing but hostility toward the Agency during our entire meeting, he invited us to call upon him in the future if he "could ever do anything for us personally." Obviously we do not expect to contact him on any basis in the future and we are certain that he does not anticipate further inquiries from this office.

4. C/S Elliff reports as follows on her contacts with Cummings and other officials of the Dept. of Immigration, US Catholic Conference:

"The first contact with Cummings was on 11 Sept 68 and the results of that meeting are contained in NY#677-68 of 11 Sep 68. This was a straight-forward request for information on how the US Catholic Conference would handle the influx of refugees. As can be seen from the memo, Cummings was cooperative and, in fact, offered more assistance to us than we later requested. We spoke on the telephone with Cummings a few weeks later to say that, in all likelihood, we would only be needing to ask for address information on selected refugees occasionally. For this information, he referred us to Mrs. Irene Bilinski. On 12 Dec we saw Mrs. Bilinski who was cooperative in furnishing information on a specific Czechoslovak refugee. Upon our return from Washington in late January 1969, a number of requests had piled up and we tried to obtain the needed information through Mrs. Bilinski. She pleaded that they were very busy, extremely behind in their filing and asked that we call on her later.

(B)

B-69-169

NY#399-69
12 June 1969

- 3 -

"Since it appeared in late March that Mrs. Bilinski would not be available in the foreseeable future, we called again on Cummings and explained the problem. We said we understood the problems involved for them in providing this information, in view of the fact that they were extremely busy, and said we would appreciate anything he could do to facilitate matters. There was one address we needed urgently and this Cummings obtained for us while we waited. We left with him about six three-by-five cards on other refugees, plus a stamped self-addressed envelope, and asked that he return the cards, with the address and employment data added, at his convenience. After that, we sent Cummings two letters requesting data on additional individuals and received replies in due course. After his receipt of the second letter, Cummings called Deputy Chief, NYFO (whose name he had obtained from Charles Sternberg of the International Rescue Committee) to check on Miss Elliff's bona fides. According to Deputy Chief, NYFO, Cummings was satisfied that our inquiries were legitimate and only expressed the hope that they could be kept to a minimum. We suggested the mail procedure agreed to by Cummings only in the interest of saving the time of an obviously overworked organization.

"When the account of Cummings' complaints to the Department of State official reached us, we endeavored to set up an appointment for ourselves and Deputy Chief, NYFO, to see him. Our first call in this regard was on 19 May. He said it was a very busy week and asked us to call later. We called the following week and he again stated he was extremely busy. We said we did have one address to ask him about and asked if we might see him briefly. He invited us to write him for the information, and assured us that this would be entirely satisfactory. We wrote on 26 May and he replied the following day, much faster than he had previously. When we called him on 6 June, he invited us to meet with him that afternoon. We estimate that we have requested address and employment information on about 13 individuals. Since this is the only data requested from Cummings, we do not understand his statement in reference memo that he had "become concerned over the numbers and types of request." In addition to Cummings and Mrs. Bilinski, we have contacted Mrs. Olympia Boroni, whom we saw in 1967 in connection with Case 49,354. Although she could not furnish the current location of the individual in whom we were interested, she was extremely cooperative."

3. Although chairmanship of ACVA specifically rotates, it has been with the Rev. John J. Schaefer, Jr., Director, Immigration and Refugee Program, Church World Service, for an estimated three years. We have been told by a regular attendee at such meetings that ACVA does not formulate policy for member organizations. Thus, discussion apparently intended for the next scheduled meeting by one complainant (which clearly was not come to attention of some key members, presumably including John Schaefer) would be in nature of informal consultation only.

4. Thorough discussion of this matter in NYFO was not identified as incident which might have led to this complaint. There is, of course, the possibility that another office was involved or that local base of NYFO, which apparently is in touch with refugee organizations has been again mistaken for CIA. Conversation with two cleared and thoroughly sympathetic contacts in ACVA member organizations indicates that they have not heard of this complaint and that if it comes up in discussion there will be some friendly support for our position. It seems to us, however, most desirably that it not come up and we urge, therefore, that State be advised that the complainant

MEMORANDUM FOR: Mr. Thomas H. Karamessines

SUBJECT: CIA Requests to Voluntary Agencies in
New York

With reference to our recent discussion of this subject, I am attaching a memorandum from Mr. Laugel of Ambassador Martin's staff on his meetings in New York with various representatives of the voluntary agencies. It would appear from his report that concern among the voluntary agencies over CIA approaches is more widespread than we had at first supposed.

SUBJECT: CIA Requests to Voluntary Agencies in New York

MAY 6 69-169

Ambassador Graham Martin has asked me to inform you of conversations which were held in my presence by certain voluntary agency representatives with regard to CIA requests for information on Eastern European refugees (primarily Czechs) who have been arriving in the U.S. as a result of the Czechoslovak-USSR crisis. The following information was obtained on a confidential basis while I was in New York this week to work on an unrelated project:

(1) On May 5, after concluding my own business discussions, Dr. Jan Papanek, President of the American Fund for Czechoslovak Refugees, Inc., expressed his deep concern over being asked to supply information on the whereabouts of his former countrymen. Dr. Papanek told me that the CIA is checking on a large number of Czech refugees, most of whom have no special experience or qualifications which would seem to be of particular interest to the United States. He knows that many of these people are being subjected to intensive interrogations which bewilder and frighten them. The procedure was initiated last October by a CIA man who identified himself as Norman N. Gruber. Dr. Papanek receives his requests by letter (he showed me one sample) which simply lists the names and other basic data, either immigration number or date of birth. The return address used by the CIA is P.O. Box 1294 in Grand Central Station, to which Dr. Papanek is to send his reply - that is, the latest U.S. address recorded in his files. Dr. Papanek did not mention a specific number of names or requests but he said they are growing and he is very uncomfortable about it; he does not want his good name or agency to become identified with the CIA. He indicated, in addition, that the method of operation seems heavy-handed in comparison to that of the FBI, whose agents present themselves in person, make their requests known

and are serviced to the extent permitted by Dr. Papanek. If this information is essential to U.S. interests, Dr. Papanek cannot understand why it is not handled on an intra-governmental basis -- namely have the CIA obtain its information from the Immigration and Naturalization Service, which is responsible for alien registration in the United States.

(2) On May 6, after concluding my work with *S. 4446* Mr. Edmund Cummings, Associate Director of the U.S. Catholic Conference, the question again came up. Mr. Cummings expressed his agitation over the seemingly amateurish and scattershot method by which the CIA is operating in this field. He also questioned the value of interrogating simple refugees who are not defectors with special qualifications or background. Mr. Cummings said the groundwork was laid sometime ago (no date mentioned) by a female officer of the CIA, and that he agreed to the exchange of mail procedure utilizing the P.O. Box at Grand Central. However, he has become concerned over the numbers and types of requests. He suggested, as did Dr. Papanek, that INS might be the proper contact point for CIA. Mr. Cummings also mentioned that the FBI agents appear in person and he indicated that their approach seems more professional.

(3) I was also informed by Mr. Cummings that the International Rescue Committee, Inc., whose Executive Director is Mr. Charles Sternberg, was somewhat alarmed by the same situation. I had previously consulted Mr. Sternberg on my own project but he did not raise the CIA matter with me.

(4) On May 7 I attended (as an observer) a meeting of the Committee on Migration and Refugee Problems, American Council of Voluntary Agencies for Foreign Service, Inc., which was called to discuss refugee and related matters. The meeting was chaired by the Rev. John W. Schauer of the Church World Service; in addition to

Council officers, representatives of seven voluntary agencies were present. Those in attendance were:

Mr. Eugene Shenefield and
Miss Etta Deutsch of the

Mr. Edmund E. Cummings and
Mr. John McCarthy of the
United States Catholic Conference

Mr. Donald E. Anderson of the

Mr. Gaynor Jacobson and
Mr. Harry Freeman of the
United HIAS Service

Mr. Charles Sternberg of the
International Rescue Committee

Dr. Jan Papanek of the American Fund for Czechoslovak Refugees

Mr. Teymouraz Bagration of the
Tolstoy Foundation

Chairman Schauer also represented the
Church World Service

At one point the meeting went off-the-record to hear from Mr. Cummings of USCC, who had been assigned to study the "CIA problem." But Chairman Schauer opened the discussion by announcing rather mysteriously that he had been in touch "with Washington" at the appropriate level -- implying that the Council should at least table the matter for the time being. Mr. Cummings then moved that (a) there would be no further discussion of it, and (b) each voluntary agency should deal with the CIA as it sees fit on an individual agency basis. His motion carried and the Council proceeded to other business.

The above information was volunteered to me. During the individual discussions I expressed no opinion but did mention my general interest in overall problems the voluntary agencies are facing. At the Council meeting I said nothing on this subject.

SUBJECT: Case: 44-138- Dr. Alexander Kremel's Detention and Interrogation.

1. Herewith is a summary of this case, as reported in MA-61592.
2. The case was opened to this office by a telephone call from George MacLean in mid-morning on 20 Sep 63. The only information available to us at that point was an account in the New York Times of 19 September. Freund at that point was instructed to contact Mr. Joe Reitman (Assistant Special Agent-in-Charge), New York FBI; the FBI had notified CIA through Washington liaison, that it would be ready to turn over subject so as for interrogation some time on this date, and the details were to be discussed with Reitman.
3. Schmit passed Freund along to the supervisor and special agent handling the case (who known to us), and we learned that the FBI had not been releasing the subject as yet because of unexpected delays at Immigration and Naturalization Services. The expected schedule was for sub ect to be fingerprinted and released by IANS in the early p.m. The FBI estimated that its own interrogation could be accomplished within about 45 minutes. An arranged, FBI interrogation would be carried out at International Refugee Committee office, where subject would be turned over to us at about 3 p.m.
4. Above information was phoned through to Allen Branch, which advised that two OSI representatives, Drs. Hopman and Huber, were to be dispatched to New York to conduct an interrogation that afternoon. Numerous telephone calls between this office and Allen Branch, the FBI, and IAC continued throughout the afternoon. The FBI very graciously agreed to make a staff translator of Czech descent available for our interrogation. Charles Sternberg of IAC agreed to stay in his office until we could take the subject off his hands when it became clear that the OSI representatives were late in arriving.
5. Dr. Hopman, OSI, and Dr. Huber, Medical Staff, in fact reached NYFO at 1:50. There was considerable misunderstanding between them and this office concerning the situation. They were aware that subject had been interrogated until late the previous day by IANS and was somewhat exhausted by interrogations and procedures on 20 Sep at IANS and involving the FBI. They expected to operate under cover (to be furnished by FBI or this office), they expected to be provided with a secure interrogation facility wired for sound, they understood that Czechoslovak authorities had attempted to reach the subject. In the circumstances, they remained at NYFO in the care of the Field Office chief, while Freund proceeded to IAC.

8. Conversations at 1000 with Sternberg, his FBI translator and subject revealed the following; Subject said he had been able to report two CIA men from Washington. He failed to give Freind's true name, said he was not in the hospital and after waiting for several hours, (approximately) of 100 had not made the above disbursements to Sverdlov. After further discussion with Chief, NYFO, and with Sternberg led to the decision that subject was to remain in Sternberg's care over the weekend. That subject's interrogation in the circumstances would be unwise (particularly as the transcript of the exhaustive IAMS would be available during the following weekend), and that the interrogator would be available during the following weekend, and that the suggestion of Allen Dulles to bring him to his safe installation for detailed exploitation should be followed.

9. Freind took the FBI translator and subject for supper and developed a few facts. Subject was openly optimistic about the results of de-Stalinization in Czechoslovakia and the current "new-look" era which he hoped would insure his family's joining him within one to two years. He was staying with his friend, Jones, and felt confident that neither the other 24 physicians in his enclave nor the Czechoslovak secret police would turn him to Jones. Subject was very willing to leave New York for interrogation elsewhere. He spoke about his political convictions - anti-communist, patriotic Czech and his admiration for the US, although he did not particularize this in detail. Freind thanked the FBI translator for his help, telephoned and to his apartment (but did not enter it), notified Chief, NYFO, of developments, and reported to Bisulkin at the earliest opportunity (around 1800 hours).

10. On Monday morning, 23 September, we received word that Allen Dulles was ready to accept and set to his safe facility; later that day, George Nagle, using a registered passenger, drove subject to Washington in the afternoon. An agreement reached earlier with Sternberg was reaffirmed in front of subject at the time that Freind picked up subject; The US assumed full responsibility for subject's welfare, under procedures and considerations affecting aliens as promulgated by the IAMS. During the period (approximately) to be somewhere in the neighborhood of one week) that we "borrowed" subject, we obviously had to share this responsibility. We wanted to make clear, however, that CIA was not in any way involved in this matter other than to avail itself of the opportunity to interview a source vital to our intelligence in Czechoslovakia. Sternberg to clearly understand this, and his subsequent behavior vis-a-vis us appeared to be beyond reproach. On our part, we'll not become involved with living arrangements in New York, less opportunities, and so forth.

11. The record shows that subject was returned to car (Rosencrook driving) to New York on 3 October and came back to Sternberg by Freind at 1400 hours that day. We advised Sternberg of subject's reluctance in relocating in West Germany or Austria and we of his expectation that he would be more readily admitted to medical practice in either country than in the US. Ultimately, he hoped to return to the US, with his family, if wife and child could join him in the US.

Sternberg was to come to us and we had a radio wire plan. He understood from Sternberg that no permanent place had been found in a hotel and that subject was to use his proper address. We without the knowledge of "Doctor". We were fearful of Czechoslovak officials to return him and expressed our fears to Sternberg, but when I spoke to him he influenced him. In consequence, Sternberg might wish to have the more natural based on his dealing with other refugees, he do not know whether the Czechoslovak authorities would let him have land to run about down.

10. Our next meeting, came when we called Sternberg during the early afternoon of 1 October. We were in receipt of all info, which happened to ask our agent some questions. Sternberg learned from Sternberg, that our agent had arrived at INC that afternoon, Sternberg promised to phone as soon as possible, but arrived there so that an appointment could be made. Since Major Priorem had had preliminary indications of the possibilities for a cover, we mentioned this to Sternberg and found him sympathetic. In event of trouble, Sternberg phoned back, indicated our agent had not shown up at INC and that he (Sternberg) would go to subject's hotel (near INC headquarters).

11. The following morning, Sternberg phoned and reluctantly indicated that something was true. He had not found subject in his room at the Hotel Le Marquis, 12 East 51st Street, (near 11th Ave). on Monday afternoon; an INC employee who had visited the hotel room on the morning, of Tuesday, 2 October, established that subject had not been near his room at least since the day before. Subject's belongings, including the briefcase he took wherever he went, were in the room. Sternberg concluded that subject had left his hotel room Monday morning and had not returned since then. Sternberg invited us to inform the FBI. He had no expressed his suspicion to anyone but ourselves. We notified Graves, who suggested Sternberg alert the FBI himself. He called Sternberg back and so advised him. Somewhat later, the FBI supervisor called us to pass the news to us. Around noon, Sternberg had a call from subject, who said he had chosen to return to Czechoslovakia. Subject answered in this affirmative when Sternberg inquired whether subject phone from the Czechoslovak Mission to the U.N. The conversation was very short. Sternberg knew enough to inform INC and the FBI. He expressed the hope that the US Government would take steps to make sure that subject was exercising free choice. A number of telephone calls from FBI and the FBI ensued, in which the latest developments were played back to us. This office notified Deputy Chief, Contact Division, by phone.

12. During the afternoon, INC advised that it had received an inquiry from the Hotel Le Marquis. Two Czechoslovak diplomats from the UN Mission were at the hotel and trying to claim an set a belongings. The hotel management wondered whether it should comply. INC already had checked with the FBI, which had expressed no interest. We thought that we might wish to go through his briefcase, but told the caller that we had to check with headquarters before giving him a reply. Our call reached Eisenbrook, but the reply (negative) came from McConnell. After some 20 minutes, we therefore advised INC that CIA had no special wishes with regard to subject's belongings. Our advice was that the hotel management treat him privately as in other cases.

52

14. There were now further developments on this case during that week. An inquiry from Silvers on 14 October (concerning a vague report that subject had been offered \$2,000 for a TV appearance in the US) led to a call to Sternberg on that day. Sternberg had not heard of any such offer and felt confident that it had not been extended to subject. He then commented on the second article concerning subject written by Peter Kihss of the New York Times. Since the Late City Edition carried a longer version than the City Edition (which is ordinarily sold in Washington), we are forwarding a clipping of this article (which appeared in the 11 October issue of the New York Times). Sternberg told us that subject's Czech emigre friends, Danes and Vesely, were responsible for the article. They had phoned the Czechoslovak U.N. Mission and asked to speak to subject. They had phoned the various airlines of late with and established the departure via Air France. Finally, they had talked to Kihss about CIA involvement. All that I.M. then could do was to issue the statement which was reprinted.

15. Sternberg used this occasion to retrace his own steps for us. On 8 and 9 October, he had been in touch with Van der Heuvel, who was then in Washington. He had talked to Mr. Moto at the Central Office, INSS, twice on the morning of 10 October.

- 3 -

During the first conversation, Mr. Novo was not yet aware of subject's departure from the U.S. Gurney said he would merely express the hope that subject was interviewed by a US government official before his departure. It was academic now to worry about whether there had been any dirty tricks involved on the part of the Czechoslovak authorities in persuading subject to return. It was not completely impossible that subject himself took the initiative and called the Czechoslovak Mission to leave his family.

International Congress on Education of the Deaf

S 70479

1. Dr. Edgar Lowell, a contact of ours at the John Tracy Clinic, 806 W. Adams Blvd., Los Angeles 7, California, where a great deal of electronic research is carried on concerning deafness, has advised us that he has been nominated as the Program Chairman for the International Congress on Education of the Deaf, which will be held in June 1963. The host for this Conference will be the Council on Education of the Deaf and the Congress will be held at Gallaudet College, Washington, D.C. The Coordinator for this International Congress will be Dr. Powrie V. Doctor of Gallaudet College, who will be working with the State Department on this particular Congress.

2. As Chairman of the Program Committee, Dr. Lowell will be required to go to Europe to attend a meeting of a similar European group planning their annual congress for about the same time, and will visit Italy, France, Belgium, Germany, England and Scandinavia to check on attendees. There is a possibility that he will also go to Yugoslavia at the same time.

3. As a side-line it is also possible that Dr. Lowell will go to Moscow where he will visit Prof. E.N. Sokolov, Institute of Deafectology, Pogodina Str 8, Moscow G-117, USSR. Prof. Sokolov is well-known and has been active in previous Macey Conferences in which Dr. Aldrich and Jack Ford have been interested. We have reported through Dr. Lowell on both Sokolov and Prof. A. R. Luriya, and continuing correspondence between Sokolov and Dr. Lowell has also been reported.

4. The Soviets will be invited to this Congress and if the present cordial relationship still exists unaltered by world events, no doubt Sokolov and/or others will certainly be interested if not attend this meeting.

5. Enclosed is a rough outline of the program Dr. Lowell is responsible for which, of course, is still in the formative stage. Also a copy of the original letter sent out announcing the Congress is attached.

5. We would be interested in knowing your degree of interest in this particular matter, and entertain any suggestions you might have towards working with Dr. Lowell.

1. EX/YA is interested in (FEU) Masovic, Yugoslav member of the World Federation of Deaf. They ask you contact your sources at Gallaudet College in Washington for any information they may have on Masovic, who according to a Los Angeles memorandum of 14 November 1961, is Yugoslav and well-known as a Mohammedan working in the area of the deaf. He was apparently co-chairman on a committee with Mr. Bernard Tervoort, a Jesuit priest, who is a Flemish and a Linguaist, and a Dutch national. The two, Masovic and Mr. Tervoort met together in mid-October 1961 in Italy, at which time Masovic expressed a desire to defect.

2. To assist you in the assignment, we are attaching copy of the EX/YA memorandum of request and a copy of the Los Angeles memorandum of 14 November 1961, giving more details about the meeting between Mr. Tervoort and Masovic.

3. Gallaudet College will be host to the International Congress on Education of the Deaf and sources there may have information on the Masovic in question.

4. Many thanks in advance for your cooperation in this assignment. Please furnish information responsive by OO-A series reporting.

The new committee is being formed because the Free Europe Committee wishes to economize and representation from several Hungarian political parties is wanted.

Most of the information gathered by Pasztor was used by IRC in reports on Hungary to the United Nations.

I am able to give the following biographic data on Pasztor: aged 46, divorced, official of the Pfeiffer Party after he was kicked out of the Smallholders Party, arrested for anti-Communist activities in 1948 or 1949, He was convicted and sentenced to death which was later commuted to life imprisonment. He was in the same political prisons with me at Vac and the Gyuto prison in Budapest.

5. "While in prison he was a 'double-dealer' and most prisoners liked him but distrusted him. He seemed to be able to find out about all news both inside and outside the prison. He was released from prison during the destalinization period and escaped to the West during the revolution.

October 4, 1957

Mr. James MacCracken
Volstov Foundation, Inc.
989 Eighth Avenue
New York, N.Y.

Dear Mr. MacCracken:

I thought you would like to know that the International Rescue Committee has organized a Commission of distinguished Americans who will visit Europe to investigate the refugee situation and issue a report on their return. We envision that the Commission's report would highlight the following factors.

1. The conditions and needs of those Forgotten Men who have been sitting in refugee camps for years or who are inadequately resettled outside of camps. A portion of the report will be devoted to the Hungarian refugees who are still in camps.
2. Make specific and general recommendations as to what can be done in the future to meet the needs of the "Forgotten Men".

Aside from highlighting the factors just mentioned, we feel that the Commission's report can serve, among others, the following constructive purposes.

1. By dramatizing and humanizing the problems of European refugees, we believe that the Commission can help to create a climate of public opinion conducive to:
 - a. More generous support for U.S. programs concerned with the refugees, both private and governmental.
 - b. More flexible immigration legislation.
2. The report of the commission will, of course, incorporate information from the survey now being prepared by the UNHCR. Indeed, we feel that the Commission can be of great assistance to the UNHCR by bringing his report and the refugee situation in general to the attention of the American

- 2 -

public. We believe that the commission is especially qualified to fulfill this function since they are a group of private Americans talking to fellow Americans.

The Commission will leave for Europe on October 15th and return on October 31st. Enclosed you will find their tentative schedule and a list of Commission members as of this date. In addition to the observations of the Commission, their final report will, of course, also represent intensive research on the part of our staff.

We have asked our overseas representatives, in the countries which the Commission will be visiting, to provide at least one opportunity for representatives of your organization to meet with the Commission if they wish to do so. If your representatives desire to meet with the Commission to discuss some specific aspect of the refugee problem, I suggest that they contact our representative in the country where they are stationed.

I have not been in a position to write to you about the Commission before this since the Commission plans have just been finalized. If you desire further information, I am at your service.

Sincerely yours,

1. Our attention was invited by Mrs. Steven Magyar, vice president and program director of the International Rescue Committee (Connecticut) to the fact that subject 5-5564 individual acted as secretary (sic) of propaganda at the factory known as Elektrosoos Vozulek as nemusorek Cuyaru, and that he is now living somewhere in the Hartford area. It is noted that when he first got to Austria he was so frightened last he was refused entry to the US that when he was asked whether he had any Communist connections he said he did not.

2. A check with I & M in Hartford indicated that this man was born 24 March 1923, had been under investigation back in February, that the case was closed, that the file indicated he was again under investigation as of April and that the case was evidently still open. It was also indicated that he was in the New Haven area, but there was no local address available.

3. FYI Mrs. Magyar opined that Szilless might be deported, which indicates she knows he is being looked over. This information did not come from us.

In response to your request in the memorandum cited above, we initiated a name check on subject with Records Integration Division (RI), DD/P, hoping that you could tell your source we had no derogatory information on subject. As you know, any positive information of this type obtained from the DD/P cannot be disseminated outside the Agency. Although the attached reply, for the most part, is not derogatory, we regret that you cannot pass it on to your source. However, it is forwarded for your information.

SUBJECT: ALEXANDER-SINCLAIR, John

1. Reference is made to the name check request from your office dated 28 January 1957, for information concerning John ALEXANDER-SINCLAIR. The files of this office and those of a predecessor organization contain considerable information concerning Subject, the major part of which is not derogatory. This information includes reports of Subject's personal views as of January 1943 on political and economic conditions in Shanghai, China, which could be made available to your office upon request. Following is information which may be deemed derogatory in one case and of intelligence interest in the other.

2. A usually reliable source reported in September 1951 that Subject, then the director of the Office of the High Commissioner for Refugees and an official at the British Foreign Office, accompanied the High Commissioner to Italy on his first unofficial trip in July 1951. Source stated that Subject was not at all tactful in his dealings with Italian officials and thus he met passive resistance. Furthermore, acting on behalf of the Commissioner and very eager to put at once as many British agents as possible into positions under the Commissioner's cover, Subject appointed Marshal DE BEAR, Chairman of the International Refugee Organization (IRO) Review Board, to the position of representative in Italy. According to Source, this annoyed Prince MEL DRAGO, Italian envoy to IRO in Geneva, Switzerland, who stated that as long as IRO was functioning, there would be no other refugee representative working in Italy and that, after all, the Commissioner had to be first recognized by the Government. DE BEAR was said to be "persona non grata" to the Italians.

3. According to a report dated 7 January 1954 from a fairly reliable source, it had been reported by various sub-sources that John ALEXANDER, British, Delegate to Italy of the High Commissioner of the United Nations for Refugees, was a person to be considered rather politically dubious. According to Source, on several occasions he had been excessively interested in favoring foreigners in Italy who had received expulsion notices as a result of their commercial activity and political contacts with Iron Curtain countries. Source stated that Subject was further reported to be on very friendly terms with Italians and non-Italians who were clearly oriented toward the parties of the extreme left.

1. Peter White reports that subject has injected himself into the affairs of American Friends of Vietnam in a manner which he considers to be suspiciously like that of an intelligence agent. Since the subject is a former British subject but now a naturalized citizen, he poses the question as to whether he might not be a long-term British agent. Peter reports that subject is seeing Duc-Phon regularly and is a close friend of Prince Buh-boi. Subject was a friend of President Diem when he was in this country.
 2. Subject has stated that he has money which he wants to invest in Vietnam. His present occupation is that of button manufacturer with which he has had considerable success.
 3. We admit that this is a little bit like seeing a bogey-man behind every bush but are a little curious as to the prospects for button manufacturing in Vietnam. We are only passing this on for what it is worth, which is probably not much.

- d. A publication entitled "Livre Noir". This is a Daï Viet black book against Diem, a copy of which, according to du Berrier, was given to Vice President Nixon during his last visit to Saigon. du Berrier says that there is a third portion of the book which he does not have.
 - e. Press release, 23 September 1956, distributed by Daï Viet Party from Paris.
 - 3. It is our impression that du Berrier has little to say by way of analysis that differs from the standard Daï Viet statements. du Berrier takes no effort to hide his admiration for Hoan and his people. He says that in time, either Hoan or the Communists will win out in Vietnam and that if Hoan wins, he will need a couple of friends in the US. The implication seems plain that du Berrier plans on being one of those "friends".
 - 4. It seems to us that the best course on handling this material is to send the whole batch to you in order to determine whether or not any of it is worth reporting or placing on file. We will furnish report elements for any of this material which is found reportable. If you find that copies of Hoan's letters might be desired, they could possibly be obtained from du Berrier at such times as he is in New York.

1. Our contact in the Harold Oram Agency public relations office advises that a Mr. Rufus Phillips who is connected with psychological warfare activities of the Agency, has been in contact with Oram and his agency for the purpose of arranging distribution of a film which was made in Vietnam and is concerned with the communist methods of operating in an agrarian community. Phillips was formerly in Vietnam under cover.
2. Our contact further advises that one John Gates, a former member of CIA in the Saigon station, was used by Oram as the narrator for the movie at a recent private showing. This same John Gates is reported by our contact to be extremely indiscreet insofar as security matters are concerned. Our contact is somewhat concerned that Gates will inadvertently reveal that he (Peter White) was connected with CIA while he was in Vietnam. Peter's experience with Gates' indiscretion dates back to his visit in Vietnam at which time Gates told his girl friend about what Peter was doing. (This has been previously reported.)
3. John Gates is now working part-time for the International Rescue Committee.
4. The film in question which now bears the title "The Fire and the Shadow" was in part or wholly financed by CIA. The Oram Agency has arranged distribution for showings in Formosa and Korea. The Oram Agency has had professional movie makers take a look at it for possible showing in the US. The professionals were highly critical and completely discouraged any attempt to have it distributed in the US.
5. We assume that Headquarters OO/C was not advised of this out of channels approach since the NYFO had not received any word of same. As you know Harold Oram and his Agency has been a contact of the NYFO for many years.

Subject: Information on Defection of North Koreans in Hungary
 to the Side of the Hungarian Freedom Fighters

The Department has received information from a source in the International Rescue Committee that some North Koreans resident in Hungary defected to and sided with the Hungarian Freedom Fighters. Three recent Hungarian refugees, reported eyewitnesses to these defections, are now resident in the United States, as follows:

1. Thomas Orley, who can be contacted through the International Rescue Committee, New York
 case 5-48505 2. James Ambury presently studying at Bard College, Annandale-on-Hudson, New York
 3. Szaba Gall, presently studying at Bard College, Annandale-on-Hudson, New York

The Department is very much interested in additional information on this subject, for example: Who were those who defected? (Students, industrial trainees, members of government missions, etc.) How many defected? How many are known not to have defected when given the opportunity? (In other words, how widespread were defections?) If defectors had any important positions, information on persons and positions is desired. What were the circumstances of the defection? What appeared to be the motivations for defection?

The Department would also be interested in information, if procurable, on the number and type of North Koreans in Hungary or other satellites.

We would appreciate your handling this on a priority basis.

BEN, WE HAVE TO TAKE THE SAME POSITION ON THIS REQUEST AS WE DO WITH ANY REQUEST TO PASS DEROGATORY INFORMATION TO SOURCES. AS YOU KNOW WE CAN'T PASS ALONG ANY INFORMATION THAT WE WOULD GET FROM SECURITY FILES BECAUSE OF THE FACT THAT MUCH OF IT COMES FROM THE SECURITY OFFICES OF OTHER AGENCIES. ALSO A LOT OF THE DOPE IN SECURITY OFFICE FILES IS COMPLETELY UNSUBSTANTIATED AND ITS USE IN A CASE LIKE THIS COULD CONCEIVABLY DO A DISERVICE TO AN ORGANIZATION. I SUGGEST AS WE DO IN ALL OF THESE CASES THAT YOU REFER YOUR LOCAL GROUP TO THE LOCAL FBI X FBI. IN THIS WAY THEY CAN GET BETTER INFORMATION THAN WE COULD SUPPLY, EVEN IF WE WERE ALLOWED TO PASS IT ALONG.

FBI - NEW YORK

///SECURITY INFORMATION///

OSLEY INTERVIEW

NEW YORK JANUARY 15--ONE OF HUNGARY'S LEADING ATHLETES WHO FOUGHT IN THE FREEDOM REVOLT SAYS NORTH KOREAN, COMMUNIST & CHINESE AND VIET NAM STUDENTS WERE AMONG THE SYMPATHIZERS IN THE STRUGGLE AGAINST SOVIET INTERVENTION LAST FALL.

IN AN INTERVIEW HERE TODAY, FORMER FENCING CHAMPION THOMAS OSLEY RECALLED THAT "PRACTICALLY EVERYONE NOT INVOLVED IN THE ACTUAL FIGHTING" LEFT SUPPORT BEHIND THE SCENES TO THE FREEDOM FIGHTERS. HE COULD NOT RECALL SPECIFIC DETAILS OF THIS "PASSIVE RESISTANCE" BECAUSE AT THE TIME HE WAS "TOO BUSY FENDING OFF SOVIET TROOPS AND TAKING FIGHTS WITH SMALL ARMS." BUT ACCORDING TO THE 23-YEAR OLD HUNGARIAN ATHLETE AND STUDENT, THE SIDE WAS DEFINITELY FOR FREEDOM --ONLY THE OVERPOWERING FORCE OF SOVIET ARMED AND ARTILLERY ENFORCEMENTS MANAGED TO HOLD UP THE COMMUNIST PUPPET REGIME.

WHEN THE FIRST WAVE OF THE REVOLT BROKE OUT IN BUDAPEST, OSLEY WAS ON LEAVE FROM THE UNIVERSITY AT AN OLYMPIC TRAINING CAMP IN TATA. HE SAID HE AND OTHER ATHLETES AT THE CAMP HEARD THE NEWS OF THE FIGHTING OVER VARIOUS RADIO BROADCASTS. IT CAME JUST BEFORE THEIR SCHEDULED RETURN TO BUDAPEST. OSLEY AND SOME OF THE OTHER ATHLETES JOINED THE FREEDOM FIGHTERS AS SOON AS THEIR OLYMPIC TEAM MATES RETURNED TO BUDAPEST. THE ATHLETES WERE RETURNED TO THE CAPITAL TO PREPARE FOR DEPARTURE TO THE AUSTRALIAN OLYMPIC GAMES.

140000
THE YOUNG BUDAPEST MAN SAID BOTH THE STUDENTS AND SOLDIERS ANTICIPATED THE BLOC, ONSET OF THE SOVIET INVASION IN EARLY NOVEMBER, DESPITE OFFICIAL CLAIMS THAT THE PUPPET GOVERNMENT WAS NEGOTIATING FOR THEIR WITHDRAWAL.

THE STUDENTS PREPARED FOR THE SECOND ROUND OF FIGHTING WITH SMALL ARMS COLLECTED FROM THE MILITARY ARMY AND THE FACTORIES IN BUDAPEST. ONE MAJOR SOURCE OF SUPPLY, GALEY NOTED, WAS A "SO-CALLED LAMP FACTORY" FROM WHICH THE WORKERS THEMSELVES TOOK THE ARMS THE FREEDOM FIGHTERS NEEDED.

IN THOSE FEW DAYS BETWEEN NOVEMBER 4 AND 5, GALEY RECALLED, THE SICK NIGHT OF WELL OVER A THOUSAND SOVIET TANKS TURNED THE TIDE. HE SAID "NO FIGHTERS, NO MATTER HOW BRAVE CAN WIN OUT WITH SMALL ARMS AGAINST HEAVY ARMOR."

BY NOVEMBER 10, THE YOUNG FREEDOM FIGHTER AND HIS CLASSMATES DISCOVERED THAT THE SOVIETS HAD TAKEN OVER MANY OF THE RAILROAD STATIONS. HE SAID LONG EXPERIENCE WITH THE COMMUNISTS CONVINCED THEM THAT EXPLOITATION HAD BEGUN, AND HE AND A FRIEND DECIDED TO TRY TO ESCAPE.

GALEY SAID THIS WAS A DIFFICULT DECISION FOR HIM BECAUSE OF HIS FAMILY. IT WAS ESPECIALLY HARD TO SAY GOODBYE TO HIS FATHER SINCE GALEY'S TWO BROTHERS HAD ALSO FLIED HUNGARY IN 1947--ONE TO BOLIVIA AND THE OTHER TO AUSTRALIA. THOMAS' FATHER WAS FORMERLY A WORLD CHAMPION STREET SHOOTER, A FREE-WAR FIELD MARSHALL IN THE HUSSARIAN ARMY AND A LEADER IN THE NON-COMMUNIST FREEHOLDERS PARTY. BECAUSE OF HIS BACKGROUND, THE COMMUNISTS HAD FORCED HIM INTO A HARD FACTORY JOB DESPITE HIS ADVANCING YEARS.

NO MATTER WHAT HE DID AFTER THE REVOLT, THOMAS SAID, HE KNEW THE COMMUNISTS WOULD RETALIATE. DURING THE PAST SEVEN OR

14 00000

REVOLT IN R.J.P. GIVES A QUICK LOOK AT THE P. D. LAL BEGOND
COMMUNISTS HAD A HIT ON HIM AT THE UNIVERSITY. THE YOUNG STUDENT
SAID THE COMMUNISTS HAD FOUND "MANY BLACK MARKS" AGAINST HIM IN
A FIVE-YEAR RECORD COVERING ALL PHASES OF HIS DAILY ACTIVITIES.
FROM TRIPS ABROAD WITH THE FENCING TEAM TO CONVERSATIONS IN
CAFFERANTS.

IN YOUNG ORLEY'S VIEW, IT WAS ONLY BECAUSE HE HAD WON THE WORLD
SIDS CHAMPIONSHIP AT CREMONA, ITALY IN 1956 AND BECAUSE
HE HAD KEPT UP HIS STUDIES AS A BADLY NEEDED STUDENT OF PHARMACY
THAT ACTION HAD NOT BEEN TAKEN AGAINST HIM.

AT THE TIME ORLEY AND HIS FRIEND DECIDED TO HEAD FOR THE BORDER,
SAID SOME 40,000 HUNGARIANS ALREADY HAD FLED TO AUSTRIA. THOSE
WHO HAD LIVED NEAR ENOUGH TO THE BORDER KNEW THE LAND AND MADE
THEIR WAY TO FREEDOM WITH LITTLE OPPOSITION. BUT OTHERS HAD TO
WALK THEIR WAY FROM BUDAPEST.

ON NOVEMBER 19, THOMAS AND HIS FRIEND DRESSED IN WORKERS
CLOTHING AND MANAGED TO BOARD A TRAIN—ONE OF THE FEW STILL
TRADING TO THE WEST. THEY TRAVELED TO THE FIRST TOWN OUTSIDE
BUDAPEST WITHOUT BEING STOPPED. THERE, THEY HITCHED A RIDE WITH
A TRUCK DRIVER WHO WAS HEADED FOR THE BORDER AND ASKED NO
QUESTIONS. ALTHOUGH THEY WERE STOPPED "SIX OR SEVEN TIMES" BY
THE SOVIET SOLDIERS THEY TRAVELED WITH THE TRUCK TO WITHIN 30
MILES OF THE BORDER.

FOR THE FINAL STRETCH THE TWO ESCAPING STUDENTS WERE JOINED
BY A YOUNG COUPLE. ALL FOUR OF THEM TRAVELED BY FOOT FOR TWO
DAYS TO COVER THEIR LAST 90 MILES.

YOUNG ORLEY SAID THE RISKS HAD BEEN REMOVED FROM THE BORDER,
BUT BETWEEN THE WATCH TOWERS OF THE GUARDS AND THE REPORTERS

14 00000

THERE WAS A DANGEROUS WEB STRETCH OF LAND WITHIN A 50 RIFLE SHOT. AS THE FOUR BALKED ACROSS THE LAST CPTH STRETCH, SHOT RANG OUT. THE YOUNG WOMAN IN THEIR PARTY NEVER REACHED THE AUSTRIAN SIDE. ORLEY SAID THEY TRIED TO FIND OUT WHETHER SHE HAD BEEN KILLED. BUT WHEN THE AUSTRIANS RELATED THEIR QUERIES, THE COMMUNIST GUARDS DENIED THEY HAD FIRED A SINGLE SHOT.

ALL ALONG THEIR ESCAPE ROUTE, ORLEY RECALLED, FARMERS AND WORKERS, VIRTUALLY WITHOUT EXCEPTION, TOLD THEM WHICH ROADS WERE SAFEST AND WHERE THE SOVIET SOLDIERS WERE STANDING GUARD.

THE YOUNG ATHLETE "WILL NEVER FORGET HIS FEELING" ON REACHING AUSTRIA ALIVE. "IT WAS AS IF A GREAT ROCK HAD FALLEN FROM MY HEART AND EVERYONE COULD HEAR THE THUNDER," HE SAID.

ORLEY CONSIDERS HIMSELF "LUCKY" TO HAVE A CHANCE TO BUILD A NEW LIFE IN THE U.S. ON HIS TRIPS ABROAD WITH THE OLYMPIC TEAM, HE SAID, HE HAD HEARD MUCH ABOUT THE MODERN, PROGRESSIVE UNITED STATES. BUT WHAT HE DID NOT KNOW BEFOREHAND, HE EXPLAINED, WAS "THE WONDERFUL FREEDOM OF LIFE HERE." "I CAN SAY WHAT I CHOOSE AND WORK AT WHAT I CHOOSE," ORLEY POINTED OUT. "IF I WANT TO TRY TO BECOME A RICH MAN, I CAN DO IT, IF I PREFER TO LIVE A QUIET MODEST LIFE, I CAN DO THAT TOO."

THOMAS IS TEMPORARILY WORKING WITH THE INTERNATIONAL RESCUE COMMITTEE ON ITS HUNGARIAN REFUGEE RELIEF PROGRAM. IN FEBRUARY, HE HOPES TO BEGIN STUDYING CHEMISTRY AT THE CALIFORNIA INSTITUTE OF TECHNOLOGY. MEANTIME, HE HAS CONTACTED THREE OTHER HUNGARIAN OLYMPIC ATHLETES WHO ARE IN THE U.S. TOGETHER, THEY PLAN TO FORM A NEW RUNNING TEAM FOR WHICH SPORT RATHER THAN IDEOLOGY WILL BE THEIR INSPIRATION. ~~This~~ Practically the same requirement that is contained in the attached memo had previously been received from OCR as an USIA requirement. On the latter we told OCR (Sturbits) that since the names of the people given were not their correct names we could not take action on the requirement since we need the right names to get an FBI clearance. USIA later told OCR to consider the requirement withdrawn and USIA would contact the three people. I told Smigol's office of the USIA business and suggested that they contact USIA since it would look bad for all of us to be contacting the ~~xxx~~ three people about the same thing. The I.R.O. will pay my passage to any part of the world if I can produce definite proof & documents enabling me to enter a country for resettlement, they don't care which or where, provided it is friendly and will accept me. I must tell you something about this quaint and powerful organization - The International Refugee Organization for Displaced People. I.R.O. for short is equipped & maintained for the support and resettlement of foreigners who have fled their own country on account of aggression resulting from political differences. These people (all gentiles the Jews have a better and richer organization of their own) termed and classified as D.P. under I.R.O. are accorded every facilities, they have a hostel of their own, received a living allowance every month for every member of the family, plus an ~~allowance~~ extra for milk etc. for children. free hospitalization, doctors & medicines. The organization supply all that and also do their best for them by securing entry visa in different countries for their resettlement. All these privileged people do is to sit back and occasionally get drunk to celebrate their good fortune. Most of them are resettle one way or the other now, there are only very few remaining. The I.R.O started in 1946. When I first came across the name in 1950, I thought it was a God send as I also consider myself as a square peg in a round hole. Their organization were still open then. I went and interviewed their director, applying for resettlement not relief. Imagine my surprise when he told me that I cannot qualify for a D.P. He pointed out that

- 9 -

I am an unregistered citizen of the U.S.A. and as either myself nor my forebears can claim to have fled from any kind of aggression, I am clearly not eligible for their legal assistance, and must therefore apply to the American authorities myself for reparation. This fine point delivered with much dignity and profundity left me more dazed than enlightened when I left their office. Last year however, by careful observation and quoting precedent I managed to elicit a promise from them to pay for my passage aboard, when I receive my visa, but not being U.P. and registered with them I must arrange to get my own entry or destination visa for resettlement. I must also consider the passage money as a loan to be refunded when I am fully settled in a new country. I have agreed to all that George ~~has~~ it will lessened the burden I am already putting on you, but as I have said this organization will only start functioning for ^{when} when they received my destination visa for resettlement (damn that word and phrase) Once they have that in hand they will stand surely for me and my passage from Hong Kong, and the British Consulate here will issue me a transit visa for boarding a steamer in Hong Kong. When I land in the colony, I'll report to U.P.O. and apply for a change of destination if they feel that I have a good case they will approve it and still pay my passage to my new destination. This has been done before and are still being done now. There are at present quite a number of people waiting in Hong Kong, being processed for entry into the U.S.A. Do you think it necessary to mention in your application that I was interned

Alien Lead - Eva Kralovensky*Lead 5-5564*

1. The Washington Office has received a routine alien lead on Eva Kralovensky, age 23, born in Czechoslovakia, *F 5564*. "housewife", endorsed for US immigration by the International Rescue Committee. The Washington Office contacted one of its sources and learned that Miss Kralovensky was a stewardess on one of the three Czech airplanes which flew into West Germany (possibly West Berlin) about four or five years ago. We were also informed that she had been an employee of Radio Free Europe.

2. The Washington Office contacted Alien Branch (Sives) and asked if there was any reason to proceed further in locating Miss Kralovensky on the assumption that she was probably well-known in the intelligence community. Mr. Sives checked and informed the Washington Office that there would be no covert interest in Miss Kralovensky, and requested that her address be obtained and the appropriate field office be alerted for an alien contact.

3. The Washington source finally determined that Miss Kralovensky moved to California but at the end of two weeks finally settled in Reno, Nevada. She can be contacted at 521 W 6th Street, Reno, Nevada.

✓ The name of the young woman of USSR nationality referred to in SP-11362, paragraph 10, and employed by the National Resources Bureau is Miss Lydia DIMOVA, age 30 years. Her mother, presently residing in Harbin, is Mrs. Claudia Dimova. The Dimova family is well known to the source for more than 30 years and therefore the source feels that any information passed on to her by the young woman employee of the bureau might well be considered as reliable.

2. Prior to the departure of the source from Peiping, Miss Dimova visited her and pleaded with the source to assist in an effort that they might eventually get out of China. She begged her to register her name and the name of her mother with the United Nations, International Relief Organization, through the Reverend Stumpf of the Lutheran Church, World Federation of Churches at Granville Road in Hong Kong. Miss Dimova is desirous of setting up arrangements through IRO so that she and her mother may gain entry into Brazil. The source completed the necessary application on behalf of the Dimovas during her stay in Hong Kong.

American
Committee for Emigre Scholars - Source Lead.

1. In the event that you are not already in touch with Otto Zoff of the American Committee for Emigre Scholars, Writers, and Artists, 62 West 48th Street, New York City, we believe that you may find him and/or his organization a useful contact. It has come to our attention that Zoff from time to time recommends Russian language instructors to the Army Language School at the Presidio of Monterey, California. It occurred to us that Zoff would be in a position to provide you with numerous source leads on well educated aliens in the US. These men would include engineers, scientists, and teachers. Not only should he be able to give you the names of DPs in your area, but also those who have moved to areas covered by our other field offices. We know nothing further in regard to the Committee for Emigre Scholars (its backing, orientation, reliability).

2. Incidentally, we have a verbal agreement with the Commandant of the Army Language School that we will not use our access to the files of his current language instructors as a means of "raiding" his faculty, i.e., offering CIA employment to them. Therefore, this memorandum is not meant as a source lead for potential employees! Also, we feel that it would be preferable that you do not indicate to Zoff that you know that he recommends personnel to the Presidio of Monterey.

THE INTERNATIONAL RESCUE COMMITTEE

Since the start of the Cold War the International Rescue Committee has organized voluntary American assistance to aid refugees fleeing from Communist oppression.

When the tide of persons fleeing Soviet dominated countries into the free city of West Berlin reached more than 3,000 per day during the Spring of 1953, the Committee successfully marshalled more than \$700,000 in gifts and donations of clothing, drugs and other necessities. This earned the commendation of President Eisenhower and leaders throughout America.

As the historic emergency increases, the Committee's work continues to uphold America's belief in the inviolability of freedom.

The Turning Point

On June 17th, 1953 one of the most significant events of the 20th century took place. The inhabitants of the Soviet Zone of Germany rose in rebellion against their Communist overlords. For eight years they had been living under conditions of slavery and starvation.

The insurrection began in East Berlin on June 16th. It was begun initially by a few workers but within hours it had spread to every level of the population. By the 17th of June the uprising had spread throughout the East Zone—a completely unorganized, spontaneous revolt.

At 11:00 o'clock the morning of June 16th the workers in block 40, Stalin Allee, decided to organize a demonstration to protest the raising of the work norm by the regime. By 2:00 o'clock that same afternoon, the mob of people which had grown from 200 to over 20,000 became revolutionaries. Surging in front of the East Zone Government building in East Berlin, they demanded not only the lifting of the norms but free secret elections, the unification of Germany and the abdication of the East German government.

The stories contained here are the stories of a few of those brave men and women from East Germany who played leading roles in the revolt and had to flee to the West. They are representative of 4,000 leaders, many of whom have subsequently been sentenced to death by Communist courts. Some were intellectuals and professionals. Most of them were workmen. All are men who deserve the undying gratitude and support of free men everywhere.

Bare Fists Against Armed Might. Historical Proof of the Perennial, Inextinguishable Urge of the Human Heart for Freedom.

Stalin Allee Block 40 . . .

A CONSTRUCTION WORKER

(WOLFGANG TURTMANN was a building construction laborer working on Block 40, Stalin Allee.)

"When the work norms were increased the men were furious. We began daily to gather in small groups before and after work. The fear that had made us so cautious gradually began to dissolve. There was, after all, little more to lose.

"By the morning of June 16 we were resolute. As always, we entered the building on which we were working and took our stations. But this day we sat down and refused to work. There was no organization, no leader, but each man knew what had to be done. The foreman dashed in gaping with disbelief. His eyes turned to the spot where the norm increase order had been posted. Two men walked in with a freshly painted sign—'The Work Norms Must Be Decreased.' The courage of these men inspired the rest of us to action.

"A concrete worker leaped onto a heap of stones. 'I leave it to you as individuals! Those

who wish to demonstrate against the injustice of the norms, step to the right. Others go to the left! All chose the right. One man was sleeping with joy.

"Immediately we began to march in the street unafraid. We started out with 80 revolutionaries. By the time we arrived at the government building we were 6,000 strong. Over the tumult of the crowd, a man shouted into my ear, 'This is the most beautiful day of my life!'"

The "Free Youth" Revolt . . .

A 20-YEAR-OLD GIRL

(ELVA STARRE, an instructor within the Communist Youth Movement, [FDJ] is a dark-haired girl of twenty with pert, intelligent eyes.)

"As I stood in the crowd before the government building, a fellow instructor came up to me and told me to take careful note of the people sympathetic to the demonstration and give him a complete report that evening. I was embarrassed by his apparent hurry to leave the square and told him if he was so afraid for his life he had better jump on a tram in a hurry and get out.

"A few minutes later I forced my way through the crowd and jumped to the rostrum. Many people recognized me as a devoted member of the FDJ. They hooted and taunted me. Never before had I realized how hated the FDJ was. Infuriated by the refusal of the Communist leaders to appear and by the open cowardice of my male FDJ companion, I tore off my FDJ jacket and threw it to the ground. The jeers became cheers.

"I gathered my strength and shouted a warning to the crowd that members of the FDJ and SED were in the crowd and would not only try to dissuade them from the demonstration but also would report them. I shouted, 'Do not allow them to break you up! Stick together!' People began to examine their neighbors. Fist fights started as the hated Communists were spotted. I wanted to say more, but my strength was gone. A new life had begun for me."

The Revolt Spreads . . .

AN ENGINEER

(N.N., A Mechanical Engineer, Brandenburg.)

"There were only twenty in my group as we marched into the Brandenburg area. At that time we knew only that, according to a broadcast from West Berlin, the workers in East Berlin were on strike. Although we knew that strikers in the Communist Zone were considered political 'crimes' and punishable by two years in prison, we marched on with a feeling of exhilaration. As we strode along we beckoned to the people on the pavement and in a few minutes our number had increased to about five hundred.

"As we approached a factory protected by high iron gates we noticed employees shouting from the windows, 'We have been locked in. Come, help us. We will go with you.' A pile driver was found and we stormed the gates. The employers rushed out and embraced us.

"At this time, we still thought we were the only demonstrators in the city. As we neared the center of the city, we were amazed and overjoyed to find thousands of people converging from all directions. We had not fully realized that our people, constantly intimidated by spies and police controls, could rise up as one man without a strong central leadership, no weapons—nothing but determination and hope. We were overwhelmed at what we saw."

The Red Flag At Brandenburg Gate Comes Down . . .

A TRUCK DRIVER

(HORST BALLENTIN is a 20-year-old truck driver of East Berlin.)

"I looked down into the crowd and saw three Soviet officers looking helplessly upward as I climbed to the top of the tower and shinnied up the pole. I flung the flag to the ground with great contempt and watched the people tear it to pieces. They applauded and shouted in a way I had never heard before.

"Two hours later when I had the honor of installing the Bear Flag of West Berlin, the Russians had brought three tanks into the square. As I began pulling up the flag they began to fire. Somehow I was able to finish my task and jump to the ground. The flag of West Berlin was in its right place and, miraculously, I was safe."

At Magdeburg . . .

A BAND LEADER

(Hans Herzberg, band leader at the city theatre, was the strike leader under whose guidance the FDJ [Communist Youth Movement] office, Communist Party Headquarters and the home of the Chief Commissioner of Police were stormed. No event of the day impressed Hess as much as the occurrence at Magdeburg station.)

"After we disarmed the Vopos (People's Police) on duty at the station, we tore down the hated 'Passage of Interzone Dispatching Sign.' As though this in itself could accomplish the task, the crowd began shouting, 'There are no borders anymore.'

"As the interzonal train arrived in the station, the frightened passengers locked the doors and windows, fearing an attack by Communist soldiers and police. As soon as they saw our sign 'The SED is beaten,' the windows and doors were opened and the people burst out, embracing each other, shouting, crying and some even giving away their possessions in celebration, assuming that the union of the East and West was an accomplished fact.

"We asked them to spread the word along on their way to Berlin. At this time we still thought that rebellions were taking place only in Magdeburg and Berlin. We were jubilant a few hours later when we learned from RIAS (Voice of America) and NWDR (West Berlin station) that uprisings were occurring all over East Germany.

"The next train to arrive contained a prisoner car. After a few tense moments we managed to gain control of the train and get the cells open. One of the prisoners was a 74-year-

old farmer who was imprisoned a year before because he had not been able to meet his quota. He was speechless with fright and disbelief. When he was finally convinced that he was a free man, he broke down and wept, overcome with joy. I had to carry him away."

Prisoners Are Freed . . .

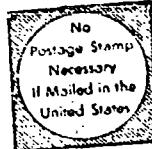

A LOCKSMITH

(WERNER MENGEISDORF is a locksmith. He led the heroic liberation of 80 political prisoners in Magdeburg.)

"A mob 3,000 strong stormed into the courtyard of the prison in Magdeburg. The prisoners pressed their worn, pale faces against the bars. A woman in the crowd started to scream as she recognized her husband who had been arrested only two days before.

"The wooden doors of the prison splintered under the weight of the surging crowd. The guards fled. The metal door to the cell block was pried open. Mengelsdorf called for the locksmiths and together they opened the cell doors. Indescribable scenes followed. One prisoner cried, 'Freedom! Freedom!', then fell to the floor crying. A young man sentenced to 25 years for crimes against the state stepped out of his cell into the arms of the girl to whom he had been engaged. Neither knew the other was there until the doors opened. They embraced, wordless.

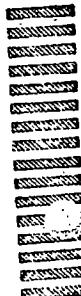

"Soviet tanks rumbled into the prison yard before all the prisoners could be released. Mengelsdorf himself barely escaped with his life. His only route of escape lay in swimming the Landwehrkanal which separates East and West Berlin at certain spots. He waited until dark and then made it, narrowly escaping death from Soviet bullets which peppered the water around him. He is today in one of the camps in West Berlin, destitute but resolved that one day will come when all of East Germany as well as the satellite countries will again be free."

IRON CURTAIN REFUGEE CAMPAIGN
RESettleMENT CAMPAIGN FOR EXILED PROfESSIOnALS

September 22, 1953

Dear Mr. Fondiller:

I have just returned from Berlin. I am reporting to you as one of many observers who are agreed that the weaponless men and women of Eastern Germany stand as the first line of defense between us and the tyranny of Soviet Power. The entire world is now aware of what has been happening in East Berlin and East Germany since June 17, 1953.

But do you know why this most remarkable revolution occurred - how these people just like the young couple next door, the truck driver down the street, the band leader - have been able to rebel against overwhelming odds? It is not only out of sheer desperation because of the insufferable conditions under which they have been living. People in the other satellites are suffering. These are people who are desperately weary of tyrants of all political shades and colors. Through the window of West Berlin we gave them hope for a better world and they have become our allies. We cannot let them down. When we do we have lowered the first defense in the battle against tyranny over the minds, hearts and bodies of men.

The enclosed personal accounts of the June 17th rebellions are dramatic proof of man's invincible desire for freedom. The International Rescue Committee is doing everything possible to aid these brave men and women including some of the resistance leaders and proscribed members of their families. We need your help to continue this vital work.

We are asking you to send us your contribution so that we may continue to sustain the bodies of these brave men and women in whom the flame of freedom is burning. The aid we are extending to them is a message the whole world understands. A message which says that we believe in the dignity and goodness of people enough to help them survive their worst times so that they can fight for better times.

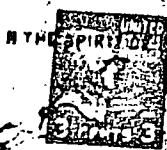

Sincerely,

Leo Cherne A 3107

1. We made an informal inquiry of the New York League for the Hard of Hearing to determine (a) whether it would be possible to teach a ~~REBORN~~ person to lip-read sufficiently; (b) whether it would be possible to teach lip-reading to a person who is losing his hearing, and (c), if so, approximately how long it would take and how much such training would cost.

2. We have found that it is possible to teach both hearing persons and persons who are in the process of losing their hearing to lip-read profitably. At no point into the problem were thoroughly the New York ~~League~~ could not tell us how long such training would take. We observed that single phrases can be learned in a short time. Also, we found that the League has taught lip reading to hearing persons in special cases which were described as "very confined blind patients". (It is felt that the FBI has used agents as lip-readers in the past and it is possible that they were the "special cases").

3. As the New York League for the Hard of Hearing operates under the State of New York Board of Education we were unable to determine the cost of lip-reading training in our informal inquiry. If we could have more details, we could try to obtain more definite information.

4. If you have any questions or comments, please contact Miss Webster in extension 2761.

AND (B) IT IS ALSO POSSIBLE TO TEACH A PERSON LIP-READING WHO IS IN

MORE DEEPLY SOURCE COULD NOT SPECIFY THE LENGTH OF TIME IT WOULD TAKE

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Contact Division
 FOR : Alien Branch (Czajkowski) 337500
 FROM : Chief, New York Office 5-5524

SUBJECT: Concern about Physical Security of A. 5524
Gisela Wassiliew, IRC Representative in Berlin

REF : Our TK NY-9780, dated 30 Nov 51 (to Alien Branch)

DATE: 27 February 1953

1. In reference wire, David Martin recommended subject individual (whose name he spelled "Wasiljew") for contact by this office. Martin described this German national, wife of a Russian DP then and now in the US, as "exceptionally capable, intelligent, with rare political understanding". She has been director of the Berlin office of the International Rescue Committee for some three years (perhaps longer). As you know, the IRC has been prominent for aid given to West Berlin and is currently in the midst of a campaign for aid to refugees arriving there in increasing numbers from the East.
2. Mr. Becker, present executive director of the IRC, has passed on to us a letter from Mrs. Wassiliew, dated 23 February 1953, in which she reports alleged attempts on the part of "the East" to kidnap her. In view of her activities and her connection with Rainer Hildebrandt's Kampfgruppe gegen Unmenschlichkeit, there may be some basis for her fears. Mr. Becker, who knows her as a calm person not given to hysterics, is deeply concerned about her safety and has stated that he would have replaced her with a U.S. citizen if it were not so difficult to find a qualified successor. He has requested that we communicate with any U.S. agency or department in a position to provide physical security for persons representing U.S. interests in Berlin.
3. We have promised Mr. Becker to pass on his request to our superiors, but we told him that we were not aware of CIA facilities abroad or of CIA responsibility for coordinating action abroad with other appropriate US Government agencies. We therefore suggested that Mr. Becker himself communicate with such agencies to the best of his ability and did not commit CIA to any action upon his request.
4. If, in your judgment, the covert staffs might be interested in this problem or a justifiable representation to other agencies (e.g. Defense or State) can be made, we feel that such action would serve U.S. security interests and, incidentally, benefit IRC in a measurable way. We are attaching Mrs. Wasiliew's letter for whatever use you care to make of it.
5. This office has had no contact with Mr. or Mrs. Wassiliew, and these individuals are not aware of any possible CIA interest, to the best of our knowledge.
6. Please advise whether there is anything you can do, whether Mr. Becker should approach another Government agency (if he has not done so in the meantime), and what reaction, if any, we may pass on to Becker.

Memo to: BE (cc: Munich, Frankfurt)
From: Gisels (Vassiliev)
(3. Emserstr., Berlin Wilmersdorf
Germany)

Dear Abe:

I am sorry that I must bother you with my personal problems, but since I don't know what to do under the present circumstances I am begging you for understanding.

As you know I always had trouble with "the other side". If somebody works in this field he must be endangered after a certain time. I believe I told you about the calls in Russian and about the spies who are constantly around me since about 1951. I am used always to be on the alert and to look around me carefully, this is the only thing I can do. In addition to that I bought a dog in the summer of last year.

Since about four months the attempts of the East to get have increased. I had several rencontres with them and have informed the police. But since we have so many people here in Berlin who have good reasons to feel endangered they cannot watch everybody constantly and the person in question is more or less left to his own measures.

Last Wednesday night I ran into a situation which would have meant the end for me if a friend of mine had not happened to be with me. This way they did not dare to because they are accustomed to see me always walking alone; and cars and helpers disappeared (not around). I have reported my situation again to the police, they promised to do what they can, but it is so that I have to work out something that makes it a little more difficult for them to complete their plan.

With friends who work in the same field and who know about these things I have worked out the following: I must sell my dog and buy a sharper one. When I bought him in July last year the situation was completely different. I did it merely as a measure of precaution not because I had proofs of the danger I was living under. For this purpose he is good but not for the purpose for which I need him now; he is not sharp enough. They have already calculated my dog into the plan. I absolutely need another much sharper one. But I must tell you frankly that even if I sell my dog I would not be able to buy the new one, because they are terribly expensive. Then I have decided that I cannot go to the office and come home alone anymore. I can move from one of my friends to the other for a certain time but not constantly. A friend of the Committee will pick me up every morning and bring me home at night in his car. In the meantime I'll talk to Mrs. Wolff of Arbeiterwohlfahrt, who has an office car and arrange with her that her driver pick me up. But this will take some time until I have reached her and discussed the matter with her.

Please don't believe that I am hysterical, on the contrary. But now it is so that I not only feel endangered but I have knowledge of their intentions and I am sure I would not get out again, once they have had hold of me.

Cordially yours,

/s/ Gisels
